FOR DA ONLY
NOT FOR CONSTRUCTION - DESIGN INTENT ONLY

This drawing is to be read in conjunction with all relevant project documentation (incl. written architectural specifications) and all applicable consistent documentation (incl. but not limited to structural, mechanical, electrical, and hydraulic engineering documentation). Do not scale from this drawing. Only figured dimensions shall be used. Report any discrepancy between this drawing and other project documentation immediately to the architect for clarification prior to commencement of related work on site. All work of structural components that are shown on these architectural documents are for reference only. Refer to structural engineer's drawings for structural dimensions and architectural drawings for concrete set out dimensions. This drawing was to be completed for all members, primary and secondary trade items and reviewed by the architect and structural engineer where required prior to fabrication. Refer to the Architectural Drawing Note Page for further notation.
