Advice

Advice will be updated after the meeting.

Background

The City's Draft Electrification Strategy and Action Plan identifies the need for a small supply of on-street electric vehicle charging in areas with limited access to off-street charging opportunities. The Draft Action Plan identifies the need to trial small-scale, on-street vehicle charging using low impact technology on power poles.

In collaboration with Ausgrid, the City is proposing a trial of on-street electrification vehicle charging using Ausgrid infrastructure in St Johns Road, Glebe. .

Comments

The kerb space on the northern side of St Johns Road, Glebe west Glebe Point Road where the changes are proposed, is currently signposted as "2P Ticket 8am-6pm Permit Holders Excepted Area G" and "4P Ticket 6pm-10pm Permit Holders Excepted Area G".

It is proposed to change parking at this location to "4P 8am-8pm Electric Vehicles Only While Charging" and "No Parking Electric Vehicles Excepted While Charging All Other Times".

The proposed parking changes would allow only electric vehicles to park while charging. This would be permitted for up to four hours of parking between 8am and 8pm, seven days a week. After 8pm electric vehicles can park for longer periods only while charging to allow for full charging.

Consultation

The City consulted local residents and businesses in the area. There were 213 letters sent out. The consultation period ends on Monday 13 February 2023. The report will be updated after the end of the public consultation.
