This drawing is to be read in conjunction with all relevant project documentation (incl. written architectural specifications) and all applicable consultant documentation (incl. but not limited to structural, mechanical, electrical, and hydraulic engineering documentation). Do not scale from this drawing. Only figured dimensions shall be used. Report any discrepancy between this drawing and other project documentation immediately to the architect for clarification prior to commencement of related work on site. All levels of structural components that are shown on these architectural drawings are for reference only. Refer to structural engineer's drawings for structural dimensions and architectural drawings for concrete set out dimensions. This drawing is to be completed for all materials, primary and specified trade items and reviewed by the architect and structural engineer where required prior to fabrication. Refer to the Architectural Drawing Notes Page for further notation.
