Background

The City’s Inclusion (Disability) Action Plan 2021-2025 (IDAP) includes a series of actions designed to actively address barriers faced by people with disability.

One of the actions identified in the IDAP is to “continue to explore and implement strategies to increase access to on-street and off-street accessible parking and drop off points in the City of Sydney area”.

Therefore, the City is proposing to install "4P Mobility Parking Only 8am-10pm" in Missenden Road, Camperdown.

Comments

Missenden Road north of Brown Street is designated for two-way traffic flow, with an approximate width of 12.8 metres. The road and footway grades are relatively flat adjacent to this proposed space.

The kerb space, where the changes are proposed, is currently signposted as "2P Ticket 8am-6pm Mon-Fri, 4P Ticket 6pm-10pm Mon-Fri 8am-10pm Sat-Sun & Public Holidays, Permit Holders Excepted Area 22" on both sides of the street.

Under existing conditions, vehicles park on both sides of the street which reduces the trafficable lane for two-way traffic flow to an approximate width of 8.6 metres. The remaining width is allocated for on-street parking.

Footpaths (approximately 3.5 metres wide) are provided on both sides of the street.

The Australian Standard for on-street mobility parking (AS 2890.5 – 2020) requires spaces to be 7.8 metres long and 3.2 metres wide.

A 7.8 metre long bay is proposed and with consideration for the width of existing parking lane in Missenden Road, Camperdown, a 3.2 metre wide bay can be accommodated within the carriageway.

The City will investigate installing ramps at this site should the proposal be endorsed.
