

**Item 33.****Parking - Electric Vehicle (EV) Parking - Huntley Street, Alexandria**

TRIM Container No.: 2023/420213

**Recommendations**

It is recommended that the Committee endorse the reallocation of parking on the southern side of Huntley Street, Alexandria between the points 77 metres and 89 metres (two car spaces) west of Bourke Road as "4P 8am-8pm Electric Vehicles Only While Charging" and "No Parking Electric Vehicles Excepted While Charging All Other Times".

**Advice**

Advice will be updated after the meeting.

**Background**

Council at its meeting on 26 June 2023, resolved to adopt the Electrification of Transport in the City Strategy and Action Plan. The strategy outlines key actions to support this transition, including, advocacy, and actions within the City's control.

Action 20 of the Strategy outlines that the City will work with private sector providers to trial paid on-street electric vehicle charging in residential areas with constrained private charging

opportunities. This should be cost neutral to the City and avoid negative impacts on the public domain and residential amenity.

In collaboration with Ausgrid and EVX who are the charging point operator, the City is undertaking a limited trial of dedicated on-street parking for electric vehicle charging using Ausgrid infrastructure in Huntley Street, Alexandria.

### **Comments**

The kerb space on the southern side of Huntley Street, Alexandria between Bourke and Euston Roads, where the changes are proposed, is currently unrestricted for parking.

It is proposed to change parking at this location to "4P 8am-8pm Electric Vehicles Only While Charging" and "No Parking Electric Vehicles Excepted While Charging All Other Times".

The proposed parking changes would allow only electric vehicles to park while charging. This would be permitted for up to four hours of parking between 8am and 8pm, seven days a week. After 8pm electric vehicles can park for longer periods only while charging to allow for full charging.

### **Consultation**

The City consulted local residents and businesses in the area. There were 164 letters sent out with no responses either supporting or opposing the proposal.

### **Financial**

Appropriate funding for the proposal will be secured once greater certainty on the installation timeline is reached.
