Advice

Advice will be updated after the meeting.

Background

The City is committed to providing dedicated parking for car sharing across the Local Government Area as part of a Council approved Car Share Policy. A submission has been received from GoGet for a car share space in Dalmeny Street, north of Banilung Street.

Comments

The kerb space on the eastern side of Dalmeny Avenue, between Banilung Street and Epsom Road, is currently signposted as "2P 8am-10pm". The proposed car share space will be located within an existing indented space protected by footway extensions to ensure clear visibility at all times.

The car share space will be installed and managed in accordance with Transport for New South Wales' Technical Direction 2018/001 and the provisions of the Council-approved Car Share Policy.

Car sharing is popular in more than 600 cities worldwide, and research has shown substantial environmental benefits. Car sharing reduces total urban driving, reduces household vehicle holdings, and increases walking, cycling and public transport use.

On average, each car share vehicle in the City can replace up to 12 private vehicles that would otherwise compete for parking.

Consultation

The City consulted local residents and businesses in the area. There were 395 letters sent out with no responses supporting or opposing the proposal.

Financial

All costs associated with the Car Share space installation will be borne by the Applicant.
