NOTES
 Check and verify all dimensions prior to commencement of works, including fabrication and installation of the structure. The contractor shall ensure that the structure is installed in accordance with the approved plans and specifications. The contractor shall ensure that the structure is installed in accordance with the approved plans and specifications. If any discrepancies or conflicts arise, the contractor shall immediately notify the architect in writing. The architect shall be responsible for providing the necessary permits and approvals for the structure. This drawing is for informational purposes only and does not constitute a contract. All dimensions shall take precedence over verbal dimensions.
