Executive Summary

The City of Sydney (the City) has prepared this planning proposal in relation to two properties at 90 and 100-104 Brougham Street, Potts Point (the site) following a request from Harrphil Pty Ltd (Harrphil).

The properties are currently zoned R1 General Residential, which prohibits the use of the land for hotel and motel accommodation. The purpose of this planning proposal is to insert hotel and motel accommodation into Schedule 1 of the Sydney Local Environmental Plan 2012 (Sydney LEP) as an additional permitted use for the sites. In doing so this would allow for the consolidation of the site and adjoining properties at 92-98 Brougham Street and 171-173 Victoria Street, that together comprise a concept proposal for a hotel development called the 'Piccadilly Hotel'.

This planning proposal is subsequent to a previous planning proposal, PP-2020-1128, that was also part of the Piccadilly Hotel concept proposal. The purpose of this previous planning proposal was to permit hotel accommodation uses on the properties at 92-98 Brougham Street, which are in-between the properties subject to this planning proposal. The previous planning proposal was made in 2021.

This planning proposal explains the intent and justification for the proposed amendments to the Sydney LEP as applied to the site. It also provides a more detailed assessment of the proposal's strategic and site-specific merit.

1. Background

1.1. Proponent request

The City of Sydney has received a request from Harphill Pty Ltd seeking to amend the Sydney LEP 2012 to permit 'hotel and motel accommodation' uses on the properties at 90 and 100-104 Brougham Street, Potts Point.

Under the existing R1 General Residential zoning that applies to the land, 'hotel and motel accommodation' is a prohibited use on the subject sites. The proposed amendment is to remove the prohibition.

The proponent intends to repurpose the properties as hotel accommodation rooms. The proponent has not requested any change to the site's existing zoning or built form controls including maximum height of building or floor space ratio (FSR).

1.2. Site identification

This planning proposal relates to the properties at 90 and 100-104 Brougham Street, Potts Point. The legal definitions of these properties are summarised in below in Table 1.

Table 1: Legal descriptions of the affected properties

Address	Legal definition	Area (sqm)
90 Brougham Street	Lot 15 Sec 4 DP 28 Lot 1 DP 456813	190.3
100-104 Brougham Street	Lot 2 DP 82636 Lot 1 DP 57111 Lots 1, 3-4, 6-12, 14-22 and 24 SP 1560 Lots 25-28 SP 10531	556.4

90 Brougham Street is currently occupied by two contemporary three storey dwellings separated by a courtyard. The existing building at 100-104 Brougham Street is a four storey building with a total of 24 studio apartments above a ground-level covered carpark. The location of the properties is shown in Figure 1.

Figure 1. Aerial image showing the site's location

The site is located in Potts Point approximately two kilometres east of Central Sydney. Uses along Brougham Street are predominantly residential, and the most common building type is three storey terrace dwellings with dormer roofs. There is approval for a hotel use at 92-98 Brougham Street, which sits between these two properties.

The properties are highly accessible. They are 90 metres northwest of the Kings Cross train station, and close to Darlinghurst Road and William Street, which are both well serviced by bus routes.

The site's context is shown below in Figure 2.

Figure 2. Indicative plan showing the site's context and suburb boundaries

2. Existing planning controls

2.1 Zoning

The properties are currently zoned R1 Residential in Sydney LEP. Figure 3 shows the two properties outlined in blue. The pink area is the R1 General residential zone and the purple area is the B4 Mixed Use zone.

It is noted this planning proposal is subsequent to a previous planning proposal, PP-2020-1128, that came into effect 2021 and permitted hotel and motel accommodation on the properties at 92-98 Brougham Street, which are in-between the properties subject to this planning proposal, despite their RE1 zoning.

The R1 General residential zone permits a range of uses including residential, as well as neighbourhood shops, bed and breakfast accommodation, community facilities, hostels, shops, and food and drink premises. Hotel and motel accommodation is a prohibited use in the zone.

Figure 3. Excerpt of Sydney LEP zoning map

2.2 Development standards

The Sydney LEP determines principal development standards which apply to the properties. These include:

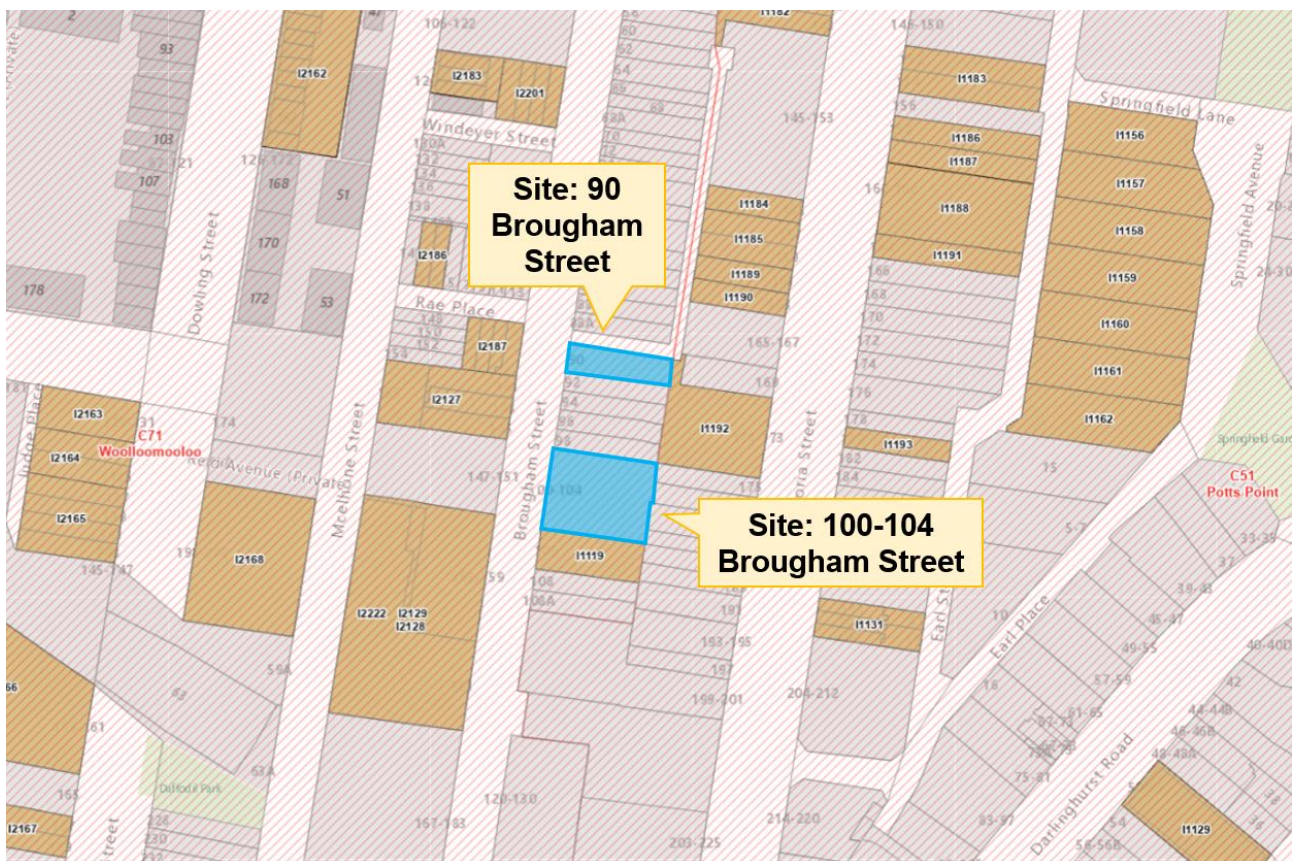

- a maximum building height of 12 metres, and;
- a maximum FSR applied of is 1.5:1.

2.3 Heritage

The subject properties, shown in blue at Figure 4, are not heritage items. They are located within the C71 Woolloomooloo conservation area, with 100-104 Brougham identified as a detracting element and 90 Brougham Street a neutral element in Sydney DCP 2012.

This planning proposal will not change any heritage controls that are applied to the land.

Figure 4. Indicative plan showing the locations of heritage items and the boundary of the heritage conservation area

3. Objectives and intended outcomes

The objective and intended outcome of this planning proposal is to amend Sydney LEP to allow hotel and motel accommodation on land comprising 90 and 100-104 Brougham Street, Potts Point. The land is zoned R1 General residential.

This will be achieved by adding 'hotel and motel accommodation' as an additional permitted use in Schedule 1 of Sydney LEP.

4. Explanation of provisions

To achieve the intended outcomes of this planning proposal, it is proposed to amend Schedule 1 of Sydney LEP to include 'hotel or motel accommodation' as an additional permitted use at 90 and 100-104 Brougham Street. A draft of the proposed amendment to Schedule 1 of the Sydney LEP is shown in **bold**, and ~~strikethrough~~ below:

9 Use of certain land at ~~92-98~~ **90-104** Brougham Street, Potts Point—

1. This clause applies to the following land at ~~92-98~~ **90-104** Brougham Street, Potts Point—
 - a) **Lot 15 Sec 4 DP 28, Lot 1 DP 456813,**
 - b) Lot 1, DP 724376,
 - c) Lot 1, DP 904094,
 - d) SP 17354,
 - e) Lot 100, DP 613011,
 - f) **Lots 25-28 in SP 10531 and Lots 1, 3-4, 6-12, 14-22, 24 in SP 1560**
2. Development for the purposes of hotel or motel accommodation is permitted with development consent.

5. Justification

Harphill Pty Ltd seek to incorporate their properties at 90 Brougham Street and 100-104 Brougham Street as part of an expanded hotel proposal for the Piccadilly Hotel (169-173 Victoria Street & 92-98 Brougham Street). Allowing 'hotel and motel accommodation' as additional uses on 90 Brougham Street and 100-104 Brougham Street would enable hotel use subject to future development consent.

The intention is to repurpose these properties as hotel accommodation rooms.

The extent of the future hotel is indicated in Figure 5 showing.

- The area within the orange outline comprises 169-173 Victoria Street & 92-98 Brougham Street. 169-173 Victoria Street is the original Piccadilly Hotel. These properties have development consent for a hotel use (D2021/927, approved 14 December 2022).
- The orange hatched area are former terrace houses at 92-98 Brougham Street.
- The blue coloured area is the properties subject to this planning proposal.

Figure 5. The Piccadilly Hotel

Strategic merit

This planning proposal would provide additional hotel accommodation rooms in a highly accessible location, contributing to the City’s tourist and visitor accommodation supply. By providing a buffer to nearby residences it will allow for an improved experience for hotel patrons by allowing greater use of courtyard space for eating and dining.

The proposal is consistent with the City’s Tourism Action Plan (2013) and Visitor Accommodation Action Plan (2015) which aim to facilitate development of additional visitor accommodation. It also aligns with The Eastern City District Plan which seeks to strengthen and grow a more competitive Harbour CBD through the growth of targeted industry sectors, including tourist and visitor accommodation. It will support priorities and actions in City Plan 2036 to drive job creation in the City Fringe area.

The properties at 90 and 100-104 Brougham Street currently comprise 2 contemporary three-bed dwellings and 24 private market studio apartments. The loss of these dwellings is and will not impact the overall supply of dwellings against the City’s housing targets.

Site-specific merit

Incorporating these properties in to an expanded hotel would provide a buffer between the future approved hotel use and neighbouring residences. It will allow for use of the courtyard area proposed for the hotel for outdoor dining without impacting on residential neighbours. The buffer between the expanded hotel and neighbouring residential properties will allow for easier management of any noise and privacy impacts that could arise. These will be assessed as part of any development application against the relevant planning controls. Any impacts will be managed through design approaches and plans of management which is partly made possible by the orientation of the apartments at 100-104 Brougham Street away from neighbouring properties.

This proposal does not propose any changes to the heritage, FSR or building height controls in Sydney LEP. No additional development potential is created through this proposal.

Section A – Need for the planning proposal

Question	City response
Q1. Is the planning proposal a result of any strategic study or report?	The planning proposal is consistent with the City’s Tourist and Visitor Action Plan and Visitation Action Plan. It supports the priorities and actions in City Plan 2036 and Sustainable Sydney 2030-2050.
Q2. Is the planning proposal the best means of achieving the objectives or intended outcomes, or is there a better way?	Yes. The main objective of this planning proposal is to allow hotel and motel accommodation uses on the site. A planning proposal is required to amend the Sydney LEP and insert this use into Schedule 1, which contains the Additional Permitted Uses.

Section B – Relationship to the strategic planning framework

Question	City response
Q3. Is the planning proposal consistent with the objectives and actions of the applicable regional or sub-regional strategy (including the Sydney Metropolitan Strategy and the exhibited draft strategies)?	Yes. The Greater Sydney Region Plan and the Eastern District City Plan are both prepared by the NSW Government and are the regional plans relevant to the site. This proposal will help support growth in the tourist and visitor economy sector.
Q4. Is the planning proposal consistent with a council's local strategy or other local strategic plan?	<p>Yes. The City's vision for land use and planning is set out within City Plan 2036, the City's local strategic planning statement, and Sustainable Sydney 2030-2050. It supports the City Plan 2036 for job growth, particularly within the City Fringe.</p> <p>The site is located in close proximity to the Oxford Street Cultural and Creative precinct. In addition to the supply of visitor accommodation nearby to this area, this planning proposal would support the City's strategic priorities for the precinct.</p>
Q5. Is the planning proposal consistent with applicable State Environmental Planning Policies (SEPPs)?	Yes, the planning proposal is consistent with applicable SEPPs.
Q6. Is the planning proposal consistent with applicable Ministerial Directions (s9.1 directions)?	Yes, the planning proposal is consistent with applicable Ministerial Directions.

Section C – Environmental, social and economic impact

Question	City response
Q7. Is there any likelihood that critical habitat or threatened species, populations or ecological communities, or their habitats, will be adversely affected as a result of the proposal?	No. The planning proposal will not result in any significant ecological impacts.
Q8. Are there any other likely environmental effects as a result of the planning proposal and how are they proposed to be managed?	No. The planning proposal is would not result in any other environmental effects.
Q9. Has the planning proposal adequately addressed any social and environmental effects?	The proposal is for the expansion of a small-scale and existing hotel use on an adjacent property. No significant social or environmental effects are likely as an outcome of this proposal.

Section D – State and Commonwealth interests

Question	City response
Q10. Is there adequate public infrastructure for the planning proposal?	Yes, there is adequate public infrastructure to support this planning proposal. It is noted that the site is located within close proximity to existing public and active transport infrastructure.
Q11. What are the views of the State and Commonwealth public authorities consulted in accordance with the Gateway determination?	The Gateway Determination will identify the public authorities to be consulted as part of the planning proposal process and any views expressed will be included in this planning proposal following consultation. Formal consultation has not yet commenced.

6. Mapping

No amendments to the current Sydney LEP maps are proposed.

7. Community consultation

This planning proposal is to be exhibited in accordance with the Gateway Determination once issued by the Department of Planning and Environment.

It is anticipated that the Gateway Determination will require public exhibition for a period of not less than 20 working days in accordance with the Environmental Planning and Assessment Act 1979 and s4.5 of the Department's guide to Preparing Local Environmental Plans.

Notification of the public exhibition will be consistent with the Gateway Determination and the City's Community Participation Plan. This will include publication on the City of Sydney website and notification via letters to surrounding owners and occupiers.

Consultation with relevant NSW agencies, authorities, and other referred entities will be undertaken if and where needed and in accordance with the Gateway Determination.

8. Project timeline

The anticipated timeline for the completion of the planning proposal is as follows:

Stage	Timeframe
Commencement / Gateway Determination	June 2023
Government agency consultation	July 2023
Public exhibition	July 2023
Consideration of submissions	August-September 2023
Post-exhibition consideration of proposal	October 2023
Draft and finalise LEP	November-December 2023
LEP made	January 2024
Plan forwarded to the Department of Planning and Environment for notification	January 2024
