

## Grants and Sponsorship - Innovation and Ideas Grant Program

**File No: S117676**

### Summary

The City of Sydney's Grants and Sponsorship Program supports initiatives and projects that build the social, cultural, environmental and economic life of the city. To achieve the objectives of Sustainable Sydney 2030-2050 Continuing the Vision, genuine partnership between government, business and the community is required.

The provision of grants and sponsorships is a mechanism to further the aims identified in the City's social, cultural, economic and environmental policies. Applications are assessed against these policies and against broad City objectives and plans. In this way, the City and the community act collaboratively to achieve the goals of Sustainable Sydney 2030-2050 Continuing the Vision.

The City advertised the Innovation and Ideas Grant program in the annual Grants and Sponsorship Program.

For the Innovation and Ideas Grant program, 55 eligible applications were received. This report recommends a total of 19 grants to a total value of \$589,448 in cash and \$15,425 value-in-kind for payment in the 2022/23 financial year.

On 22 August 2022, Council adopted a Grants and Sponsorship Policy. All grants in this report were assessed in accordance with the Grants and Sponsorship Policy, the Grants and Sponsorship Program Guidelines, the priorities set out in Sustainable Sydney 2030-2050 Continuing the Vision and various other relevant City strategies and action plans.

All grant recipients will be required to sign a contract, meet specific performance outcomes and acquit their grant. All figures in this report exclude GST.

## Grants assessment process

6. The City's Grants and Sponsorship Program is highly competitive. Applications that are not recommended have either not scored as highly against the assessment criteria as the recommended applications or have incomplete or insufficient information. The City's Grants and Sponsorship team provides feedback to unsuccessful applicants.
7. The assessment process includes advice and recommendations from a suitably qualified assessment panel. The applications are scored against defined assessment criteria for each grant program as well as the integrity of the proposed budget, project plan, partnerships, contributions and connection to the local community and industry sectors.

8. The assessment criteria for the Innovation and Ideas Grant program are:
  - evidence of the need for the project and proposed outcomes;
  - capacity and experience of the applicant to deliver the project;
  - demonstrated connection and benefit to the local area and communities;
  - evidence of diversity, inclusion and equity in the planning and delivery of the project; and
  - how the project delivers against the funding priorities.
9. The assessment meeting for the Innovation and Ideas Grant program was held on Wednesday 12 October 2022. The assessment panel consisted of City staff from the Strategy and Urban Analytics and Sustainability and Resilience Teams, with specialist input from City Access, City Business and Safety, City Greening and Leisure, Cleansing and Waste, Social City and Sustainability Programs Teams.
10. Once recommended applications are approved by Council, a contract is developed, which includes conditions that must be adhered to, and acquitted against.
11. It is expected that all successful applicants will work cooperatively with relevant City staff throughout the project for which they have received funding.
12. All grants and sponsorships are recommended on the condition that any required approvals, permits and development consents are obtained by the applicant.
