Advice

Advice will be updated after the meeting.

Background

Green Garden Development No 1 Pty Ltd are redeveloping 13 Parker Street as a hotel (D/2018/509) and have requested consideration of "P5 Minute" on western side of Parker Street to facilitate pick up and drop off for hotel guests.

Comments

The kerb space on the western side of Parker Street between Hay Street and Barlow Street, where the changes are proposed, is currently signposted as "No Stopping".

The proposal is for a 12 metre "P5 Minute" parking restriction adjacent to the nearest 60-degree angled parking space. The developer has provided a turning movement analysis showing that a minibus can manoeuvre safely and has provided sufficient clearance to the nearest 60-degree parking space.

To improve on-street parking access for pick up and drop off for hotel guests, it is proposed to install 'P5 Minute' on the western side of Parker Street.

Consultation

The City consulted local residents and businesses in the area. There were 22 letters sent out with no response supporting or opposing the proposal.

Financial

All costs associated with the parking change will be borne by the Applicant.
