Advice

Advice will be updated after the meeting.

Background

Place Management NSW (PMNSW) has requested endorsement for the change of parking times on Cumberland St. The Rocks.

The proposed changes will increase parking options and opportunities for retailers, visitors and businesses in the area therefore improving the customer experience.

BridgeClimb has commented about the lack of 4P parking in the area and when Sirius took over the adjacent parking as a work zone. This will cater to busy period of the operator.

Comments

PMNSW is undertaking a broad review of existing precinct parking signage, loading zones, drop off areas, taxi zones to support tenants in The Rocks. The strategy is to address and improve the overall customer experience for the precinct venues, hotels, and businesses. It will also see improvements for signage consistency to reduce confusion for users and public.

It is proposed to change the "Taxi Zone All Other Times" to "4P Ticket Meter 6-10pm Mon-Fri 1-10pm Sat & 8am-10pm Sun & Public Holidays" between the points 153 metre and 263 metre and reinstate a ticketless parking meter.

It is also proposed to change a section of the "8am-6pm Mon – Fri Authorised Commonwealth Vehicles Excepted" to "Mail Zone Mon-Fri" and "4P Ticket Meter 8am-10pm Sat Sun & Public Holidays".

This change map will improve opportunities for parking in the upper part of The Rocks precinct where the support of businesses and access to amenities is needed.

Parking signage will be updated, installed, managed and maintained by PMNSW in accordance with the relevant TfNSW guidelines.

Consultation

In developing this parking mix strategy, PMNSW has consulted with PMNSW Property Managers, Sirius Development, tenants and CBRE, the security / facilities contractor.

Financial

All costs associated with the parking spaces, signs and updates will be borne by PMNSW.
