**Advice**

Advice will be updated after the meeting.

**Background**

A member of the community has requested consideration of "No Parking" on the western side of Sydney Park Car Park, Sydney Park Road, Alexandria to allow visitors to use the area as a drop off and pick up area.

## **Comments**

Sydney Park Car Park was established several years ago and is privately owned by the Council but is used as "road related area".

The kerb space on the western side of Sydney Park Carpark, Sydney Park Road Alexandria, along the turning circle, where the changes are proposed, is currently signposted as "No Stopping".

The traffic flow in this carpark is one way and on-site inspection shows the lane width of the carpark is 11.2 metres wide which allows enough space for vehicles to safely pick up and drop off passengers without impacting traffic flow in this area.

## **Consultation**

The City consulted the appropriate City staff and are in support of the proposal.

## **Financial**

Funds are available in the current budget.
