5. **PUBLIC ART**

5.1 Preliminary Public Art Plan

- (a) Following the Design Excellence Competition and prior to the submission of a Development Application for the Development, the Developer must develop and submit a Preliminary Public Art Plan (Preliminary Plan) to the City for approval. The Preliminary Plan must:
 - (i) be based on the approved Public Art Strategy;
 - (ii) be in accordance with the City's Guidelines for Public Art in Private Development;
 - (iii) include a clear outline for the procurement of artists to deliver the Public Art; and
 - (iv) identify the intended location and ownership of the Public Art.
- (b) If the Developer intends that the Public Art will be located on City Land, the City may:
 - (i) elect to accept ownership of the Public Art;
 - (ii) elect not to accept ownership of the Public Art and instead require the Developer to enter into an agreement for the Public Art installation, which may be either:
 - (A) a licence agreement for the Public Art which is installed on land classified as operational or community (including public reserves and Crown land); or
 - (B) a consent granted under the Roads Act 1993 for the Public Art which is installed on a roadway or footpath.
- (c) The parties agree that further design refinement to the Preliminary Plan may be necessary, having regard to:
 - (i) the extent to which the Preliminary Plan has been approved by the City;
 - (ii) conditions affecting the Preliminary Plan that were not reasonably capable of identification prior to the date of this document;
 - (iii) any conditions of any Development Consent granted that relates to the Development; and
 - (iv) the reasonable requirements of the City, including in regard to the Standards.

5.2 Detailed Public Art Plan

- (a) Prior to the issue of the first Construction Certificate for above ground works of the Development, the Developer must submit to the City's Representative for approval:

- (i) a Detailed Public Art Plan (Detailed Plan) based on the approved Preliminary Plan, and in accordance with the City's Guidelines for Public Art in Private Development; and
 - (ii) a detailed budget included in the Detailed Plan setting out the estimated cost of the Public Art.
- (b) Within 20 Business Days after the City's Representative has received the Detailed Plan including the detailed costs estimate, the City will inform the Developer in writing as to whether the Detailed Plan and costs estimate are approved. If the Detailed Plan or costs estimate are not approved, the City will inform the Developer in writing of what further information or modifications are required and the Developer will have a further 15 Business Days to re-submit the required information, following which the process outlined in this clause 5.2 will apply again.
- (c) Regarding the costs estimate, the Developer agrees that the City acting reasonably may:
- (i) require substantiation for the costs of items where the amount estimated is considered by the City to be excessive;
 - (ii) require an adjustment to the costs estimate to reflect a variation to the design required under this clause 5.2(c).
- (d) If the Developer:
- (i) fails to prepare the Detailed Plan or detailed costs estimate; or
 - (ii) does not provide further information or modify the Detailed Plan or detailed costs estimate,
- in accordance with this clause 5.2, then the City may exercise its rights under clause 10 of this document in order to carry out the Public Art itself at the cost of the Developer.
- (e) The Developer agrees that the scope of the Public Art may be adjusted following completion of the process set out in this clause 5.2

5.3 Preparation of and changes to the Detailed Plan

If the Public Art is to be installed on City Land:

 - (ii) provide the City with a copy of the construction design drawings.
- (b) The City, acting reasonably, may by written notice to the Developer at any time, approve, vary or direct the Developer to vary the construction design drawings so that the Developer's Works reflect:

- (i) the Standards;
 - (ii) a departure or discrepancy from the Plans approved under this clause 5; or
 - (iii) any other standard or specification for materials or methodology for carrying out works that is adopted by the City from time to time, provided that any direction given under this clause 5.3(b) does not significantly increase:
 - (A) the cost of that element of the Public Art; or
 - (B) the complexity of implementation of the Public Art that may lead to a significant delay in the completion of the Public Art.
- (c) Within 20 Business Days of receiving a notice from the City under clause 5.3(b), the Developer must:
- (i) to the extent practicable, use reasonable endeavours to comply with the notice given by the City; or
 - (ii) if the Developer determines that the notice given by the City is unreasonable or impracticable, notify a dispute in accordance with clause 11 of this document.

If the Developer does not provide any response during the 20 Business Days after receiving a notice from the City under clause 5.3(b) it is deemed that the Developer accepts the notice given by the City and will take all steps required to comply with the notice.

- (d) The City does not assume or owe any duty of care to the Developer in reviewing any design drawings submitted to it under this clause 5 or for any errors, omissions or non-compliance with this document.
- (e) No participation by the City in the development of, the review of, or comments on any design drawings submitted by the Developer will lessen or otherwise affect the Developer's obligations under this document or constitute an acknowledgement by the City that the Developer has complied with its obligations under this document.

For the avoidance of doubt this clause 5.3 only applies to Public Art which the City has elected to accept ownership of, or which is to be installed on City Land subject to an agreement between the City and the Developer.

This clause is not required if the Public Art is to be installed on private land.
