## **Recommended Conditions of Consent**

## CONDITIONS OF CONSENT

### SCHEDULE 1A

#### APPROVED DEVELOPMENT/DESIGN MODIFICATIONS/COVENANTS AND CONTRIBUTIONS/USE AND OPERATION

**Note:** Some conditions in Schedule 1A are to be satisfied prior to issue of a Construction Certificate and some are to be satisfied prior to issue of Occupation Certificate, where indicated.

#### (1) APPROVED DEVELOPMENT

- (a) Development must be in accordance with Development Application No. D/2022/101 dated 18 February 2022 and the following drawings:

Drawing Number	Drawing Name	Date
AD.18.0200 Revision E	Demolition Plan – Level 02	15/02/2022
AD.18.0300 Revision E	Demolition Plan – Level 03	15/02/2022
AD.20.0200 Revision L	GA Plan – Level 02 - Overall	19/04/2022
AD.20.0300 Revision L	GA Plan – Level 03 - Overall	19/04/2022
AD.42.0001 Revision D	GA Sections – Sheet 1	10/02/2022
AD.42.0002 Revision D	GA Sections – Sheet 2	10/02/2022
AD.43.0001 Revision A	Solid Perimeter Walls Detail	19/04/2022

and as amended by the conditions of this consent.

- (b) In the event of any inconsistency between the approved plans and supplementary documentation, the plans will prevail.

#### (2) SECTION 7.12 CONTRIBUTIONS PAYABLE – SUBMITTED AND VERIFIED PRIOR TO ISSUE OF CONSTRUCTION CERTIFICATE

A monetary contribution is payable to the City of Sydney pursuant to Section 7.12 of the *Environmental Planning and Assessment Act 1979* and the *Central Sydney Development Contributions Plan 2020*.

The Section 7.12 levy is determined by the development cost, as per the following table:

Development cost *	Levy
Up to and including \$250,000	NIL
More than \$250,000, up to and including \$500,000	1%
More than \$500,000, up to and including \$1,000,000	2%
More than \$1,000,000	2%

The Section 7.12 levy is payable to the City of Sydney in accordance with the following:

- (a) Prior to a Construction Certificate being issued, evidence must be provided of Council's written verification of the amount of the contribution as required in (b) below, and that the levy has been paid to the Council in accordance with this condition. Payment may be by EFTPOS (debit card only), CASH or a BANK CHEQUE made payable to the City of Sydney. Direct debit, personal or company cheques will not be accepted.
- (b) The contribution must not be paid to the City of Sydney until it is accompanied by separate written verification by the City of Sydney of the specific amount payable. In order to obtain such verification, one of the following must be submitted:
  - (i) **For development between \$250,000 and \$3,000,000** – the City of Sydney *Cost Summary Report* must be completed by a suitably qualified person such as the Project Architect or Project Manager and submitted to the City of Sydney together with the copies of the plans the subject of the application for the Construction Certificate. An electronic copy of the *Cost Summary Report* is available from the City's website at [www.cityofsydney.nsw.gov.au](http://www.cityofsydney.nsw.gov.au); or
  - (ii) **For development more than \$3,000,000** – The City of Sydney *Registered Quantity Surveyor's Detailed Cost Report* must be completed by a Quantity Surveyor registered with the Australian Institute of Quantity Surveyors or a person who can demonstrate an equivalent qualification and submitted to the City of Sydney together with the copies of the plans the subject of the application for the Construction Certificate. An electronic copy of the *Registered Quantity Surveyor's Detailed Cost Report* is available from the City's website at [www.cityofsydney.nsw.gov.au](http://www.cityofsydney.nsw.gov.au).
- (c) The Council will consider the documentation submitted under subclause (b) and determine the cost of the proposed development having regard to

the information submitted and to such other matters as it considers appropriate and will notify the Accredited Certifier accordingly.

- (d) The development cost is to be determined in accordance with Section 2.3 of the Central Sydney Development Contributions Plan 2020, located in the version in force at the date of the grant of this consent.

Please contact Council's Planning Administration staff at [Planningsystemsadmin@cityofsydney.nsw.gov.au](mailto:Planningsystemsadmin@cityofsydney.nsw.gov.au) to request a written Statement of Contributions Owing, prior to payment.

### **(3) HOURS OF OPERATION - SENSITIVE USES**

The hours of operation are regulated as follows:

- (a) The hours of operation must be restricted to between 7.00am and 11.00pm Monday to Sunday.
- (b) Notwithstanding (a) above, the use may operate between 11.00pm and 12.00midnight between Sunday to Thursday, 11.00pm to 2.00am on the following Friday, Saturday, Public Holidays and the day before Public Holidays, 11.00pm to 5.00am on the twelve functions per year, for a trial period of one year from the date of the issue of the Occupation Certificate. Council's Health and Building Unit is to be informed in writing of the date of commencement of the trial hours. Email notification is to be sent to [liquor@cityofsydney.nsw.gov.au](mailto:liquor@cityofsydney.nsw.gov.au)
- (c) A further application may be lodged to continue the operating hours outlined in (b) above not less than 30 days before the end of the trial period. Council's consideration of a proposed continuation and/or extension of the hours permitted by the trial will be based on, among other things, the performance of the operator in relation to the compliance with development consent conditions, any substantiated complaints received and any views expressed by the Police.

### **(4) MAXIMUM CAPACITY OF PERSONS**

- (a) The maximum number of persons (including staff, patrons and performers) permitted in the premises at any one time is 1,054 persons.
- (b) The maximum number of persons at Level 2 is 710 persons. The maximum number of persons at Level 3 is 344 persons. The capacity for each area shall not exceed the maximum numbers at any given time.
- (c) The manager/licensee is responsible for ensuring the number of persons in the premises does not exceed that specified above.
- (d) A sign in letters not less than 25mm in height must be fixed at the main entry point to the premises alongside the Licensee's name stating the maximum number of persons, as specified in the development consent, that are permitted in the building. Details are to be provided to the satisfaction of the Principal Certifier prior to issue of a Construction Certificate.

Note: Clause 98D of the *Environmental Planning and Assessment Regulation 2000* requires a sign specifying maximum number of persons

permitted in the building to be displayed in a prominent position for the following types of premises:

- (i) entertainment venue;
- (ii) function centre;
- (iii) pub;
- (iv) registered club; and
- (v) restaurant.

#### **(5) COPIES OF CONSENTS AND MANAGEMENT PLANS**

A full and current copy of all current development consents for the operation of the licensed premises, and the Plan of Management and the Security Management Plan must be kept on-site and made available to Police or Council Officers, or Special Investigator upon request.

#### **(6) PLAN OF MANAGEMENT**

- (a) The use must always be operated / managed in accordance with the Plan of Management, prepared by Fortress Sydney signed and dated 18 May 2022 (Council Record: 2022/287983) that has been approved by Council. In the event of any inconsistency, the conditions of this consent will prevail over the Plan of Management.
- (b) All entry and exit to the premises must be accessed via Broadway after midnight.

#### **(7) SECURITY AND QUEUING – CATEGORY A LICENSED PREMISES**

- (a) Security guards are to be provided at the premises on Friday, Saturday, Public Holidays and the day preceding a public holiday from 7:00pm at a minimum ratio of 1 security staff member to 100 patrons or part thereof.
- (b) Security guards are to be provided at the premises on Sunday to Thursday from 7:00pm at a minimum ratio of 1 security staff member to 100 patrons or part thereof up to 400 patrons and then one additional security staff member per 200 patrons thereafter.
- (c) Security guards are to be provided at the premises on the 12 function nights from 7:00pm at a minimum ratio of 1 security staff member to 100 patrons or part thereof.
- (d) Security personnel shall remain at the premises for at least 30 minutes after closing and shall assist in ensuring that patrons leave quietly.
- (e) All licensed security officers whilst employed at the premises are to wear clearly identifiable security attire at all times, with the word "SECURITY" clearly identifiable in bold print at least 100mm high, on the front and back.
- (f) When more than one security guard is on duty, security officers and management shall communicate by hand held radios at all times.

## **(8) INCIDENTS – RECORDING AND NOTIFICATION**

The manager/licensee must ensure that all incidents involving staff members (including security personnel) are recorded in the incident register maintained on site, including incidents involving physical contact between staff and patrons, physical restraint of patrons and/or the ejection of patrons from the premises.

## **(9) SURVEILLANCE CAMERAS**

- (a) CCTV surveillance cameras shall be strategically installed, operated and maintained throughout the premises with particular coverage to:
  - (i) principal entrance/s and exits;
  - (ii) all areas within the premise occupied by the public (excluding toilets);
  - (iii) staircases in multilevel premises; and
  - (iv) the area within a 10m radius external to the public entrance(s) to the premise.
- (b) Suitable and clearly visible signage shall be displayed at the principal entrance(s) to the premise and in a prominent position on each floor accessible to the public, in lettering not less than 50mm in height with the words "Closed Circuit Television in use on these premises".
- (c) All CCTV recording equipment and cameras shall be of high grade digital quality capable of establishing the population and identification of patrons, offenders and incidents within the depth of field view of the cameras. In this respect each surveillance camera shall be capable of recording a minimum rate of 10 frames per second and at high resolution.
- (d) CCTV recording discs or hard drive recordings shall be retained for 28 days before being re-used, destroyed or deleted. Time and date shall be auto recorded on the disc or hard drive. The CCTV recording equipment shall be capable of reproducing a CD, DVD, USB or other appropriate digital copy of recorded footage on demand of Council or Police Officers either immediately or within 12 hours of the request being made. Copy discs must be handed to Council, Police Officer or Special Inspectors as required.
- (e) All CCTV recording devices and cameras shall be checked daily to ensure the equipment is operating correctly. The Licensee shall record this daily checking activity in the security/incident register book that meets the standards required by the Licensing Police and Council. If it is discovered at any time that the equipment is not in full operating order all reasonable steps must be taken to repair the system as soon as practicable. Where the system will not be functioning in full operating order for a period of longer than 24 hours the manager/licensee is to notify the relevant Local Area Commander of the NSW Police.
- (f) All CCTV recording devices and cameras shall be operated at all times when the premises are open to the public and, where premises do not operate 24 hours a day, continuously for at least 1 hour prior to opening and closing times of the premises.

- (g) The CCTV recording device shall be secured within the premises and only be accessible to senior management personnel so as to maintain the integrity of the recorded footage. When the premises is operating there must be at least one staff member present at the premises who is authorised to access the CCTV system and able to immediately review recordings and produce copies.
- (h) Camera views are not to be obstructed by temporary or permanent structures, signage or other impediments.

**(10) QUEUING**

No persons are to be permitted to drink or queue outside the premises at any time. Security officers are to ensure that there is no queue for the premises and take all reasonable steps to ensure compliance with this condition.

**(11) NO SPEAKERS OR MUSIC OUTSIDE**

Speakers and/or noise amplification equipment must not be installed and music must not be played in any of the outdoor areas associated with the premises including the public domain. Speakers located within the premises must not be placed so as to direct the playing of music towards the outdoor areas associated with the premises.

**(12) NO SPRUIKING NOISE**

No persons (such as those commonly known as spruikers) or recordings or other devices which have the effect of spruiking are to be located on Council owned property. Furthermore, the sound level of any spruiking generated within privately owned land must not be audible on any adjacent property with a shared boundary.

**(13) NOISE FROM GLASS REMOVAL**

Glass must not be emptied or transferred from one receptacle to another anywhere in a public place. All glass must be emptied / transferred inside of the building on the premises and removed in containers.

**(14) GLASS CRUSHER**

All glass bottles and other glass waste must be reduced to glass shards (by way of a glass crusher located inside the premises) prior to the removal of such waste from the premises.

**(15) REMOVAL OF GLASS**

Patrons must be prevented from removing glasses, opened cans, bottles or alcohol from the premises (except from any approved bottle shop area) or approved outdoor dining area included in the boundaries of the licensed premises.

**(16) NEIGHBOURHOOD AMENITY**

- (a) Signs must be placed in clearly visible positions within the premises requesting patrons upon leaving the premises to do so quickly and quietly, having regard to maintaining the amenity of the area. The signage shall be in bold letters not less than 25mm in height on a contrasting background.

- (b) The management/licensee must ensure that the behaviour of patrons entering and leaving the premises does not detrimentally affect the amenity of the neighbourhood.

#### **(17) VISION PANELS TO ROOMS**

Clear and unobstructed glass panels must be provided and maintained in or immediately next to the door of each room to permit supervision by the licensee/management and staff. The glass panels shall be no less than 250mm in width and 250mm in height. They are to be located no less than 1.4 metres and no more than 1.6 metres from the floor and so located as to enable vision of the entire room.

#### **(18) CESSATION OF SERVICE**

The premises may be open for business only between the operating hours in condition 3 above. The operator must cease providing [food/alcohol/entertainment] at the premises 15 minutes before the required closing time.

#### **(19) SIGNS - SEPARATE DA REQUIRED**

A separate development application for any proposed signs (other than exempt or complying signs) must be submitted to and approved by Council prior to the erection or display of any such signs.

#### **(20) NOISE – COMMERCIAL PLANT / INDUSTRIAL DEVELOPMENT**

- (a) Noise from commercial plant and industrial development must not exceed a project amenity/intrusiveness noise level or maximum noise level in accordance with relevant requirements of the NSW EPA [Noise Policy for Industry 2017 \(NPfI\)](#) unless agreed to by the City's Area Planning Manager. Further:
  - (i) Background noise monitoring must be carried out in accordance with the long-term methodology in [Fact Sheet B](#) of the NPfI unless otherwise agreed by the City's Area Planning Manager.
  - (ii) Commercial plant is limited to heating, ventilation, air conditioning, refrigeration and energy generation equipment.
- (b) An  $L_{Aeq,15\text{ minute}}$  (noise level) emitted from the development must not exceed the  $L_{A90, 15\text{ minute}}$  (background noise level) by more than 3dB when assessed inside any habitable room of any affected residence or noise sensitive commercial premises at any time. Further:
  - (i) The noise level and the background noise level must both be measured with all external doors and windows of the affected residence closed.
  - (ii) Background noise measurements must not include noise from the development but may include noise from necessary ventilation at the affected premise.

- (c) Corrections in [Fact Sheet C](#) of the NPfI are applicable to relevant noise from the development measured in accordance with this condition, however duration corrections are excluded from commercial noise.

## **(21) USE OF INTRUSIVE APPLIANCES – NOT APPROVED**

This development consent does not extend to the use of appliances which emit noise of a highly intrusive nature (such as pile - drivers and hydraulic hammers) or are not listed in Groups B, C, D, E or F of Schedule 1 of the City of Sydney Code of Practice for Construction Hours/Noise 1992”.

A separate Section 4.55 application must be submitted to the Council for the use of any equipment of a highly intrusive nature (such as pile - drivers and hydraulic hammers) or are not listed in Groups B, C, D, E or F of Schedule 1 of the *City of Sydney Code of Practice for Construction Hours/Noise 1992*.

## **(22) VIBRATION**

Operation of the use is not to result in the transmission of any perceptible vibration to an occupiable area within a separate premise.

## **(23) NOISE - ENTERTAINMENT**

- (a) The  $L_{Aeq, 15 \text{ minute}}$  noise level from the use must not exceed the background noise level ( $L_{A90, 15 \text{ minute}}$ ) in any octave band (reference frequency 31.5 Hz to 8 kHz inclusive) by more than 5dB between 7.00am and 12.00 midnight when assessed at the boundary of any residential accommodation or tourist and visitor accommodation.
- (b) The  $L_{Aeq, 15 \text{ minute}}$  noise level from the use must not exceed the background noise level ( $L_{A90, 15 \text{ minute}}$ ) in any octave band (reference frequency 31.5 Hz to 8 kHz inclusive) between 12.00 midnight and 7.00am when assessed at the boundary of any residential accommodation or tourist and visitor accommodation.
- (c) Notwithstanding (a) above, the  $L_{Aeq, 15 \text{ minute}}$  noise level from the use must not exceed the greater of the following levels between 7am and 12 midnight inside any habitable room of a residential accommodation or tourist and visitor accommodation, or at any time in an affected commercial premises:
- (i) The existing internal  $L_{A90, 15 \text{ minute}}$  (from external sources excluding the use) in any octave band (reference frequency 31.5 Hz to 8 kHz inclusive). Or,
  - (ii) If the  $L_{Z90, 15 \text{ minute}}$  background level is below the hearing threshold curve (Tf - Table 1 of ISO 226 : 2003) in an above octave band, the lowest audible sound level ( $L_p$ ) of the Tf curve in that octave band shall become that octave’s  $L_{Zeq, 15 \text{ minute}}$  noise criteria level.
- (d) Notwithstanding (b) above, the  $L_{A1, 15 \text{ minute}}$  noise level from the use must not exceed the greater of the following sound pressure levels inside any habitable room between 12 midnight and 7am inside any habitable room of an affected residential accommodation or tourist and visitor accommodation:

- (i) The existing internal  $L_{A90, 15 \text{ minute}}$  (from external sources excluding the use) minus 10 dB in any octave band (reference frequency 31.5 Hz to 8 kHz inclusive) inside a habitable room of an affected residential accommodation or tourist and visitor accommodation. Or,
- (ii) If the  $L_{Z90, 15 \text{ minute}}$  minus 10 dB level is below the hearing threshold curve (Tf - Table 1 of ISO 226 : 2003) in an above octave band, the lowest audible sound level ( $L_p$ ) of the Tf curve in that octave band shall become that octave's  $L_{Z1 15 \text{ minute}}$  noise criteria level.

Note:  $L_{eq}$ ,  $L_{01}$ , and  $L_{90}$ , metrics and 'A' (weightings) are as per the definitions in the standard AS1055-20148. 'Z' means unweighted noise. An internal  $L_{A90}$  level must be determined in the absence of noise emitted by the use and be sufficiently representative of the receiver in a low noise level quiet state. External  $L_{A90}$  levels for planning must be established as per the long-term methodology in Fact Sheet B of the NPfl unless otherwise agreed by the City's Area Planning Manager.

**(24) COMPLIANCE WITH THE ACOUSTIC REPORT PRIOR TO CONSTRUCTION AND OR OCCUPATION CERTIFICATES**

- (a) All relevant performance parameters (including but not limited to requirements, engineering assumptions and recommendations) in the DA Acoustic Report prepared by Norman, Disney & Young, dated 11 Feb 2022, ref <\\tt.local.NDY\syd\w\s403xx\S4037\J-\24\Reports\rp211213s0010>, titled Fortress Sydney - Central Park Mall, Fortress Sydney Pty Ltd C/o APG, Council Ref 2022/064626 must be implemented in the development prior to the commencement of its use.
- (b) Prior to the issue of any relevant Construction Certificate, the final construction drawings and final construction methodology must be assessed and reported to be in accordance with the requirements of the DA Acoustic Report in (a) above, with reference to relevant documentation. This must be done by a Suitably Qualified Acoustic Consultant\* (see definition below). This work will be to the satisfaction of the accredited certifier.
- (c) Prior to the issue of any Occupation Certificate, a Suitably Qualified Acoustic Consultant\* is to provide a written Acoustic Verification Report to the satisfaction of the Principal Certifier that the development complies with the requirements set out in the Report and in (a) and (b) above.

Note: *Suitably Qualified Acoustic Consultant* means a consultant who possesses the qualifications to render them eligible for membership of the Australian Acoustical Society, Institution of Engineers Australia or the Association of Australian Acoustical Consultants at the grade of member firm.

- (d) All physical aspects of the building's structure installed in order to meet performance parameters in accordance with this condition must be maintained at all times.

## SCHEDULE 1B

### PRIOR TO CONSTRUCTION CERTIFICATE/COMMENCEMENT OF WORK/HEALTH AND BUILDING

#### (25) STRUCTURAL CERTIFICATION FOR EXISTING BUILDING – ALTERATIONS AND ADDITIONS

A qualified practising registered structural engineer must provide structural certification to Council (where Council is the Accredited Certifier) verifying that the existing structure can adequately support the proposed new loads and the structural design complies with the Structural Provisions of Part B1 (Vol 1) and Part 2.1 (Vol 2) of the *Building Code of Australia* prior to a Construction Certificate being issued. The proposed additional loads and/or alterations must not cause a decrease in the existing structural performance of the building including its performance under earthquake actions (AS1170.4).

#### (26) ADDITIONAL REQUIREMENTS ON PLANS – SINKS AND HAND WASH BASINS

Prior to the issue of Construction Certificate, amended scale plans confirming the position of all sinks and hand wash basins within the food premises must be submitted to and approved by Council's Health and Building Unit. The location and accessibility of sinks and hand wash basins must comply with the requirements of *AS4674 Design, Construction and Fit-out of Food Premises and Australia New Zealand Food Standards Code 3.2.3 – Food Premises and Equipment*.

#### (27) CONSTRUCTION AND FITOUT OF FOOD PREMISES

The construction, fit-out and finishes of the food premises must comply with Standard 3.2.3 of the Australian and New Zealand Food Standards Code under the *Food Act 2003* and AS 4674 – 2004 Design, Construction and Fit-out of Food Premises.

Note: Copies of AS 4674-2004 may be obtained from the Standards Australia Customer Service on telephone 1300 65 46 46 or by visiting the website [www.standards.com.au](http://www.standards.com.au).

Copies of the Food Standards Code (Australia) may be obtained by contacting the Food Standards Australia and New Zealand Authority on telephone (02) 6271 2222, email [info@foodstandards.gov.au](mailto:info@foodstandards.gov.au) or by visiting the website [www.foodstandards.gov.au](http://www.foodstandards.gov.au)

#### (28) COOLROOMS

Coolrooms, refrigerated chambers and strong-rooms must be constructed in accordance with G 1.2 of the *Building Code of Australia*, and:

- (a) The floor of the coolroom must be graded to the door and a floor trapped waste outlet must be located outside the coolroom as near as possible to the door opening.

- (b) All proposed shelving in the coolroom must be free-standing, constructed of galvanised steel angle section or other approved material with the lowest shelf at least 150mm clear of the floor.
- (c) The floor of the coolroom must be constructed of impermeable concrete or coated, topped or otherwise finished with an impervious material to a smooth even surface and coved at the intersections with the walls to a minimum radius of 25mm.
- (d) Must be fitted with a door that can be opened at all times from inside without a key.
- (e) An approved audible alarm device must be located outside the coolroom(s) but controllable only from within the coolroom(s) and must be able to achieve a sound pressure level outside the chamber or coolroom(s) of 90 dB(A) when measured 3 metres from a sounding device.

**(29) FOOD PREMISES – DETAILED PLANS**

- (a) Detailed and scaled plans of all kitchen, bar, food preparation, waste and storage areas, food handler toilets and all areas associated with the food business must be prepared in accordance with the *Australia New Zealand Food Standards Code – 3.2.3 – Food Premises and Equipment* under the *Food Act 2003* and *AS 4674 - Design, Construction and Fit-out of Food Premises*.
- (b) Prior to the issue of a Construction Certificate the plans required by (a) of this condition must be submitted to and approved in writing by the Accredited Certifier.

**(30) GREASE AND LIQUID WASTE TRAPS**

- (a) A grease trap as required by Sydney Water must be installed in accordance with the relevant Sydney Water requirements.
- (b) Prior to the issue of a Construction Certificate, plans and details are to be submitted to and approved by the Principal Certifier showing the following:
- (c) The grease trap is not located in any kitchen, food preparation or food storage areas;
  - (i) The grease trap is constructed and installed in a location which allows it to be easily and effectively cleaned and emptied; and
  - (ii) The grease trap is constructed and located as not to encourage the harbourage of pests and be effectively pest proofed.

Note: In-sink and in-floor waste bucket traps must be installed in all sinks and floor wastes in all commercial kitchens and food preparation areas. The installation of any grease traps and treatment equipment must be carried out by a suitably qualified and licensed plumber in accordance with the *Plumbing Code of Australia*.

**(31) NOTIFICATION OF CONDUCT OF FOOD BUSINESS**

- (a) The use must not commence until the food business has notified Council with their food business details in accordance with the *Food Act 2003* and *The Australia New Zealand Food Standards Code – 3.2.2 – Food Safety Practices and General Requirements, Clause 4*.
- (b) An Occupation Certificate must not be issued until such notification has been received by Council in accordance with Clause (a) of this condition.

Note: Registration forms are available on Council's website [www.cityofsydney.nsw.gov.au](http://www.cityofsydney.nsw.gov.au).

**(32) PERSONAL LOCKERS**

Clothing lockers or change rooms for staff must be provided in the premises or a dedicated, separate and isolated space for personal items must be provided in a separate location to the food handling and storage areas, in accordance with *AS4674 - Design, Construction and Fit out of Food Premises*.

**(33) SANITARY FACILITIES – FOOD PREMISES**

The sanitary facilities must be separated from all food handling areas via an airlock, self-closing door or mechanical ventilation in accordance with the provisions of the *Building Code of Australia*, Part F 3.1, 4.8 and 4.9.

**(34) TOILETS FOR FOOD HANDLERS**

- (a) Adequate toilet facilities must be available for food handlers working for the food business. Toilets and associated facilities must be provided in accordance with *AS4674 – Design, Construction and Fit-out of Food Premises* and the *Australia New Zealand Food Standards Code, 3.2.3 - Food Premises and Equipment*.
- (b) Details of the location of toilets which are provided exclusively for the use of food handlers and staff working at the business must be submitted for the approval of the Accredited Certifier prior to the issue of a Construction Certificate.
- (c) The toilet(s) must be provided with a hand wash basin, with hot and cold running water mixed through a common spout, hand wash soap, hygienic hand drying facilities and hands-free taps.

**(35) WASTE ROOMS (GENERAL WASTE AREAS)**

- (a) To ensure the adequate storage and collection of waste from the occupation of the building, all garbage and recyclable materials emanating from the premises must be stored in the designated waste storage area. The waste storage area must be designed and constructed in accordance with the following requirements to minimise odours, deter vermin, and protect surrounding areas:-
  - (i) Provided with a hose tap connected to the water supply.
  - (ii) Paved with impervious floor materials.

- (iii) Coved at the intersection of the floor and walls.
  - (iv) Graded and drained to a waste disposal system in accordance with the relevant regulatory authority (Sydney Water).
  - (v) Adequately ventilated (mechanically or naturally) so that odour emissions do not cause offensive odour as defined by the *Protection of the Environment Operations Act 1997*.
  - (vi) An adequate lighting system must be provided (natural or artificial) to the waste room to aid with cleaning and the detection of pest activity.
  - (vii) Fitted with appropriate interventions to meet fire safety standards in accordance with the *Building Code of Australia*.
- (b) Detailed plans and specifications for the construction of the waste storage area are to be submitted to the Certifying Authority with the Construction Certificate.

### **(36) WASTE STORAGE AREA**

- (a) To ensure the adequate storage and collection of waste from the food premises, all garbage and recyclable materials emanating from the premises must be stored in a designated waste storage area. The waste storage area must be designed and constructed in accordance with *AS 4674 – Design, Construction and Fit-out of Food Premises, Australia New Zealand Food Standards Code 3.2.3 – Food Premises and Equipment* and comply with the *Council Policy for Waste Minimisation in New Developments*, and must be:
- (i) Provided with a hose tap connected to the water supply.
  - (ii) Paved with impervious floor materials.
  - (iii) Coved at the intersection of the floor and walls.
  - (iv) Graded and drained to a waste disposal system in accordance with the requirements of the relevant regulatory authority (Sydney Water).
  - (v) Adequately ventilated (mechanically or naturally) so that odour emissions do not cause offensive odour or air pollution as defined by the *Protection of the Environment Operations Act 1997* or a nuisance.
  - (vi) Provided with the appropriate number and size of bins adequate for the storage of waste generated by the business, including recycling.
  - (vii) Appropriately managed to Council's satisfaction so that it does not attract pests or create litter.

Note: Fitted with appropriate interventions to meet fire safety standards in accordance with the *Building Code of Australia*.

- (b) Detailed plans and specifications for the construction of the waste storage area must be submitted to and approved by the Accredited Certifier prior

to the issue of the Construction Certificate and must be constructed in accordance with such plans and specifications prior to the issuance of any Occupation Certificate.

**(37) NO CHARCOAL OR SOLID FUEL COOKING**

No charcoal or solid fuel cooking is approved as part of this application.

For the purpose of this condition solid fuel cooking should be defined as any solid material used as a fuel to produce energy and provide heating through combustion for the purpose of cooking. Solid fuels will include but are not limited to wood, charcoal, peat, coal etc.

**(38) WASTE AND RECYCLING COLLECTION CONTRACT**

Prior to any Occupation Certificate being issued and/or commencement of the use, whichever is earlier, the building owner must ensure that there is a contract with a licensed contractor for the removal of **all waste**. No garbage is to be placed on the public way, e.g. footpaths, roadways, plazas, reserves, at any time.

**(39) WASTE AND RECYCLING MANAGEMENT - COMMERCIAL**

- (a) A Waste and Recycling Management Plan is to be approved by the Accredited Certifier prior to a Construction Certificate being issued. The plan must comply with the Council's *Guidelines for Waste Management in New Developments 2018*. All requirements of the approved Building Waste and Recycling Management Plan must be implemented during construction of the development.

**UPON COMPLETION OF THE DEVELOPMENT**

- (b) Prior to any Occupation Certificate being issued or the use commencing, whichever is earlier, the Principal Certifier must ensure that waste handling works have been completed in accordance with: the Waste and Recycling Management Plan; other relevant development consent conditions; and Council's *Guidelines for Waste Management in New Developments 2018*.

**(40) WASTE/RECYCLING COLLECTION**

The collection of waste and recycling must only occur during the designated zone collection times as outlined in the City's Waste Policy – Local Approvals Policy for Managing Waste in Public Places 2017.

**(41) WASTE AND RECYCLING MANAGEMENT – DEMOLITION AND CONSTRUCTION WASTE**

- (a) The proposal must comply with the relevant provisions of Council's *Guidelines for Waste Management in New Developments 2018* which requires facilities to minimise and manage waste and recycling generated by the proposal.

- (b) Demolition waste must be contained and stored within the boundaries of the development.
- (c) Waste dockets are to be retained to confirm and verify which facility received the material for recycling or disposal.
- (d) Waste dockets are to be retained to confirm and verify that at least eighty percent (80%) of demolition material diverted from landfill for re-use and recycling.

## **SCHEDULE 1C**

### **DURING CONSTRUCTION/PRIOR TO OCCUPATION/COMPLETION**

#### **(42) OCCUPATION CERTIFICATE TO BE SUBMITTED**

An Occupation Certificate must be obtained from the Principal Certifier and a copy submitted to Council prior to commencement of occupation or use of the whole or any part of a new building, an altered portion of, or an extension to an existing building.

#### **(43) HOURS OF WORK AND NOISE – OUTSIDE CBD**

The hours of construction and work on the development must be as follows:

- (a) All work, including building/demolition and excavation work, and activities in the vicinity of the site generating noise associated with preparation for the commencement of work (eg. loading and unloading of goods, transferring of tools etc) in connection with the proposed development must only be carried out between the hours of 7.30am and 5.30pm on Mondays to Fridays, inclusive, and 7.30am and 3.30pm on Saturdays, with safety inspections being permitted at 7.00am on work days, and no work must be carried out on Sundays or public holidays.
- (b) All work, including demolition, excavation and building work must comply with the City of Sydney Code of Practice for Construction Hours/Noise 1992 and Australian Standard 2436 - 2010 Guide to Noise Control on Construction, Maintenance and Demolition Sites.
- (c) Notwithstanding the above, the use of a crane for special operations, including the delivery of materials, hoisting of plant and equipment and erection and dismantling of on site tower cranes which warrant the on-street use of mobile cranes outside of above hours can occur, subject to a permit being issued by Council under Section 68 of the Local Government Act 1993 and/or Section 138 of the Roads Act 1993.

Note: Works may be undertaken outside of hours, where it is required to avoid the loss of life, damage to property, to prevent environmental harm and/or to avoid structural damage to the building. Written approval must be given by the Construction Regulation Unit, prior to works proceeding

The *City of Sydney Code of Practice for Construction Hours/Noise 1992* allows extended working hours subject to the approval of an application in accordance with the Code and under Section 4.55 of the *Environmental Planning and Assessment Act 1979*.

#### **(44) LOADING AND UNLOADING DURING CONSTRUCTION**

The following requirements apply:

- (a) All loading and unloading associated with construction activity must be accommodated on site, where possible.
- (b) If, it is not feasible for loading and unloading to take place on site, a Works Zone on the street may be considered by Council.

- (c) A Works Zone may be required if loading and unloading is not possible on site. If a Works Zone is warranted an application must be made to Council at least 8 weeks prior to commencement of work on the site. An approval for a Works Zone may be given for a specific period and certain hours of the days to meet the particular need for the site for such facilities at various stages of construction. The approval will be reviewed periodically for any adjustment necessitated by the progress of the construction activities.
- (d) In addition to any approved Works Zone, provision must be made for loading and unloading to be accommodated on site once the development has reached ground level.
- (e) The structural design of the building must allow the basement and/or the ground floor to be used as a loading and unloading area for the construction of the remainder of the development.
- (f) Where hoisting activity over the public place is proposed to be undertaken including hoisting from a Works Zone, a separate approval under Section 68 of the Local Government Act 1993 must be obtained.

**(45) COVERING OF LOADS**

All vehicles involved in the excavation and/or demolition process and departing the property with demolition materials, spoil or loose matter must have their loads fully covered before entering the public roadway.

**(46) NO OBSTRUCTION OF PUBLIC WAY**

The public way must not be obstructed by any materials, vehicles, waste receptacles, skip-bins or the like. Non-compliance with this requirement may result in the issue of a notice by Council to stop all work on the site.

**(47) ACCESS DRIVEWAYS TO BE CONSTRUCTED**

Approved driveways are to be constructed for all vehicular access to the construction site in accordance with the requirements of Council's "Driveway Specifications" to the satisfaction of Council.

**(48) USE OF MOBILE CRANES**

The following requirements apply:

- (a) Mobile cranes operating from the road must not be used as a method of demolishing or constructing a building.
- (b) For operations warranting the on-street use of mobile cranes (such as delivery of materials, hoisting of plant/equipment, erection and dismantling of onsite tower cranes, etc), permits must be obtained from Council for the use of a mobile crane. The permits must be obtained 48 hours beforehand for partial road closures which, in the opinion of Council will create minimal traffic disruptions and 4 weeks beforehand in the case of full road closures and partial road closures which, in the opinion of Council, will create significant traffic disruptions.

- (c) Special operations and the use of mobile cranes must comply with the approved hours of construction. Mobile cranes must not be delivered to the site prior to 7.30am without the prior approval of Council.

## SCHEDULE 2

### PRESCRIBED CONDITIONS

The prescribed conditions in accordance with Division 8A of the *Environmental Planning and Assessment Regulation 2021* apply:

- Clause 69 Compliance with *Building Code of Australia* and insurance requirements under the *Home Building Act 1989*
- Clause 70 Erection of signs
- Clause 71 Notification of *Home Building Act 1989* requirements
- Clause 72 Conditions relating to entertainment venues
- Clause 73 Conditions relating to maximum capacity signage
- Clause 74 Conditions relating to shoring and adequacy of adjoining property

Refer to the NSW State legislation for full text of the clauses under Division 2 conditions of the *Environmental Planning and Assessment Regulation 2021*. This can be accessed at: <http://www.legislation.nsw.gov.au>

## IMPORTANT ADDITIONAL INFORMATION

### Advisory notes:

1. It is advised that the City of Sydney Neighbourhood Parking Policy may apply to this development. Eligibility for parking permits for residents or users of the development will be determined by the terms of this policy or subsequent future policies.

### The Environmental Planning and Assessment Act 1979 requires you to:

1. Obtain a **Construction Certificate** prior to the commencement of any works. An application may be lodged with Council, or you may apply to a private accredited certifier for a Construction Certificate. An accredited certifier **must obtain Council's approval** to certain conditions of this development consent, where indicated before issuing the Construction Certificate.
2. ***It is compulsory to lodge digital copies of applications, including plans and documentation if lodging an application with Council. Please refer to Council's website for any further information about digital requirements and electronic files.***

**Note: All applications must be lodged via the NSW Planning Portal.**

3. Nominate a **Principal Certifier** which may be either Council or a registered certifier and notify Council of that appointment. You **cannot lawfully** commence works without complying with this requirement. Appointment must be made through the Planning Portal <https://www.planningportal.nsw.gov.au/>.
4. Give Council at least two days notice of your intention to commence the erection of a building **before** commencing construction works. You cannot lawfully commence works without complying with this requirement.
5. Obtain an **Occupation Certificate** before commencing occupation or commencing to use the building or on the completion of other works including the erection of a sign. You cannot lawfully commence occupation or the use of a building without complying with this requirement.

### You may also need to:

6. Obtain approval through the lodgement of an application under Section 68 of the *Local Government Act 1993* and Section 138 of the *Roads Act 1993* for an activity which is proposed to be undertaken in, on or above a road reservation (including footways). Such activities include:
  - (a) installation of hoardings/scaffolding;
  - (b) installation and/or alterations to advertising/business signs and street awnings;
  - (c) crane operation and other hoisting activities;
  - (d) temporary works (e.g.: barricading, road openings, mobile hoisting devices);
  - (e) works zone (for loading and unloading from the roadway); and
  - (f) temporary ground anchoring and shoring to support a roadway when excavating.

Application forms are available on the City's website.

7. Lodge an **Application for Subdivision** to obtain a **Subdivision Certificate** if a land (including stratum) subdivision is proposed and an Application for Subdivision to obtain **Strata Title Subdivision** under the relevant Strata Titles Act, if strata title of the development is proposed.
8. Comply with the Food Act 2003, the Australia New Zealand Food Standards Code, Australian Standard 4674 – 2004, and register the business with Council if the premises is used for the manufacture, preparation, packing, storing, conveying or delivering of food or beverage for sale.
9. Contact Sydney Water regarding the water and sewerage services to this development. For further information go to [www.sydneywater.com.au](http://www.sydneywater.com.au).
10. Carry out critical stage inspections in accordance with Section 6.5 of the EP&A Act 1979 and clauses 61, 63 and 65 of the Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021.
