6.3 Inspection by the City

- (a) The City's Representative must inspect the Developer's Works and/or the Public Art within 5 Business Days of the date that the Completion Notice is received by the City. The City's Representative may refuse to complete the inspection until the Completion Notice has been issued with all required documentation attached in accordance with clause 6.2. 8. **DEFECTS LIABILITY**

8.1 Security for Defects Liability Period

Until the expiry of the relevant Defects Liability Period, the City may retain from the Guarantee an amount equal to 10% of the Attributed Value of the Public Benefits as security for the Developer's performance of its obligations under this clause 8. Provided that the City complies with this clause 9.2, the Developer must not object to the registration of this caveat and may not attempt to have the caveat removed from the certificate of title to the Land.
- (b) In exercising its rights under this clause 9.2 the City must do all things reasonably required to:
 - (i) remove the caveat from the Land once this document has been registered on the certificate of title to the Land; and

If after the formula is applied the revised Guarantee Amount will be less than the amount held at the preceding Adjustment Date, the Guarantee Amount will not be adjusted.

- (b) If the Guarantee Amount is adjusted under clause 10.2(a), the Developer is not required to provide the City with a replacement Guarantee for that revised Guarantee Amount until such time as the City notifies the Developer that the City is ready to exchange the then current Guarantee held by the City, following which the City and the Developer must promptly exchange the then current Guarantee held by the City with a replacement Guarantee for that revised Guarantee Amount from the Developer.

10.3 Right of City to claim on Guarantee

 - (i) prepare construction design drawings that comply with the Detailed Plan; and
 - (ii) provide the City with a copy of the construction design drawings.
- (b) The City, acting reasonably, may by written notice to the Developer at any time, approve, vary or direct the Developer to vary the construction design drawings so that the Developer's Works reflect:
 - (i) the Standards;
 - (ii) a departure or discrepancy from the Plans approved under this clause 5 of Schedule 3; or
 - (iii) any other standard or specification for materials or methodology for carrying out works that is adopted by the City from time to time, provided that any direction given under this clause 5.3(b)(iii) of Schedule 3 does not significantly increase:
 - (A) the cost of that element of the Public Art; or
 - (B) the complexity of implementation of the Public Art that may lead to a significant delay in the completion of the Public Art.
- (c) Within 20 Business Days of receiving a notice from the City under clause 5.3(b) of Schedule 3, the Developer must:
 - (i) to the extent practicable, use reasonable endeavours to comply with the notice given by the City; or
 - (ii) if the Developer determines that the notice given by the City is unreasonable or impracticable, notify a dispute in accordance with clause 11 of this document.

If the Developer does not provide any response during the 20 Business Days after receiving a notice from the City under clause 5.3(b) of Schedule 3, it is deemed that the Developer accepts the notice given by the City and will take all steps required to comply with the notice.

- (d) The City does not assume or owe any duty of care to the Developer in reviewing any design drawings submitted to it under this clause 5 of Schedule 3 or for any errors, omissions or non-compliance with this document.
- (e) No participation by the City in the development of, the review of, or comments on any design drawings submitted by the Developer will lessen or otherwise affect the Developer's obligations under this document or constitute an acknowledgement by the City that the Developer has complied with its obligations under this document.

For the avoidance of doubt this clause 5.3 only applies to Public Art which the City has elected to accept ownership of, or which is to be installed on City Land subject to an agreement between the City and the Developer.

This clause is not required if the Public Art is to be installed on private land.

Any failure by the City to identify a Defect, error or omission will not be construed as amounting to an acceptance by the City of the Defect, error or omission.

7. **STANDARDS**

The following list of Standards are included for information purposes only, and as a guide to the relevant standards for the general nature of the work identified as Developer's Works and Public Art in this document. The City makes no representation or warranty as to the currency of the standards identified, or their application on the final design of the Developer's Works and Public Art. The Developer must make its own enquiries regarding whether any standard has been replaced or supplemented. In the event that an Australian Standard prescribed a different level of material, finish, work or workmanship than those contained in a City standard, then the higher of the two standards will apply. If there is a conflict between City standards then the Developer must request the City nominate the correct and applicable City standard. The City's decision as to the applicable standard is final.
