Advice

Advice will be updated after the meeting.

Background

The recent construction of a new kerb extension on the corner of southern side of Renwick Street at Suttor Street has reduced the space available for the community bus to pull in and out in the adjacent existing "No Parking 8.30am-6pm Mon-Fri Council Vehicles Excepted" zone. Therefore, an extension of the length of space of this parking zone is required.

Comments

The kerb space on the southern side of Renwick Street, east of Suttor Street, where the changes are proposed, is currently "2P 8am-6pm Mon-Fri Permit Holders Excepted Area 36".

The construction of a new kerb extension on southern side of Renwick Street has reduced the ability of the community bus to pull in and out in the adjacent "No Parking 8.30am-6pm Mon-Fri Council Vehicles Excepted" parking, therefore, the City is considering to extend the existing designated Council Bus parking by 5 metres to ensure a bus can access parking in a safe and efficient manner.

This Community Bus parking is used to pick up and drop off elderly residents in the adjacent Cliff Noble Community Centre.

Consultation

The City notified local residents and businesses in the area. There were 68 letters sent out with no responses supporting the proposal and two responses opposing the proposal due to loss of on-street parking.

Financial

Funds are available in the current budget.
