**Delivery Program 2022-2026
Half Yearly Progress Report**

City of Sydney – Delivery Program 2022-2026 – Half Yearly Progress Report 2023/24

Table of Contents

SD01 Responsible governance and stewardship	4
1.1 The City of Sydney provides effective governance and leadership.....	4
1.2 The City of Sydney has the capacity, capability, information, data and systems to serve the community into the future.....	6
1.3 The City of Sydney is financially sustainable over the long-term	8
1.4 The City of Sydney is an active contributor to the governance of metropolitan Sydney.....	9
1.5 The transformation of the city is enabled by successful partnerships and collaboration.....	10
SD02 A leading environmental performer	11
2.1 The city reaches net zero emissions by 2035 with embodied carbon significantly reduced.....	11
2.2 Greening has increased to create a cool, calm, and resilient city	14
2.3 Water is managed to support a resilient, sustainable, and liveable city	15
2.4 A circular economy approach is embedded in products, services, and systems	16
2.5 All city residents and businesses have the capacity to reduce emissions, adapt to a changing climate and share sustainable solutions.....	20
SD03 Public places for all	22
3.1 Aboriginal people, their history and cultures of this place are evident in the public realm.....	22
3.2 Welcoming, inclusive and connected streets and public spaces are created and maintained	22
3.3 Creativity and culture is embedded in the fabric of the city	23
3.4 Physical and visual connections to the harbour are strengthened	24
3.5 Equitable access to open green spaces, playgrounds, pools, recreational and sporting facilities supports social connection and wellbeing.....	24
SD04 Design excellence and sustainable development	26
4.1 The city's liveability will be enhanced through well planned and designed development.....	26
4.2 Productivity will be supported by planning for jobs, innovation, and enterprise activities.....	27
4.3 Communities will be supported by the provision of infrastructure and assets that are aligned with growth	27
4.4 Good design leads to buildings and public spaces that are high performing, well designed, inviting and inclusive	28
4.5 Well planned and designed development reduces environmental impacts and improves resilience, health and sustainability	28
SD05 A city for walking, cycling and public transport	30
5.1 Street space is reallocated for people, places and planting	30
5.2 Most people use the high-capacity, rapid and frequent public transport network that connects the city and the metropolitan area	31

5.3 More people walk more, because walking is the most attractive and convenient choice for short trips in the local area.....	31
5.4 More people ride more, because it is an attractive, convenient and safe option for everyday transport.....	33
5.5 Freight, servicing and parking will be managed to support the efficient functioning of the city while improving the amenity of city spaces.....	34
SD06 An equitable and inclusive city.....	35
6.1 We will respectfully strengthen partnerships and relationships with Aboriginal and Torres Strait Islander peoples and prioritise their cultural, social, environmental, spiritual and economic aspirations	35
6.2 Everyone feels welcome and included in the city.....	35
6.3 Everyone benefits from equitable economic growth and has financial security	37
6.4 Communities are engaged and actively participate in the governance of their city.....	38
6.5 Communities have the skills, tools and access to technology to engage and participate in a digital life.....	39
6.6 There is equitable access to education and learning opportunities.....	40
6.7 A sustainable and equitable food system that increases access to nutritious and affordable food	41
SD07 Resilient and diverse communities.....	43
7.1 Communities are connected and socially cohesive.....	43
7.2 Everyone has equitable and affordable access to community and cultural facilities and programs, supporting social connection and wellbeing.....	44
7.3 Infrastructure, services and communities are prepared for and can withstand the impacts of acute shocks and chronic stresses and emergency situations	45
7.4 The city economy is diversified to strengthen its resilience.....	45
7.5 People feel safe in the city	46
7.6 Communities are empowered to lead the change they want to see in the city.....	47
SD08 A thriving cultural and creative life.....	49
8.1 We value our cultural life and champion our creative industries	49
8.2 Aboriginal and Torres Strait Islander people and their cultural practice are visible and respected	50
8.3 An increasing number of creative workers live or work in the city.....	50
8.4 Sydney's cultural life reflects the diversity of our communities	51
8.5 There is an increased supply of accessible creative space	52
SD09 A transformed and innovative economy	53
9.1 An expanding innovation economy will support Sydney's future prosperity.....	53
9.2 The transition to a zero-carbon economy offers new economic opportunities	54
9.3 An inclusive city economy provides opportunities for everyone to participate and share in its prosperity.....	55
9.4 Creativity and great experiences fuel the vitality of the city.....	55
9.5 Unique local neighbourhoods and the global city centre support thriving economic activity	57

SD10 Housing for all	59
10.1 People sleeping rough or at risk of experiencing homelessness have access to adequate accommodation, services, and support to meet their needs	59
10.2 The supply of well maintained, safe, secure and sustainable social housing is increased to support diverse communities.....	60
10.3 An increased supply of affordable housing supports diverse communities and the economy.....	61
10.4 Every neighbourhood has a mix of housing accommodating diverse and growing communities.....	62
10.5 There is an increased supply of culturally appropriate social and affordable housing for Aboriginal and Torres Strait Islander peoples	63
Status definitions for progress reports	64
Glossary	65

The city has taken all reasonable care to provide information which is accurate at the time of publication. This may later be revised where data are adjusted or newer information is made available. Where we revise data, this will be noted in the commentary.

SD01 Responsible governance and stewardship

Our organisation continues to evolve to provide governance and leadership for the city and communities

1.1 The City of Sydney provides effective governance and leadership

Major Programs	Progress To Date	Status
Governance, risk and audit frameworks		
Implement systems and practices to embed a strong risk management and corporate compliance culture at the City	<p>The City's draft risk appetite statement was developed in second half of 2023 and is undergoing internal consultation.</p> <p>The City's risk register continues to be updated with risk review frequency linked to the risk rating. The Risk Management Framework has recently been updated and new training is being developed.</p> <p>The City continues to enhance and refine its compliance practices, with substantial efforts directed towards modernising and improving the usability and reporting functions of the City's compliance registers. These registers are continually updated in response to amendments in legislation or other authoritative documents, ensuring primary stakeholders are promptly notified. Instances of non-compliance are reported to the Audit Risk and Compliance Committee on a quarterly basis.</p>	On Track
Improve the health, safety and wellbeing of our workers through the implementation of the safety management system and a mentally healthy workplace plan	<p>The pilot program for Psychosocial Hazards risk assessment is complete. All business units are now completing the risk assessments and implementing plans to mitigate any psychosocial risks that have been identified. The City has implemented a new hazard, incident and risk management reporting tool and a new workers compensation claims management system.</p> <p>In response to the predicted increase in extreme hot weather this summer we have developed and implemented an Extreme Heat Guide and an Outdoor Work Extreme Heat Risk Assessment. The guide provides a framework to assess and manage risks to minimise harm associated with extreme heat conditions at work.</p>	On Track
Deliver governance programs to support compliant, ethical and transparent decision making and community confidence in the City	<p>The City's integrity framework was supported by a number of initiatives over this period. The Commonwealth Fraud Prevention Centre's practical steps to build and maintain an ethical workplace were shared with our People Managers during International Fraud Awareness Week.</p> <p>A streamlining review of the Register of Delegations from CEO to Directors and staff was undertaken and delegations have been published in a new more accessible format.</p> <p>A new public interest disclosure policy was approved by Council on 23 October 2023. Mandatory training for all disclosures officers and managers is scheduled.</p> <p>Our Code of Conduct awareness campaign continued with several new starter training sessions and manager led code of conduct refresher training on misuse of council resources. Staff news articles were also published to remind staff of their obligations.</p>	On Track
Implement a risk based and comprehensive annual internal audit plan	<p>The Annual audit plan was approved by the Audit Risk and Compliance Committee on 22 June 2023. The audit program is progressing per plan for FY2023/24 and progress reporting is tabled at the Committee Meeting each quarter.</p>	On Track
Deliver completed annual financial statements without qualification by the Audit Office of NSW	<p>Financial statements were authorised by Council at the 23 October 2023 meeting. An unqualified audit opinion was received from the Audit Office of NSW and the Financial Statements and accompanying audit reports were forwarded to the Office of Local Government prior to the 31 October deadline.</p>	On Track

Foster leadership capabilities

Ensure Councillors have access to relevant information, development and assistance to enable them to fulfil their obligations to lead, govern and serve the community

Councillors receive regular information updates and comprehensive briefings on all current issues. The City is committed to providing Councillors with access to ongoing training and professional development programs that meet their individual needs, including Elected Member Professional Development Plans which capture professional development initiatives applicable to individual Councillors for the current term of Council. Councillors can also access the provisions of the Councillors' Expenses and Facilities Policy which financially supports the ongoing professional development of Councillors.

On Track

High quality internal legal advice and representation

Provide legal services and support to the organisation, optimising outcomes for the City

Legal services provided as required by the organisation with high levels of quality and efficiency. Reporting on key legal issues provided regularly to Executive, Council and the Audit Risk and Compliance Committee.

On Track

1.2 The City of Sydney has the capacity, capability, information, data and systems to serve the community into the future

Major Programs	Progress To Date	Status
Continuous improvement		
Identify and implement business and service improvements to optimise the efficiency and effectiveness of key services	Work continued to improve the efficiency and effectiveness of internal corporate services, with a focus on human resources forms. This will streamline processes, free up staff time and improve employee satisfaction. A review of procurement and contract management is about to commence.	On Track
Refine and revise asset management policy, strategy and long term asset management plans for critical infrastructure assets, including resilience and maturity assessment recommendations	Asset Management Plans per asset class are currently being written. The Resilience Strategy 2023-2028 was adopted by Council on 11 December 2023 and includes key asset management resilience initiatives.	On Track
Deliver initiatives to improve information and data management with a focus on privacy, security, ethics, quality, and sharing	Eleven new or improved Smart Productivity Solutions were delivered. Smart Productivity Solutions contribute to the City's digital transformation; providing high quality data at point of capture, information and data security, and improved efficiency by eliminating manual processes.	On Track
Digital services		
Develop responsive digital services that are easy for our community to access and use	Work continues on the development of City Connect, the City's new on-line services platform. Testing of 89 community / service request on-line forms was undertaken in Q2 of 2023/24.	On Track
Develop and maintain the City's IT systems and infrastructure to support service delivery and business continuity	Progress was made to upgrade and improve communication infrastructure to support service delivery and business continuity. These include network upgrades, public access IT equipment refresh, upgrade of wifi services at community centres and migration of the City's telephony network away from Skype for business to Microsoft Teams, as well as upgrading all conference rooms to Microsoft Teams.	On Track
Access to City information and data		
Provide and promote public access to City information and data to meet the spirit and requirements of the Government Information (Public Access) Act	To date the City has provided and promoted public access to City information by: 1) publishing 10,977 planning application documents including 1,423 submissions relating to 298 planning applications, through the on-line Find a DA service; and 2) completing 1,540 requests for information, subpoenas and section 41 access applications. A primary channel for proactive disclosure is the City's website, which has had 1,085,712 unique users, 3,155,755 page views, and 222,052 file downloads.	On Track
Proactively publish to the City's Data Hub and Archives & History Resource Catalogue to inform, educate and improve services to the community, including Aboriginal and Torres Strait Islander communities	Three new open data sets were published on the City's Data Hub, being the 2022 Business Needs survey results; a list of trees considered to be appropriate for planting within the City of Sydney's local area; and list of off-leash parks. Four interactive apps and maps were published, including relating to the City's Urban Forest Strategy. 2,815 new items were published to the Archives & History Resources catalogue. Enhancements by volunteers were made to existing items to make them more accessible and scans were added to existing items.	On Track
Business and spatial intelligence		
Deliver business and spatial intelligence for better planning, operations, and decision making	The City continued to implement business intelligence solutions to support a range of business services and activities, including related to: Asset Management; Climate Equity; and Correspondence Management.	On Track

Strengthen workforce capability, diversity and inclusion

Implement the City's People Strategy to strengthen the workforce's capacity to deliver the outcomes in the community strategic plan

The City embedded its new purpose and values in c position descriptions, recruitment marketing, performance and development, and the employee recognition awards. T Ongoing initiatives include the development of the Employee Value Proposition, Employer Brand, and its employee recognition framework. The City provided over 70 places to staff in its Leadership and Management Development Program and approved .55 employees to gain further formal qualifications in its Further Education program.

On Track

Implement actions in the City's EEO, Diversity and Inclusion Action Plan

The City of Sydney is recognised as an Inclusive Employer by the Diversity Council Australia and received the Urban Development Institute of Australia and MYBOS Award for Diversity and Inclusion Excellence. The City made systematic efforts in gender equity, LGBTIQ+ inclusion, Aboriginal and Torres Strait Islander employee inclusion, disability inclusion, and cultural inclusion

On Track

Targetted recruitment and fast track to interview initiatives remain current and active for Aboriginal and Torres Strait Islander candidates and candidates with a disability.

1.3 The City of Sydney is financially sustainable over the long-term

Major Programs	Progress To Date	Status
Financial sustainability		
Undertake detailed costing reviews of core services, business cases and opportunities to ensure value for money outcomes, and appropriate equitable fees and charges	A detailed review of the City's fees and charges continues to progress. An analysis and review of Traffic Operations Fees and Charges was completed in the first half of 2023/24. The rolling review of costing of services will continue through this year and beyond.	On Track
Develop, monitor and report against the City's long term financial plan and financial recovery plan to ensure and demonstrate council's financial sustainability, and intergenerational equity	The Q2 report will present Council's operational and financial performance in 2023/24 (YTD to December 2023) in Council's February 2024 meeting. This report will incorporate revised full year and projected forecasts, along with any other timing adjustments anticipated to the delivery of the City's capital works program. In December 2023, a target budget was generated to guide the budgeting process for 2024/25. Detailed work on the 2024/25 budget is due to commence from late January 2024, and will inform a refresh of the City's Long Term Financial Plan for adoption by Council in mid-2024.	On Track
Integrated planning and reporting		
Deliver and enhance the Integrated Planning and Reporting and business planning framework to improve integrated long-term planning and sustainability	The City's 2022/23 annual report was completed in line with legislative requirements and endorsed at the November 2023 Council meeting. The 2023 resourcing strategy and 2023/24 operational plan were adopted by Council in June 2023. Planning has commenced to develop the City's 2024/25 suite of integrated planning documents.	On Track
Advocacy and policy initiatives		
Collaborate with the NSW Government to achieve positive rating legislative reforms	The City continues to collaborate with other councils, the NSW Government, and IPART by providing comment and feedback in relation to rates and annual charges reviews. In 2023, IPART concluded its review of the rate peg methodology to which the City had provided input. The final report was provided to the Minister for Local Government and made public late in the year. The City also participates in a Rating Reference Group for the NSW Office of Local Government, developing Regulations and supporting guidance for rating reforms and providing feedback on other rates and charges matters impacting the industry.	On Track

Strategic property management

Manage the City's investment property portfolio to optimise revenue opportunities

The property market is continuing to slowly recover. An element of hybrid based working arrangements remain throughout the city and are likely here to stay, which will impact the requirements of tenants. Most people are now seen to be coming into the CBD between Tuesday and Thursday, this is stabilising as a norm. CBD vacancy levels have remained relatively stable since the beginning of the year, with 11.5% in July 2023 remaining at 11.5%, in December 2023, according to the Property Council of Australia. Tenants are still seeking flexibility in their lease terms including shorter leases than previously seen, this is largely due to uncertainty in the future growth of their companies and the current general economic sentiment. Small to medium sized enterprises are now the driving force for office activity in the CBD rather than the larger occupiers. This is mainly due to uncertainty of future requirements, in relation to flexibility for employees and working from home arrangements. Sydney is the leading city across all states for occupancy levels. The City will take in to account these new tenant requirements when negotiating leases and remain flexible, in order to achieve the best outcomes and minimise vacancy levels.

On Track

Best practice procurement

Ensure best practice procurement and contract management focused on value for money, optimised risk allocation and improved sustainability

Work continues on improvement plans for the Procurement and Contract Management framework, with a focus on unlocking more value and further enabling achievement of strategic, operational and commercial objectives.

On Track

1.4 The City of Sydney is an active contributor to the governance of metropolitan Sydney

Major Programs

Progress To Date

Status

Advocacy

Research, assess and make submissions on intergovernmental policy issues to NSW and the Federal Government where appropriate

The City continues to make submissions to the NSW and Federal Governments on matters impacting the city, our workers, visitors and residents. This includes submissions for: the Environmental Planning and Assessment Amendment (Housing and Productivity Contributions) Bill 2023, the IPART Review of the Rate Peg Methodology, the NSW Government Independent Toll Review, Improving Rental Laws in NSW, the NSW Government Arts, Culture and Creative Industries Policy Consultation, the Parliamentary Inquiry into Pounds in NSW, the Inquiry into the Worsening Rental Crisis in Australia, the National Housing and Homelessness Plan Issues Paper, the Parliamentary Inquiry into the Planning System and the Impacts of Climate Change, the Harris Street Bus Stop Relocation -Western Distributor Program, the Australian Government Future Gas Strategy, the Explorer Street, Eveleigh Rezoning Proposal, the Proposed Reforms to Outdoor Dining on Private Land and Live Music Venues, the Parking Space Levy Review, the Climate Change Amendment (Duty of Care and Intergenerational Climate Equity) Bill 2023, the Directions for On-Street Transit White Paper, the NSW Parliamentary Inquiry into Electric and Hybrid Vehicle Batteries, the Pyrmont Ultimo Transport Plan, the Climate Active Program Direction Consultation 2023 and the NSW Government Cumulative Impact Assessment and Framework Consultation. Submissions are also made to the NSW Department of Planning and Environment on relevant State Significant Development Applications.

On Track

1.5 The transformation of the city is enabled by successful partnerships and collaboration

Major Programs	Progress To Date	Status
Partnerships		
Strengthen local and regional partnerships through collaboration, consultation, advocacy and knowledge exchange to facilitate improved decision making and outcomes for the community, including mechanisms such as the Resilient Sydney Program	Resilient Sydney Resilience Ambassadors of Councils met in November 2023 on the topic of governance of funding local resilience. 54 people from 25 Greater Sydney Councils, Wollongong City Council and the NSW Reconstruction Authority attended. In this meeting, Resilience Ambassadors were given the opportunity to share how they are making a case for resilience investment in preparing for and adapting to natural disasters. The NSW Premiers Department updated councils on new social cohesion grants available for local communities in 2024 and the role of councils in fostering social cohesion at the heart of strong, resilient communities. Resilient Sydney continues to partner with WSROC to facilitate the inaugural Greater Sydney Heat Taskforce. Comprised of 30 organisations across state agencies, local government, industry and the community sector, the Taskforce is leading co-design of a coordinated Heat Smart City Plan with agreed measures to reduce risk and build heat resilience. Progress continues to develop a consistent heat risk methodology, heatwave management guidance for local councils, and expansion of the Cool Suburbs heat rating tool across the NSW. From July to December 2023, the program has engaged with 357 individuals and 136 organisations to inform these projects and ensure tools and resources developed respond to user needs. The Taskforce is a program under the Disaster Risk Reduction Fund (DRRF) jointly funded by the Australian and New South Wales governments.	On Track
Strengthen state and national partnerships through collaboration, consultation, advocacy and knowledge exchange to improve decision making and facilitate the achievement of shared objectives. Partnerships include Council of Capital City Lord Mayors and the Greater Cities Commission	The City continues to engage with a wide range of state and national partners to ensure shared objectives are achieved. We have engaged with metropolitan Sydney councils as well as with Ministers and Departmental representatives on issues and projects relevant to the City, such as homelessness, housing and transport. Meetings and collaboration continue with relevant stakeholders in Local Government and the NSW Government. The City continues to participate in the Council of Capital City Lord Mayors, attending meetings with capital city counterparts on the night time economy, city safety, economic development, climate action, homelessness, affordable housing, community infrastructure and advocacy to the Federal Government.	On Track
Utilise international partnerships programs to facilitate knowledge exchange and ensure the City benefits from the best and most current knowledge and processes to improve outcomes for the community and the area, including C40, World Cities Cultural Forum and Resilient Cities Network	Resilient Sydney attended the Metropolitan Resilience International Congress in Guadalajara, Mexico in November 2023. The Congress was hosted by the Institute of Planning and Development Management of the Metropolitan Area of Guadalajara (IMEPLAN), the Metropolitan Area of Barcelona (AMB), and Resilient Cities Network. Experts from different cities discussed the main challenges affecting the resilience of metropolises. Key themes included water resilience, climate action, land management, circular economy, and sustainable mobility. Sydney was invited to attend and present our experiences of collaborating using data in the Resilient Sydney Platform and showcase our extensive work on pioneering resilience governance projects whilst also learning from other cities with metropolitan governance arrangements. The congress was an opportunity to reconnect post Covid-19 and deepen the partnership between cities in our urban resilience global network.	On Track

SD02 A leading environmental performer

The city is part of a decarbonised world. Our communities live in a city that is regenerative and makes a positive contribution to the planet, to society and to individual lives. We are innovative leaders in climate change adaptation and innovation

2.1 The city reaches net zero emissions by 2035 with embodied carbon significantly reduced

Major Programs	Progress To Date	Status
Net zero emissions – City assets and operations		
Manage and analyse low and zero emissions options for the City's light and heavy vehicle fleets and use fleet analytics to encourage low emission driving behaviour and reduce CO2 emissions	<p>Fleet Services has undertaken various strategic initiatives aimed at achieving reduced emissions. The forthcoming fleet replacement program, set for the first half of 2024, will see a significant expansion of electric vehicles within the passenger fleet, doubling our current allocation. As an integral component of this program, there will be a corresponding enhancement of electric vehicle charging infrastructure at Town Hall House and Alexandra Canal Depot, this infrastructure upgrade is designed to facilitate the smooth transition of our passenger fleet towards greater sustainability.</p> <p>Our heavy vehicle fleet will also form part of the electric vehicle transition as the market rapidly changes. It is anticipated that up to 4 additional electric trucks will be procured in the second half of 2024. Fleet Services is currently assessing the performance of electric trucks available on the market and will be participating in trials over the next quarter to ensure the performance of these vehicles will be suitable for operational requirements within the City.</p> <p>Other projects that will support our emissions reductions targets is the rationalisation of existing fleet vehicles which is currently being in an effort to reduce the overall number of vehicles operated by the City whilst maintaining full service levels to the community.</p>	On Track
Actively manage the replacement of conventional lights with LED lights for all public domain light types in the city	Last financial year, Ausgrid reached practical completion of the LED street lighting upgrade program. 7,595 conventional lights were changed over to LED technology resulting in savings of approximately 4,000 Megawatt hours annually and reducing carbon emissions by approximately 3,600 tonnes annually. Additionally, the new fittings have reduced the City's maintenance cost and improved public safety, as the new LED fittings are more reliable. The City will continue the progressive renewal of City owned LED lights.	On Track
Implement new net zero framework to drive electrification in City assets and switching to zero-emissions and improved energy efficiency	A program has been developed and includes electrification of aquatic centres and other building facilities, as well as building energy efficiency targets.	On Track
Net zero emissions in the LGA		
Support building owners and occupants to implement a net zero pathway through targeted programs and grants	The City's sustainability partnerships and programs are supporting building owners progress toward net zero emissions. CitySwitch reporting is tracking national progress against a net zero pathway and has grown with new Council partners and businesses joining. The Better Buildings Partnership and Sustainable Destination Partnership have commenced annual reporting to track emissions reduction and work toward net zero. The best practice tool-kit on circular office fit-out has been released, building on the electrification guides developed by the Better Buildings Partnership and the Green Building Council of Australia. The Renewables for Business Masterclass series resources have been published and shared across government and industry. Smart Green Apartments has accepted a new cohort of buildings and Green Building Grants are supporting residential strata communities to become more energy efficient, understand options for electrification and procure renewables. The City has commenced research into building electrification opportunities for strata communities to inform government advocacy, investment and policy reform to enable upgrades and electric vehicle charging in apartment buildings.	On Track

<p>Support the community's adoption of renewable energy in line with the City's 50% renewable electricity by 2030 target</p>	<p>The Renewables for Business Masterclass Series produced four webinars and resources supporting businesses to procure renewables via GreenPower and Power Purchase Agreements. The masterclass resources were published in November and shared across government and industry. The webinar series received 518 views. It takes a business 6-18 months to switch to renewables. In the 6 months since attending the series 3 out of 168 businesses have switched and businesses that switched reported significant benefits.</p> <p>The grant-funded Harold Park project aims to use collective procurement to enable seven apartment buildings to join a 100% renewable power purchase agreement. This is the first project of its kind in Australia. A feasibility report was delivered to the owners corporations in October who are progressing as a buyers group. Two grant-funded projects have commenced- Green Music will develop sustainability resources for the music sector and Business Renewables Australia will facilitate a renewable energy buyers group.</p>	<p>On Track</p>
<p>Actively participate in industry groups committed to creating a market for low embodied carbon steel, concrete and aluminium</p>	<p>The City continues to participate in the industry-led Materials Embodied Carbon Leadership Alliance (MECLA) for market transformation to low carbon materials that is advocating for the Australian Government to publish embodied emissions factors to make reporting more consistent and transparent. During the reporting period the City commenced chairing a MECLA Local Council Subgroup looking at ready opportunities for local governments to measure and procure low embodied carbon materials.</p>	<p>On Track</p>
<p>Zero emissions transport</p>		
<p>Advocate to the Australian and NSW Governments on key transport emissions reduction (carbon emissions and local air quality) improvement opportunities</p>	<p>The City's Electrification of Transport Strategy includes various advocacy priorities including electrification of transport, vehicle fuel emissions standards, and prioritisation of electric buses in key routes. The City made a submission to a federal government Senate inquiry into the electrification of residential buildings. The submission highlighted that because that electrification for electric vehicle charging is likely to require upgrades to meter boards and cabling and may encounter barriers from strata management due to cost and insurers due to fire risk, additional support will be required from the Australian government.</p>	<p>On Track</p>
<p>Support more people walking, riding bicycles and catching zero emissions public transport</p>	<p>Council adopted the Access Strategy and Action Plan – Continuing the Vision in late 2023. This is the key framework for creating the city for walking, cycling and public transport. The Action Plan comprises 17 actions. These are already being implemented.</p> <p>The Draft Walking Strategy and Action Plan - Continuing the Vision is due to go to Council in early 2024. A key move to support public transport is the Metro West extension to Zetland. The City will continue to advocate for this project despite the NSW Government indicating, after its Independent Review, that it had no current plans for the extension.</p>	<p>On Track</p>
<p>Advocate to the NSW Government for zero emissions buses</p>	<p>The City's Submission to the NSW Government's Onstreet Transit white Paper outlined the City's priorities for zero emissions buses (e.g. along Green avenues), while calling for the Government to better articulate and accelerate the overall plan for converting all bus operations to zero emissions.</p>	<p>On Track</p>
<p>Advocate and work with key stakeholders to assist the transition to zero emission transport fleets</p>	<p>The priority for transition remains the bus fleet. The City (via submission to the Onstreet Transit White Paper) has restated the case for accelerated transition of the fleet, and early commencement of zero emission corridors such as Broadway and Oxford Street.</p> <p>City staff discuss the potential transition of taxi fleets with industry representatives at regular meetings of the Late Night Transport Working Group. Transport for NSW convenes this process and it provides an avenue for influencing Transport for NSW programs and policies on this issue. The Group last met in November 2023.</p>	<p>On Track</p>

Net zero emissions – City assets and operations

Key Performance Indicator	Unit	2021/22	2022/23	2023/24	2023/24 Result					Comment	Status
		Result	Result	Target	Q1	Q2	Q3	Q4	YTD

Environmental grants approved by the City of Sydney	\$ '000	960.1	672.38	-	248.14	412.72	-	-	660.86	In the first half of the year, 45 Environmental grants were approved by Council. These projects were awarded through the City's Green Building grants, Festival and Events Sponsorship, Innovation and Ideas and Venue Support Sponsorship programs. This includes support for YCK Laneways Association Incorporated to develop a sustainability framework for the hospitality industry in the York, Clarence and Kent Laneways and Hollywood Quarter precincts and a 21 level, 110 unit apartment building in Waterloo which will receive a NABERS Rating and action plan to identify opportunities to reduce energy consumption and improve building performance.	Indicator Only

2.2 Greening has increased to create a cool, calm, and resilient city

Major Programs	Progress To Date	Status									
Urban greening and canopy cover											
Deliver tree planting programs to maximise urban canopy and reduce urban heat	Projects to increase canopy cover have continued. For the first half of this financial year a total 536 trees have been planted, including 194 street trees and 342 park trees. The in road planting projects have progressed, with the completion of Durdans St Rosebery, Smail St, Ultimo and Hawksley Rd, Waterloo. Traffic committee approval was achieved for William and Queen Street, Beaconsfield with construction to commence in early 2024. Finalisation of designs, consultation and traffic committee approvals are underway for streets in Paddington and Redfern. Feasibility for streets in Glebe has now commenced.	Watch									
Urban greening resilience											
Improve urban greening resilience and diversity by reviewing the City's relevant policies and plans	Council adopted the Urban Forest Strategy, Street Tree Master Plan, and Tree Management Policy and Tree Donation Policy on 26 June 2023. Following Council's adoption, the Strategy, Plan and Policy are now being implemented. The next round of canopy cover measurement is occurring in early 2024. Following comprehensive data analysis, an update on latest canopy and greening cover will be provided.	On Track									
Habitat and biodiversity											
Expand, improve and protect bush regeneration areas and habitat for native fauna in the City's parks and open spaces	Bush restoration sites continue to be maintained to improve habitat value for native flora and fauna. Targeted hand weeding and knapsack spraying has been performed to control exotic grasses and annual weeds, resulting in continual improvements in the diversity and density of native flora species. Sapling casuarina and other exotic weed tree saplings are being progressively removed in order to maintain native diversity, and prevent future overshadowing of sites. Infill planting has taken place at several sites to promote increased biodiversity, and to outcompete exotic weeds. Favourable conditions have meant native species planted previously are establishing well, and many native plants are naturally regenerating, seeding and spreading, all of which will aid in ongoing weed suppression and habitat creation. Native birds, lizards and insects are frequently reported to be using the restoration sites. New areas have been mapped for bush restoration that will be included for management in the 2024.	On Track									
Community greening											
Support and promote the development of community gardens, footpath gardening, laneway greening, and sites maintained and managed by community groups	The City continues to support 23 community gardens and three Landcare groups operating within the area. Over 700 community volunteers are actively engaged. The City encourages and supports groups to become self-managed to a high standard and assists by providing access to grants and donation of materials and plants, including sourcing native plants from a local Indigenous nursery.	On Track									
Urban greening and canopy cover

2.3 Water is managed to support a resilient, sustainable, and liveable city

Major Programs	Progress To Date	Status
----------------	------------------	--------

Reduce water use

Reduce potable water consumption in the City's parks through the introduction of water efficiency projects and programs	<p>Program initiated and in the development/scoping phase, including determining key metrics and reporting systems. Achievements to date include:</p> <ul style="list-style-type: none"> - Providing advice and review of Parks protocol for roll-out of new irrigation systems - Assessment of irrigation and recycled water potential for Green Park and Alexandria Park (passive recreation area) - Developing and implementation of the Smart Water Asset Network (SWAN) smart irrigation software trial with Sydney Water - Support to Resilience Sydney team project investigating potential of irrigation for cooling around parks - Induction / training of staff and contractors for use of bore water stand-pipes - Negotiation with WaterNSW to rationalise bore licences and extraction volumes 	On Track
---	---	-----------------

Water sensitive city

Collaborate with Sydney Water to support strata communities to improve water performance	New buildings in the current round of Smart Green Apartments will be assessed to see if they qualify for Strata Waterfix, no buildings in the previous round qualified. All Smart Green Apartments buildings receive a NABERS Water rating and are presented with a water efficiency toolkit to support water efficiency upgrades and resident education. The guide is available on the City website for all strata communities.	On Track
Work with Sydney Water and relevant stakeholders to facilitate delivery of recycled water and water usage reduction initiatives across the local area	Sydney Water noted a funding gap for recycled water schemes within our LGA due to their focus on Purified Recycled Water in Western Sydney. Work continues to develop new reporting frameworks to identify water savings opportunities through smart metering.	On Track

Stormwater quality

Implement and renew Pollution Control Devices and other stormwater systems to reduce stormwater pollution discharged to waterways	Gross pollutant traps will continue to be added to the City's stormwater drainage network to assist in achieving stormwater quality improvement targets for receiving waterways. The City has a maintenance program for gross pollutant traps and renewal program for raingardens to ensure performance is optimised.	On Track
---	---	-----------------

Reduce water use

2.4 A circular economy approach is embedded in products, services, and systems

Major Programs	Progress To Date	Status
Reduce waste from City operations		
Review and update recycling streams and collection receptacles in City properties and implement technologies that drive reduction in landfill	Organic recycling was introduced at 2 new sites in the reporting period, King George V Centre and Wilcox Mofflin Building. A Waste Guide has been developed in collaboration with the communications team to increase recycling outcomes and reduce contamination in City buildings.	On Track
Engage with contracted service providers and other relevant stakeholders to improve reporting of strip out, construction and demolition waste from City assets	Support for accurate and timely reporting of construction and demolition waste data continues to be provided to project managers. Through a methodology optimisation, waste reporting has improved. A process for identifying and reporting on strip out projects is being explored.	On Track
Sustainable procurement		
Develop Social and Sustainable Procurement approaches to be incorporated into procurement planning and processes in relation to targeted categories	Social and sustainability and environmental factors are required to be considered and documented during tender sourcing strategy development and are then included in the tender requirements and evaluation.	On Track
Circular economy		
Engage with industry and other stakeholders to create opportunities for development of circular economy outcomes in our local area	The City is regularly engaging with industry, academia and not for profit organisations to support and advocate for a transition to a more circular economy. The City continues to support new ideas and innovations through our grants programs. Recent circular economy grants include supporting an accelerator training program for circular economy start ups and an association of small bars in Sydney to reduce waste and identify circular business opportunities.	On Track
Develop a circular economy strategy	A circular economy strategic statement is in development to provide an overarching direction for the City of Sydney's work in the circular economy across all areas of the organisation. This year the City provided several grants to local businesses and community organisations to deliver circular economy pilots and research projects.	On Track

Advocacy

Provide timely responses to relevant public consultations, participate in state and federal led engagement opportunities, and support regional groups in progressing agreed advocacy positions that promote and embed circular economy outcomes in our area

In November 2023 the City, in collaboration with the South Sydney Regional Organisation of Councils, organised a briefing on circular economy policy and projects from the Department of Climate Change, Energy, the Environment and Water. The briefing was attended by 95 people from more than 28 local government areas across Sydney including Councillors, General Managers, CEOs and senior managers. Programs and policies discussed included bin harmonisation, product stewardship, packaging and recycling infrastructure development.

On Track

Reduce waste to landfill

Foster a community that avoids, reuses and reduces waste

Since July 2023 City staff delivered 264 waste avoidance activities to 2874 residents and visitors in the City. These included two clothes swaps, where 284 people swapped 330kg of clothing, four sewing workshops, where 80 people learned simple mending skills to extend the life of their clothes, 26 pop-up info stalls where 1470 people engaged with staff about waste wise shopping, reusable coffee cups, sustainable Christmas ideas and how to recycle tricky items such as electronics and clothing. Staff provided 20 waste reduction webinars to 249 residents on the topics such as 'Plastics Decoded', 'Electronics Unplugged' and 'Resourceful Recycling' and responded to 198 enquiries through the 'Ask a Waste Expert' online service, educating residents about how to avoid waste. Six apartment buildings (with 795 residences) in Camperdown, Darlinghurst, Pyrmont, Redfern, Rushcutters Bay and the CBD opted in for the City's Recycle Helper Service where staff provided custom advice and educated building managers on how to improve recycling in their building and access local repair and reuse options. Staff also educated students, including international students, from two student accommodation buildings (with 1000 beds) in Darlington and Ultimo on how to reduce waste and how to use our reuse and recycling services. Staff provided custom outreach to community organisations, including four waste reduction and recycling workshops to over 300 primary school-aged children as part of a Sustainable Schools Day, a bilingual English and Mandarin electronics recycling session at Ron Williams Community Centre Open Day, hosted a market day stall to promote repair and recycling services at the Bower Repair Festival, hosted a stall at the Australian Climate Tech Festival and presented a circular economy workshop for start-ups in Sydney CBD. Staff completed a total of 268 waste planning referrals to ensure new developments are designed for waste reduction, optimal material separation and maximum resource recovery.

On Track

Undertake planning for a food organics recycling service across the local area for residents

Not Yet
Due To
Report

Increase recycling and reuse opportunities of textiles, soft plastics, electronics and other tricky items through innovative drop-off events and services for residents

Drop-Off Events:

The City hosted two Recycle It Saturday events over the last six months that attracted a combined total of 1,581 people that dropped off 34.8 tonnes of materials for reuse and recycling, including bicycles and scooters. The most popular items dropped off were electronics, small metals, textiles and cardboard. This event was delivered in partnership with Waverley and Woollahra Councils to make the event accessible to a wider community.

The City hosted its annual Household Chemical Clean Out event on 14 October 2023. The event is run by the EPA and was attended by 599 people, an increase of 40% in attendance from last year. The event collected 20.8 tonnes, which is an average of 35kg per vehicle. The most popular items were paint and hydrocarbons.

Ultimo Recycling Pop-Up:

The Ultimo recycling pop-up at Bay Street Depot has now been open over a year for local residents to drop off tricky items that are not accepted in household bins. Small metals can now be recycled at the pop-up, bringing the total number of accepted materials up to 12.

Over the last six months, the pop-up was open 12 days with 1,028 drop offs from residents (of which 470 attended for the first time), recycling 7.3 tonnes of materials. The most popular items were electronics, batteries, textiles and polystyrene. An additional 100 residents stopped by to ask questions about the pop-up.

Recycling Stations:

Over the last six months, 16 recycling stations across the City of Sydney collected 1,199kg of materials (97kg mobile phones, 642kg batteries, 152kg light bulbs and 308kg of small electronics).

Doorstep Recycling Service:

To maximise recycling opportunities for residents, the City also collected 11.3 tonnes of tricky items (including clothes, electronics and polystyrene) from 1,038 pickups directly from residents' homes through the doorstep recycling service.

Efficient cleansing and waste services

Provide an efficient and effective domestic waste service that meets the needs of the community

There continue to be some delays. Staff continue to work to improve service delivery.

2.5 All city residents and businesses have the capacity to reduce emissions, adapt to a changing climate and share sustainable solutions

Major Programs	Progress To Date	Status
Air quality		
Facilitate community access to air quality data	The NSW Government operates 2 high quality air quality monitoring stations in our area, one in Alexandria and another at Cook and Phillip Park. During the reporting period, local air quality was consistently reported as 'good' (the best rating). Data is available at www.dpie.nsw.gov.au/air-quality/air-quality-data-services/data-download-facility .	On Track
Climate risk and adaptation		
Understand the city's climate change risk exposure and develop climate adaptation treatments to better prepare the community	Project updates include: 1. Progressing the scoping and implementation of climate adaptation treatments outlined in the draft Resilience Strategy including understanding the City's heat profile and where priority communities live. 2. Working with other areas within the council to understand their business unit activities and what potential climate-related risks they may be exposed to. 3. Working with other councils in the Greater Sydney Urban Heat Taskforce to develop risk assessment and data needs for climate risk assessments focused on heat.	On Track
Develop a framework to understand and address climate change impacts on vulnerable community groups	Mapping has been developed to assist staff with identifying priority communities and climate risks. A process to activate support for priority communities in climate-related events is in development.	On Track
Programs and partnerships		
Implement projects, programs and advocate to improve environmental performance in the commercial office sector	The City is improving environmental performance in the commercial office sector through the Better Buildings Partnership and CitySwitch program. The Better Buildings Partnership is progressing work on leveraging green leases for office tenants, shifting to a circular approach to office fit outs, and developing a shared community resilience plan. CitySwitch welcomed three new Councils to the program, Yarra City, Waverley Council and City of Ballarat. Two campaigns to CitySwitch businesses were delivered under the new net zero framework with a focus on office waste management and sustainable supply chains. Collaboration with key industry partners continues to strengthen including working with City of Melbourne on asset manager engagement, Green Building Councils of Australia on circular fit outs and ongoing work with NABERS.	On Track
Implement projects, programs and advocate to improve environmental performance in the accommodation and entertainment sector	The Sustainable Destination Partnership endorsed its FY24 workplan following a planning workshop in October, and welcomed new partners including Destination NSW, Salter Bros Hotels, and EVT Limited. The partnership is focused on progressing the elimination of food waste, developing capacity on net zero planning and developing a communications action plan. Three technical working groups were formed to focus on these key issues. FY23 reporting commenced in September with preliminary results indicating 24 per cent emissions reduction and 21 per cent water reduction from a FY18 baseline. The results of Sydney's participation in the Global Destination Sustainability Index were released. Business Events Sydney won the inaugural Social Impact Award, while Sydney ranked 29th and achieved its highest ever score of 77.21 per cent.	On Track

Implement projects, programs and advocate to improve environmental performance and resilience in the residential strata sector

Since 2016 Owners Corporations in the Smart Green Apartments program have invested \$3,734,823 in building upgrades, delivering significant savings across their lifespan, including saving \$9,692,435 in running costs and avoiding 54,160 tonnes of carbon emissions.

31 Owners Corporations have received support through the Green Building Grants in this financial year. Three Owners Corporations received NABERS ratings this quarter.

Monthly sustainable strata e-newsletters were sent to 2,843 subscribers.

In October, a 'Strata Social' online networking opportunity was held for strata stakeholders about electric vehicle charging.

Guides for apartment buildings have been released on energy, water and waste.

The Strata Sustainability Reference Group met in August and November to drive sustainability and resilience outcomes for high-density communities.

The City is represented on several government reference groups including the Commonwealth Residential Energy Efficiency Disclosure Governance Forum through which it continues to advocate for the inclusion of strata in residential policy and investment strategies including mandatory disclosure of energy performance of Australian homes.

On Track

SD03 Public places for all

The city has more places for people who live, work, invest and visit here. The history of the city and connections to Aboriginal and Torres Strait Islander peoples is evident in our public places. The city centre is an inviting and lively place, clean and safe, day and night, and with creativity and public art at its heart. Our local main streets are thriving hubs with their own distinctive characters

3.1 Aboriginal people, their history and cultures of this place are evident in the public realm

Major Programs	Progress To Date	Status
Aboriginal and Torres Strait Islander people are influential in shaping the city		
Develop a framework / strategy, in consultation with relevant stakeholders, to assist in planning the city to address and implement Connecting with Country principles	The Connecting with Country Framework for the City is underway and currently scoped. The first step in this process is to develop an Aboriginal Cultural Heritage Study that will map sites of significance to Aboriginal People . This will require a multi layered methodology . This is a complex project requiring deep engagement with community and partnership with Metropolitan Local Aboriginal Land Council.	On Track

3.2 Welcoming, inclusive and connected streets and public spaces are created and maintained

Major Programs	Progress To Date	Status
Welcoming, accessible and equitable public spaces		
Continue to deliver public domain capital works projects	Progress continued in development and delivery of public domain capital works projects. The George Street South pedestrianisation project is completed. Barlow Street laneway project is completed. The Green Square to Ashmore Connector road project construction is continuing with paving installation progressing to O'Riordan St east and Botany Rd footpath, and cycle path construction completed to O'Riordan Street. Procurement for the construction of George Street North pedestrianisation and Loftus Street & Reiby Place upgrade projects is complete and design commenced. Design of the new road George Julius Avenue in Zetland is progressing to tender documentation. The northern side of Zetland Ave West will commence in early 2024 to complete the new road connections in the Green Square Town Centre.	On Track

Public amenity		
Provide high-quality public domain cleaning service that meets the needs of the community	The cleansing team continues to provide a high-quality service. A renewed strategic approach to existing operations is also providing good results and ensuring the delivery of a high-quality service.	On Track

Public safety and compliance		
Maintain inspection programs to monitor legislative compliance in the areas of fire safety, building compliance, late night trading premises and public health	All inspection programs are being maintained. This includes proactive inspection of retail food premises, late night trial development consents, boarding houses, backpackers and swimming pool water quality. The swimming pool barrier inspection program is behind. Resources are being reprioritised and it's expected that all outstanding inspections be completed before June 2025.	Watch
Conduct targeted patrols in the public domain to address illegal dumping, discarded cigarette butts, littering and other activity which is contrary to the provisions of the Protection of the Environment Operations Act	For the first half of the financial year Rangers have spent a total of 4,588 hours on targeted patrols and have issued 513 notices to address illegal dumping and activity which is contrary to the provisions of the Environmental Operations Act.	On Track

Public spaces meet community needs

Undertake periodic review of public domain design codes in the city	The revised Streets Code has recently been endorsed and is on the City's website. The draft Parks Code has been completed and is undergoing further internal stakeholder review and co-ordination with technical specification and standard drawings.	On Track

On Track

3.3 Creativity and culture is embedded in the fabric of the city

Major Programs	Progress To Date	Status
Enable artists' contributions to the cultural life of the city		
Advocate for and support the delivery of public art in new developments and develop partnerships to enable delivery of public art projects and programs	The City supports the delivery of public art in new developments by reviewing and providing advice on all public art projects from conception to delivery in line with our Guidelines for 'Public Art in Private Developments'. Projects of strategic importance or facing particular challenges are taken to the City's Public Art Advisory Panel for review and advice which is then passed onto the proponents. This process ensures a high standard of public art is delivered to the benefit of the community, enriching the cultural life of our City. The City has developed partnerships with Place Management NSW and various Cultural Institutions along the Harbour Foreshore to deliver Yananurala, curated by Emily McDaniel as part of the Eora Journey and is seeking alignment with private developments that intersect with this project.	On Track

3.4 Physical and visual connections to the harbour are strengthened

Major Programs	Progress To Date	Status
Connecting with the harbour foreshore		
Develop and deliver a staged implementation of public art and other projects for the Eora Journey Recognition in the Public Domain Program through the Yananurula walk	Yananurula, (formerly the Harbour Walk) curated by Emily McDaniel, provides a curatorial approach to Aboriginal recognition along the harbour foreshore in the public domain. Interpretive markers are installed at key points along the 9km length of the walk which feature the icon which is a bara (shell hook). These markers have been included in the City's Culture Walks App as a walk to encourage people to walk country. Artist Lucy Simpson is carrying out design development of her concept in response to the brief for 'Sitelines and Conversations'. A community cultural event is planned at Tara/Dawes Point to involve Aboriginal and Torres Strait Islander communities in creating an artist brief for a public artwork celebrating Patyeegerang's gift of Sydney Aboriginal language to William Dawes.	On Track

3.5 Equitable access to open green spaces, playgrounds, pools, recreational and sporting facilities supports social connection and wellbeing

Major Programs	Progress To Date	Status
Equitable distribution and access		
Undertake ongoing data collection, research and analysis to inform the City's Open Space and Recreation Needs Study priorities and directions		Not Yet Due To Report
Land under the care and control of the City is managed equitably		
Review the City's Plans of Management as required, ensuring that public space is managed in an equitable, inclusive, resilient and regenerative way	The City reviews adopted plans of management on an ongoing basis to ensure the plans align to community values, organisational objectives and legislative requirements. The focus for 2024 is the review and update of the Generic Plan of Management 2012.	On Track
Access to pools and sporting facilities		
Deliver programs and services at pools, sporting facilities and community tennis courts that support inclusive participation, social connection and wellbeing	<p>The City's community tennis courts hosted the Annual Community Championships in December across 23 categories, including various skill levels and age groups, such as over 50s and 60s. Local businesses sponsored the event and contributed prizes for winners. Highlights also included the success of programs like the weekly LGBTIQ+ doubles social tennis and new LGBTIQ+ initiatives, growth in participation for mental health social tennis programs, the continuation of new partnerships with educational institutions for in-school programs, and continuing tennis initiatives for diverse groups like university women, international students, and culturally diverse adults.</p> <p>Our pools continued to be very busy with the Migrant Swim Program that focusses on water safety and swimming skills. Plans are underway to expand the program to include a children's class. The centres hosted events including a charity day delivered by ILSC Education Group for the Movember initiative, engaging participants in various sports and a youth engagement end of year party at Victoria Park Pool. This was organized in collaboration with the Social City team, welcoming around 100 young people and featuring a BBQ, pool activities and a DJ. Additionally, the annual Summer Open Days offered free entry to showcase the centres across the City.</p>	On Track

A highlight was the free annual open day event to celebrate the start of summer that welcomed over 10,500 members of community across the centres.	Indicator Only
Peak Occupancy - Perry Park Recreation Centre	%	90	90	-	90	88	-	-	88	For the financial year to date the average occupancy was 88% with attendance totalling 129,821. We hosted a number of events including: school holiday netball and volleyball camps, ProVolley Academy's Australian South East Volleyball League, NSW Kendo Association's state grading exam, Wheelchair Sports NSW's AFL and basketball events and the second Activation Inclusion Sports Day event as part of the International Day of People with Disability. We continued to experience participation growth in our programs with a total record high of 114 teams across our futsal, netball and volleyball social sports competitions and we introduced a new weekly mixed drop in handball program.	Indicator Only
Peak occupancy - City's outdoor tennis courts	%	77	67	-	70	70	-	-	70	For the quarter tennis courts achieved occupancy rates ranging from 62% to 80% that were ahead of industry average. The collective average peak occupancy was 70%.	Indicator Only

SD04 Design excellence and sustainable development

The city will continue to grow sustainably and with good design. Communities are inclusive, socially connected, healthy, and live in walkable well-serviced neighbourhoods, supported by public transport. We take the impact of our changing climate into account in the policies that influence development in the city

4.1 The city's liveability will be enhanced through well planned and designed development

Major Programs	Progress To Date	Status									
Inclusive and accessible places											
Investigate new and updated planning controls for universal design, child friendly developments and recognition of LGBTIQ+ heritage in Oxford Street	The LEP/DCP update was reported to Council in December 2023 seeking public exhibition. It includes draft controls to increase the number of apartments that are universally designed, and to increase the supply of well-located family-friendly apartments. Public exhibition of the proposals is planned in 2024. The City undertook a study of LGBTIQ+ heritage on Oxford Street and identified three potential new heritage items and updates to heritage inventory sheets for existing sites and the Oxford Street Heritage Conservation Area to reflect LGBTIQ+ associations. The new heritage items will be reported to Council in 2024 for public exhibition as part of a heritage planning proposal.	On Track									
Establish a nightlife sound program aimed at managing entertainment sound to support a thriving and vibrant 24-hour economy	The City provided feedback to the NSW Government on its 24-Hour Economy reforms introduced in November 2023. The reforms support live performance and make the Liquor and Gaming NSW the regulator of entertainment noise. The City continues to provide feedback to the NSW Government on the implementation of the reforms including the preparation of guidelines. The City is also finalising its draft entertainment sound planning controls and investigating the application of special entertainment precincts.	On Track									
Create great places											
Review planning controls for centres, high streets, heritage areas and other strategic precincts to create great places	Reviews of planning controls for Heritage Conservation Areas and the Pymont Peninsula, in response to the NSW Government's place strategy, were reported to Council in December 2023. The draft controls are planned to be exhibited in 2024 following NSW Government approval.	On Track									
Urban renewal											
Develop and implement public domain plans and placemaking strategies for urban renewal areas as required	The City continues to deliver the new streets, open spaces, pedestrian and bike links in line with our public domain strategies for urban renewal areas in particular Green Square. Facilities are being delivered as part of joint projects with the Department of Education including Green Square School and Community Spaces, which is under construction, and the Alexandra Park Community School sports field that has been completed. Both include amenities for out of school hours community use. Programming of Green Square Plaza and other public spaces in Green Square are ongoing with events and activities as a community/ place making initiative.	On Track

4.2 Productivity will be supported by planning for jobs, innovation, and enterprise activities

Major Programs	Progress To Date	Status
Central Sydney Planning Strategy		
Implement the Central Sydney Planning Strategy to facilitate commercial space and activity	The City assesses site specific planning proposals consistent with the Central Sydney Planning Strategy. The Hunter Street Sydney Metro proposal was approved by Council, finalised and the LEP updated. The City continues to engage with proponents about potential planning proposals in Central Sydney.	On Track

Planning for business, industry and economic opportunities

Conduct strategic studies and reviews to inform planning control amendments that protect and grow business, jobs and economic opportunities	The City is continuing to engage with proponents on potential planning proposals under the Central Sydney Planning Strategy. The Hunter Street Metro planning proposal has been finalised by the NSW Government. The City has reviewed planning controls for Pyrmont in line with the NSW Government's Pyrmont Peninsula Place Strategy. In December 2023 Council approved draft planning controls to contribute to the Place Strategy's jobs targets.	On Track

4.3 Communities will be supported by the provision of infrastructure and assets that are aligned with growth

Major Programs	Progress To Date	Status
Infrastructure planning, delivery and collaboration		
Collaborate with the private sector to deliver new or upgraded public infrastructure aligned with new development	The City has executed 4 new Planning Agreements with the private sector during the first six months of the financial year. The Agreements will deliver new and upgraded public infrastructure including widened footpaths to Botany Rd, Alexandria and Lachlan Street, Waterloo.	On Track
Review contributions plans to support the delivery of infrastructure needed by new development	In December 2023, Council approved the public exhibition of the draft Ultimo Pyrmont Local Infrastructure Contributions Plan, a proposed new contributions plan to assist in funding new infrastructure to support new development and population growth in this area. A review of the City of Sydney Development Contributions Plan 2015 is underway. The City continues to engage with the NSW Government on the infrastructure demands arising from state significant rezoning proposals, such as Central Precinct.	On Track

4.5 Well planned and designed development reduces environmental impacts and improves resilience, health and sustainability

Major Programs	Progress To Date	Status
----------------	------------------	--------

Development supports a healthy environment and community

Investigate planning controls to increase tree canopy, encourage green roofs and support biodiversity in development	Planning controls to increase tree canopy, encourage green roofs and support biodiversity in development have been included with the LEP and DCP Update, reported to Council in December 2023. Public exhibition of the controls is planned in 2024 following NSW Government approval.	On Track
--	--	----------

Better designed and operated buildings

Advocate for improvements to the National Construction Code to achieve net zero buildings by 2035	The City participated in a Trajectory for Low Energy Buildings Stakeholder Reference Group convened by the Australian Government to ensure that the National Construction Code delivers highly efficient new buildings. The City's Net Zero controls, and the NSW Government Sustainable Buildings SEPP both commenced 1 October 2023 and make improvements towards net zero buildings beyond the National Construction Code.	On Track
Investigate opportunities for development to use water efficiently and improve the health of waterways through changes to the planning controls	The City has completed a study of Development Control Plan stormwater management and reuse controls. Proposed water efficiency and updated stormwater reuse controls for buildings have been approved by Council for public exhibition in December 2023. Public exhibition of the controls is planned in 2024 following NSW Government approval.	On Track

Increase resilience through well designed and planned development

Update floodplain management planning controls to manage risk and achieve good urban design outcomes	The Interim Floodplain Management Guidelines are being incorporated into the City's planning controls as part of the draft LEP/DCP update that was reported to Council in December 2023. The proposed planning controls are to manage flood associated risk and achieve good urban design outcomes. Public exhibition of the controls is planned in 2024 following NSW Government approval.	On Track

SD05 A city for walking, cycling and public transport

The city is greener and calmer, with more space for people on the streets – including footpaths and cycleways. More people choose to walk, ride and use public transport. All vehicles in the city are zero emissions

5.1 Street space is reallocated for people, places and planting

Major Programs	Progress To Date	Status
----------------	------------------	--------

Public domain and public space programs

Ensure the needs of our diverse community are considered in the public domain master planning including transport and urban growth projects	The City is advocating for high quality and co-ordinated public domain outcomes for metro station precincts, Central Station planning and the Redfern Station upgrade. Advocacy and input into major state government development projects including Blackwattle Bay, Waterloo Estate, Barangaroo Central/Hickson Road and North Eveleigh is ongoing. The prime objective is to ensure a high quality, accessible public domain to allow people to walk and cycle to public transport and other destinations including home, work and recreation as well as new public spaces for people to recreate.	On Track
---	---	-----------------

Reallocation of street space

Support the implementation of the pedestrianisation of George Street and relevant city streets	The City continues to work with Transport for NSW (TfNSW) to deliver the completion of the George Street pedestrian boulevard between Hunter and Alfred Streets. The tender for the permanent construction works has been approved by council and work is scheduled to commence in early to mid 2024.	On Track
--	---	-----------------

Partnerships to improve road safety and reduce traffic

Work in partnership with the NSW Government to reduce traffic speeds and volumes to keep people safe and reduce road trauma	<p>The City is continuing to work with Transport for NSW to reduce speed limits to a maximum 40km/h on all roads within the City of Sydney. TfNSW is responsible for approving and installing signage for changes to speed limits.</p> <p>TfNSW have recently approved all remaining Local Roads within the LGA with 50km/h speed limits to be reduced to 40km/h. Funding for the speed limit changes have been approved by TfNSW.</p> <p>It is expected that all local and regional roads will have a speed limit of 40km/h by mid 2024. The City will continue to advocate for 40km/h on the state road network within the LGA, which is controlled by TfNSW.</p> <p>Consistent with the Access Strategy and Action Plan - Continuing the Vision, the City applied to Transport for NSW for a 30km/h speed limit in the existing city centre 40km/h High Pedestrian Activity Area.</p>	On Track

5.2 Most people use the high-capacity, rapid and frequent public transport network that connects the city and the metropolitan area

Major Programs	Progress To Date	Status
----------------	------------------	--------

Promote public transport solutions

Advocate for extension of Metro West by 2030, including stations for at least Zetland and Central	In late 2023, following its Independent Metro Review, the NSW Government announced there was no formal commitment to extending Metro West from Hunter Street, including to Zetland. Despite this, the City will continue to advocate for this important project.	On Track
---	--	----------

5.3 More people walk more, because walking is the most attractive and convenient choice for short trips in the local area

Major Programs	Progress To Date	Status
----------------	------------------	--------

Improve safety, connectivity and amenity

Develop and oversee a program of pedestrian crossings to make walking safer and easier	<p>The City has developed and is trialling a needs based model for pedestrian crossing facilities based on land uses, and gaps in the crossing network.</p> <p>The City continues to undertake Walking and Place studies to identify further areas for crossing improvements in targeted precincts.</p> <p>The Draft Walking Strategy and Action Plan - Continuing the Vision is due to go to Council in early 2024. If adopted, it will provide a remit to double the number of pedestrian crossings constructed over the next 10 years.</p> <p>The approval changes made possible by the NSW Government Delegations relating to streets could also provide some opportunities for accelerating a program to deliver pedestrian crossings in some locations, however the City has not yet confirmed how it will respond to the Delegations. In the interim, all new crossing proposals will continue to go to the Local Pedestrian, Cycling and Traffic Calming Committee for consideration.</p>	On Track
Deliver improvement works in the Central Business District, including the installation of Smartpoles, upgraded and improved LED street lighting, traffic signals, street furniture and the installation of granite paving	The 2023/24 Central Business District Streetscape Improvement program includes granite paving in Clarence, Goulburn, and York Streets and installation of 9 Smartpoles and LED lighting on Barrack, Sussex and Goulburn Street.	On Track
Implement priority public domain improvements from the Liveable Green Network strategy	The City continues to deliver actions from the Liveable Green Network strategy through our footpath renewals and upgrade programs, pedestrian access improvement programs, cycling programs, the rollout of an upgraded street furniture suite, pedestrian lighting works, construction of traffic and pedestrian facilities and the addition of green space along our streets as part of these programs.	On Track

Encourage and monitor walking participation

Implement a program of activities that removes barriers to walking by improving safety and connectivity for people walking

The City is finalising the draft Walking Strategy and Action Plan - Continuing the Vision update. This is planned to be approved by Council for exhibition in early 2024. The draft contains an action to set up a program of delivering targeted walking improvements with funding via the TfNSW Get NSW Active grant program.

The City has been developing a list of priority walking improvements focused on some of the streets with the biggest potential for improvements to walking, either due to the number of people walking, the impact of severance created by the traffic on the street or both.

The City's next Walking and Place study will focus on walking to school in Pyrmont Ultimo (this is an action assigned to the City in TfNSW's recently exhibited Pyrmont Ultimo Transport Plan.)

On Track

Advocacy

Work with the NSW Government to decrease waiting time and journey time for people walking in areas of high pedestrian activity in the local area

The City continues to advocate for greater priority (reduced delay) for people walking in the city centre and other areas of high pedestrian activity. This includes advocating for reducing waiting times, improving space and improving quality of the public domain for people walking. Improving priority for pedestrians in the City Centre is also one of the draft outcomes as part of the draft Transport for NSW Strategy for Streets, that the City is assisting in the development of. These are also strategies in the City's draft Walking Strategy update.

On Track

Improve safety, connectivity and amenity

Walking counts at key locations in the Local Government Area	No.	-	-	-	-	48	-	-	48	Average pedestrian volume increase across 15 sample locations between November 2021 (baseline) to October 2023 is 48% showing very strong recovery post covid. The aim of this measure is to track the increase in pedestrian activity across the LGA. The measure includes both weekend and weekday counts, and the sites have been selected so that there is one on each village high street and four in the city centre.	Indicator Only

5.4 More people ride more, because it is an attractive, convenient and safe option for everyday transport

Major Programs	Progress To Date	Status									
Safe, connected cycleways											
Implement cycleways within our local area as per the future bike network approved by Council	Construction is underway on Castlereagh Street streetscape upgrade and cycleway. Works began on the Oxford Street and Liverpool Street cycleway in late November. Cycleway projects in the design phase include: Glebe to Ultimo cycleway, Ultimo to Surry Hills cycleway, Rosebery quietway, King to College connection, O'Dea Avenue cycleway and Wellington Street cycleway.	On Track									
Improve bicycle safety, access and amenity through small scale infrastructure changes and improved on street facilities throughout the local area	Capital works projects and maintenance programs are in place in line with the Cycling Strategy and Action Plan to enhance and maintain the cycleway network across the Local Government Area. Projects such as City South Bike network link at Kelly & Mary Ann Street as well as the renewal of shared path linemarking and signage are all priority works for this financial year.	On Track									
Collaboration											
Work with neighbouring councils, state and federal governments to implement a cycleway network across Sydney	City staff continue to provide advice and guidance for neighbouring councils. The City has written to TfNSW asking for an increase in the funding allocation for the NSW Get Active grants program to meet demand. City staff continue to work to get Transport for NSW to fix key missing links with neighbouring councils, such as: * the state road section of Wilson Street in Newtown, between King Street and Erskineville Road * Bridge Road Glebe * Sydney Park Road * Alexandra Canal * Sydney Harbour Bridge southern exit * Flinders Street	On Track									
Encourage and monitor cycling participation											
Encourage bicycle riding in our local area	We held a series of Try-an-ebike events to give residents in different neighbourhood areas a chance to test ride an e-bike and explore the new local cycleways. We held 4 guided rides with 33 participants in Ashmore and Green Square. We held Cycling in the City courses with 76 adults. In addition, we held staff courses with 49 City of Sydney staff. We held Bike Care and Maintenance courses with 72 adults. We held Schools Cycling Courses with 105 children and Balance Bike Clinics with 991 young children. We held 38 Share the Path onsite education sessions, including 3467 free tune-ups, and 1363 maps and 251 bells were distributed.	On Track

5.5 Freight, servicing and parking will be managed to support the efficient functioning of the city while improving the amenity of city spaces

Major Programs	Progress To Date	Status
Efficient freight and servicing		
Work with the NSW Government and businesses to develop new and innovative solutions to freight and servicing, including more productivity from loading spaces and exploring higher-amenity options for “last mile” distribution	Council adopted the Access Strategy and Action Plan – Continuing the Vision in late 2023. This includes an action relating to moving kerbside deliveries off-street, over time, where and when additional public off-street loading and servicing capacity comes online. The City will reflect this approach in the Central Sydney Onstreet Parking Policy, currently undergoing review. The City aims to seek Council approval to exhibit the revised draft in 2024. The City is in early discussions with Transport for NSW regarding potential off-street loading approaches in their assets in a number of inner locations.	On Track
Manage parking and kerbside space		
Ensure the Neighbourhood Parking Policy and kerbside allocation support city outcomes, such as the need for access for people with disabilities	The Neighbourhood Parking Policy sets the framework for kerbside allocation outside Central Sydney. City Staff have reviewed the Policy with a view to seeking Council approval to exhibit an updated Draft Policy in Q1 2024. The City works with the community to continually improve the alignment of kerbside parking restrictions with the location-specific needs of residents, businesses and their visitors. Additional mobility spaces and locations for pick up and drop off have now been installed.	On Track
Manage the demand for parking to ensure there is equitable access to the constrained supply	Parking restrictions are implemented to manage parking demand and encourage turnover. Rangers proactively monitor parking across the LGA to ensure turnover and parking space availability.	On Track

SD06 An equitable and inclusive city

Everyone feels welcome and can afford to live here if they choose. Everyone can participate, prosper, and reach their full potential in a city that is fair and just

6.1 We will respectfully strengthen partnerships and relationships with Aboriginal and Torres Strait Islander peoples and prioritise their cultural, social, environmental, spiritual and economic aspirations

Major Programs	Progress To Date	Status
Partnerships, self-determination and reconciliation		
Ongoing implementation of the Stretch Reconciliation Action Plan	The Stretch Reconciliation Action Plan is being implemented with updates reported quarterly at meetings with the RAP working group. An annual report is provided to Council and the City's Aboriginal and Torres Strait Islander advisory panel. The Closing the Gap priority actions are implemented through commitments in the City's Stretch Reconciliation Action Plan and actions in our Operational Plan.	On Track
Establish and maintain mutually beneficial relationships with Aboriginal and Torres Strait Islander stakeholders and organisations acknowledging the Closing the Gap priority actions	The City continues to hold meetings with the local NSW Coalition of Aboriginal Peak Organisations and affiliates on Closing the Gap initiatives including promoting opportunities within the City such as the Aboriginal and Torres Strait Islander collaboration fund. This funding program supports a strong and sustainable Aboriginal and Torres Strait Islander community controlled sector to deliver projects that meet the needs and aspirations of Aboriginal and Torres Strait Islander people in the local area. The City's Aboriginal and Torres Strait Islander advisory panel is an important relationship with community members who continue to provide advice and guidance on City activities.	On Track
Enable self determined, culturally safe spaces		
Support the community's aspirations for the future use of the local Aboriginal knowledge and culture centre in Redfern at 119 Redfern Street	In line with our commitment to support the community's aspirations, dedicated staff will work the Aboriginal and Torres Strait Islander community to engage them with 119 Redfern Street. Construction works are now complete and activation is planned for 2024.	On Track

6.2 Everyone feels welcome and included in the city

Major Programs	Progress To Date	Status
Inclusion		
Implement the Inclusion Disability Action Plan	<p>The City's Inclusion (Disability) Action Plan 2021-25 was adopted in June 2021.</p> <p>Highlights include:</p> <ul style="list-style-type: none"> • Programs and events for International Day of People with Disability across the City's community facilities. Promotion included a 'Disability inclusive things to do in Sydney' article • Over 76,000 views of 5 videos exploring the lives of young people with disability • 10 face to face Auslan Storytime sessions, with 2,452 views of Auslan and English Storytime videos • The City attained Disability Confident Recruiter accreditation for a second successive year • The City became a member of Zero Barriers, which provides support for local businesses to enhance access and inclusion • \$7.15 million was spent on upgrades to pedestrian access with 8,935m² of footpath, 49 new kerb ramps, and 2 continuous footpath treatments installed • There were 2,665 views of the Accessibility Map, and improvements were made for identifying construction hazards on the map • 7 parks and playgrounds were updated to be inclusive and welcoming of people with disabilities and sensory needs • 12 new mobility parking spaces were installed • 70 attendances at a "Good access is good for business" breakfast 	On Track

Support community needs

Deliver a library service which is responsive to existing and emerging community needs	Libraries welcomed 9,198 new members.. Attendance decreased by 11.65% on the previous quarter, attributed both to the exam period last quarter and holiday period this quarter, however visitation continues to increase post Covid-19 closures. The home library service made 680 deliveries, there were 163,518 library app launches and the online service team supported 11,257 interactions. Libraries continue collaboration with community centres providing weekly digital skills group sessions and participation at community events and festivals.	On Track
--	---	-----------------

Inclusive and accessible programs and services

Deliver cultural programs and services that are inclusive, accessible and affordable for all	The City delivered 4 Auslan Storytime sessions and 1 Auslan interpreted programs during this quarter. Of 127 survey responses 86% felt the programs they attended were accessible and inclusive, 88% felt they had learnt something new and 92% felt the programs inspired their own creativity. Programming across the Makerspace and Pine Street Creative Arts Centre continues to focus on providing affordable and welcoming opportunities for participants to build connections within the local community through creative practice.	On Track

6.3 Everyone benefits from equitable economic growth and has financial security

Major Programs	Progress To Date	Status									
Build community skills and capacity											
Provide demographic, visitor and sector data and analysis to local businesses to assist in decision making and sustainable growth	Surveys, case studies and reports section of the City's website contains latest data for external users. This includes the 2023 Housing Audit and 2023 Residential Monitor. The revised 2021 Estimated Resident Population has been updated. Further 2021 Census results have been updated on both the City's main and Census websites. The City's Floorspace and Employment survey is now complete and data is currently being analysed for public release in the next quarter. Local businesses, peak bodies and the City's Business Advisory Panel will be offered briefings on the findings.	On Track									
Advocate to ensure everyone can afford the essentials of daily life, from healthy fresh food through to services such as health care and education	The City continues to advocate for access to essentials of daily life through its work on development proposals including the Waterloo Redevelopment. The City recently prepared a submission to support the NSW Government's review to make renting fairer, more affordable, and secure. The City also prepared a submission to support the terms of reference for a national inquiry into the worsening rental crisis in Australia. The City is developing its own Sustainable Food Systems Policy and Action Plan to articulate the City's role in responding to and advocating for change in the food system, and offers direct support for food relief through the Food Support Grant program. The City continues to offer a range of programs to support the health and wellbeing of the community through our facilities and libraries.	On Track									
Increased employment and access to procurement											
Implement the City's Aboriginal and Torres Strait Islander workforce strategy in consultation with Aboriginal and Torres Strait Islander stakeholders and staff	The City continues to implement the Aboriginal and Torres Strait Islander workforce strategy in consultation with Aboriginal and Torres Strait Islander staff. A key focus is on cultural safety and wellbeing to support the retention of Aboriginal and Torres Strait Islander employees.	On Track

6.4 Communities are engaged and actively participate in the governance of their city

Major Programs	Progress To Date	Status
Community engagement		
Implement the Community Engagement Strategy to involve the community in the City's decision making processes for projects, strategies, policies and services	<p>Our Community Engagement Strategy describes the role communities play in our decision making processes, and includes our community participation plan which describes the public exhibition and notification processes for land use planning matters. An easy read version is available on the City's website. An accessible guide to decision-making at Council has been published online.</p> <p>25 projects across a wide range of business areas were consultation on between July and December 2023 - including a large multi-cultural and multi-lingual Haymarket Revitalisation engagement, consultations on the Redfern Neighbourhood vision and plan, Camperdown vision, and 7 small parks consultations. The City also coordinated 6 social housing forums.</p>	On Track

Provide inclusive, clear, accurate and accessible information to the community

Provide updates on our policies, services, projects and programs through communications that reflect and reach the diverse communities of the city

This financial year to date, City Communications has produced a variety of communications that reflect and reach our diverse communities, including:

- 9 monthly community centre and community development newsletters with details of events and activities for older people and people of non-English speaking backgrounds (2 of these newsletters are produced in both English and Chinese)
- 3 editions of the youth programs newsletter and promotion of youth programs through the What's On website and newsletter
- an ongoing multi-channel campaign for a Yes vote in the Voice to Parliament referendum
- promotion of the Calling Country component of the Sydney New Year's Eve celebrations, featuring several Aboriginal and Torres Strait Islander musicians and creatives
- a multilingual campaign engaging business, resident and visitor communities on the City's revitalisation and public domain plan for Haymarket, including translations into 5 languages.
- a campaign for Australian South Sea Islander National Recognition Day to celebrate the anniversary and promote cultural connection and learning
- a campaign for Wear It Purple Day, demonstrating the City's support for young LGBTIQ+ people
- promotion of the Indigenous Science Experience partnership event at Redfern Community Centre as part of National Science Week
- promotion of the Australian Sports Program at KGV in November and December, aimed at people who have recently arrived in Australia
- promotion of the Good Access is Good Business / Zero Barriers event on 30 November
- promotion of International Day for People with Disability on 3 December to increase community awareness, understanding and acceptance in the community
- promotion of Auslan story time events at Glebe Library
- promotion of the updated inclusive and accessible event guidelines.

On Track

Council elections

Ensure all electoral processes are well managed and meet legislative requirements

Following legislative change by the state government in September 2023 the City is no longer required to maintain a non-residential register. The City now has the same responsibilities to its non-residents as every other local government authority in New South Wales. The transition to meet the new requirements is nearing completion.

On Track

6.5 Communities have the skills, tools and access to technology to engage and participate in a digital life

Major Programs

SD07 Resilient and diverse communities

The city and its public places and infrastructure can withstand impacts from a changing climate and emergency situations. We work with communities, businesses, and other organisations to strengthen connections and networks, to prepare the city and be able to recover from most situations

7.1 Communities are connected and socially cohesive

Major Programs

Progress To Date

Status

Strengthen social cohesion

Foster cross-cultural awareness, tolerance, and connections among people from diverse cultural backgrounds including through services, programs, events and targeted initiatives

Services, programs, events and targeted activities were offered across the City to foster cross-cultural awareness, tolerance and connections among people from diverse backgrounds.

Highlights include:

- 205 attendances at monthly Glebe Community Barbeques
- 97 attendances at 2 Australian Sports Program events, providing new arrivals with opportunities to learn about Australian culture through sport
- 180 attendances at 3 events delivered through the International Student Leadership Ambassador Program to support international students to build community connections
- 45 attendees at a lunch celebrating the 58th anniversary of the Cliff Noble Community Centre, Redfern
- 200 attendances at an event with the Aboriginal Medical Service to celebrate NAIDOC Week, provide health checks and celebrate self-determination
- 400 people attended the National Indigenous Science Education Program at Redfern Community Centre to celebrate Aboriginal science, technology and education knowledge
- 28 attendees at a morning tea to celebrate Diwali at St Helens Community Centre, Glebe
- 120 attendances at an Aboriginal Star Stories of the Dreaming event and choir performance in Green Square Amphitheatre

On Track

Collaborate to address loneliness and social isolation

Support sectors of the community who are at risk of loneliness and isolation, including young people, older people, people who identify as LGBTIQA+, new migrants and international students

A wide range of low and no cost programs and activities were offered through our community centres and other locations across the City to support community members at risk of loneliness and isolation.

Highlights include:

- 599 attendances at "mums and bubs" programs at Reginald Murphy Community Centre, Potts Point and St Helen's Community Centre, Glebe
- 361 attendances across 7 events at community centres for RUOK day
- 443 attendances at programs and events supporting LGBTIQA+ communities including 28 at a Wear it Purple Games Day at Reginald Murphy Community Centre, Potts Point and 150 at an event in Prince Alfred Park celebrating rainbow young people
- 39 attendances at a Green Square Social Day, including Tai Chi, games and nutrition workshops
- 390 attendances at the Lord Mayor Senior's Christmas Reception
- 660 attendances at monthly Glebe Community BBQs
- 40 attendances at walks to Blackwattle Bay, Barangaroo, Mrs Macquarie's Chair and Centennial Park and 30 at walks in Green Square
- 235 attendees at open days at Ron Williams, Reginald Murphy and Cliff Noble Community Centres
- 885 attendances at end of year events across our community centres

On Track

7.2 Everyone has equitable and affordable access to community and cultural facilities and programs, supporting social connection and wellbeing

Major Programs	Progress To Date	Status									
Equity and affordability											
Deliver a diverse, inclusive and accessible range of affordable community programs, events and activities through community facilities	<p>A range of programs were offered to ensure community social inclusion, connection and participation. A total of 137 programs were offered, with 152,456 people attending.</p> <p>Highlights include:</p> <ul style="list-style-type: none"> • 37 attendances at Connect Sydney workshops for Aboriginal and Torres Strait Islander organisations and communities at Redfern Community Centre • 35 attendances at a recycling household items information session at Ultimo Community Centre in Cantonese and Mandarin • 100 attendances to celebrate Australian South Sea Islander Recognition Day Redfern Community Centre • 97 attendances at 2 Australian Sports Program events at King George V (KGV) Recreation Centre, providing new arrivals with opportunities to learn about Australian culture through sport • 45,500 attendances at targeted programs to improve community health and wellbeing • 101 programs to increase inclusion and diversity • 30 programs to support participation of people with disability • 9 programs in community centres to improve digital literacy and inclusion • 75 attendees at the Pymont Street Soccer program 	On Track									
Accessibility and inclusiveness											
Manage the property portfolio to ensure that planned upgrades to community facilities make spaces more inclusive to all and optimise community needs	The City has an ongoing funding program for the renewal and upgrade of the community facility portfolio to make spaces more inclusive to all and optimise community needs.	On Track									
Support social connection and wellbeing											
Collect, analyse and report data within the Community Indicators framework to identify wellbeing trends and to inform priority programs and services	The fieldwork and data collection for the City's Wellbeing Survey has now been completed. There were over 3,000 responses, including from priority communities including social housing residents and Aboriginal and Torres Strait Islander community members. The collected data is being analysed and the results will be included in the Community Wellbeing Indicators report in the next 6 months.	On Track

----------------	------------------	--------

Resilience and climate risk management planning

Partner with regional governments, business and the community to facilitate development and delivery of the second Resilient Sydney Strategy for the Greater Sydney region	Work on the new Resilient Sydney strategy (2025-2030) continues. During November and December 2023, 6 Community Resilience Workshops of 50 randomly recruited community members in each place provided their expertise and evidence on the resilience of the different areas of Greater Sydney. Sessions were held in the CBD, Parramatta, Liverpool, Kogarah, Chatswood and Penrith. Representatives from local councils and the NSW Reconstruction Authority attended in support. Information from the sessions is informing the new Resilience Risk Assessment to update the shocks, stresses, vulnerable assets and megatrends of Greater Sydney. Further stakeholder interviews are planned for the new year. Community members and stakeholders are invited to participate in an online survey on the state of resilience in Sydney to inform the new strategy.	On Track
--	---	-----------------

Implement the City's Floodplain Management Policy and plans and work collaboratively with asset owners and developers to fund and implement flood risk management plan actions, incorporating climate change scenarios	The City has an adopted interim floodplain management policy. The policy is being implemented through the development approval process. This policy along with the Development Control Plan (DCP) and Local Environment Plan (LEP) are being reviewed to ensure compliance with the current amendment to the planning regulations. The City continues to work collaboratively with asset owners and developers with regards to ensuring that flood risks are appropriately managed.	On Track
--	---	-----------------

Support communities to build capacity and capability for resilience

Work with the community, emergency services and relevant agencies to build capacity and resilience to prevent, prepare, respond and recover from emergencies	The City continues to coordinate the activities of the Local Emergency Management Committee. This includes regular meetings and reporting on emerging issues.	On Track
Support communities beyond our local area and international communities experiencing emergency situations	In the first half of the year, two donations were approved by Council for a year to date total of \$50,000. These donations were made to Oxfam Australia to support the Morocco earthquake appeal and UNICEF Limited to support the children's emergency appeal in Libya.	On Track

7.4 The city economy is diversified to strengthen its resilience

Major Programs	Progress To Date	Status
----------------	------------------	--------

Economic diversity

Invest in projects delivered through alternative business models that support equitable and inclusive economic development	In the first half of the year, 18 grants were approved by Council to social enterprises with a year to date value of \$928,445 in cash and value-in-kind. This includes support to Blax Capital, a financial services body launching the Indigenous Gender Lens Fund to support female-led Indigenous businesses, Plate It Forward, a food based collective that works with diverse communities experiencing long term unemployment, and WorkVentures, an IT social enterprise providing sustainable technology solutions.	On Track
--	--	-----------------

Economic resilience

Contribute to metropolitan and state-wide strategic economic planning

The City continues to contribute to state-wide economic planning outcomes. The City is drafting the new Economic Strategy, incorporating feedback from various stakeholders, including the City's Business Advisory Panel, NSW Government agencies, peak bodies, and the community.

The City also holds significant roles in numerous NSW Government working groups and committees. It is a founding member of the NSW Night Time Economy Councils' Committee, participates in the NSW Government's 24-Hour Economy Advisory Group, serves as Chair of the Council of Capital City Lord Mayors National Economic Development group, and participates in the Visitor Economy Greater Sydney Local Councils Group, formed by Destination NSW. It also sits on the Study NSW International Student Experience Consultation Committee, providing recommendations to the Study NSW International Education Advisory Board. The City is also on the Tech Central Interim Governance Leadership Group that is working to drive the development of the innovation district.

The City continues to convene regular meetings with local business chambers and peak bodies and is involved in the three-year trial of the Western Harbour Precinct Business Improvement District, now operating as New Sydney Waterfront Company.

7.5 People feel safe in the city

Major Programs

Progress To Date

Status

Collaboration

Work with police and other organisations to deter, detect, delay, and respond to incidents in the public domain

The City continues to support the NSW Police with the Street Safety Camera Programs 24/7 operations. At the end of Q2 we had received 812 applications for CCTV footage with 544 released to support the police in investigating and prosecuting offences.

The City is also a member of several precinct security groups including Martin, Pitt St Mall, Circular Quay, St Andrews, and Anzac Memorial. These groups provide an opportunity for businesses and landowners to collaborate efforts to ensure the safety of crowded places.

On Track

Embed the NSW Child Safe Standards

Ensure effective implementation of the NSW Child Safe Standards across our organisation

The City's Child Safety Policy was reviewed to align to the NSW Child Safe Standards in line with the requirements of the Child Safe Scheme, which is mandatory for all Councils in NSW. The revised policy was endorsed by Council in September 2022. The City has in place numerous operational Child Safety procedures that give effect to the commitments in the Policy. The NSW Child Safe Standards continue to be embedded into practice.

On Track

Community safety

Operate patrols to monitor legislative compliance and respond to complaints including but not limited to parking, development consents, companion animals, noise and unlawful trading

For the first half of the financial year Rangers have spent 82,508 hours on targeted patrols to monitor legislative compliance and respond to complaints, including but not limited to Parking, Development Applications, companion animals, noise, litter and unlawful trading.

On Track

Deliver programs to improve safety for women and gender diverse communities

The City hosted 2 inner city domestic and family violence (DFV) forums attended by 95 people including specialist domestic violence services, charities and peak bodies, as well a "Lessons in Disaster" workshop in partnership with Gender and Disaster Australia and the subsequent 'train the trainer' program.

On Track

During the United Nations 16 Days of Activism against gender-based violence the City supported a program of initiatives to make a safer future for women and girls, including; Let's End Domestic Violence Vigil, DFV prevention workshops with Women and Girls Emergency Centre, Lous's Place Empty Shoes vigil, Mudgin-Gal Women Dancing Festival at Redfern Community Centre, Education Centre Against Violence training for sector workers, and LoveBites Respectful Relationship Education for young people.

The City's Safer Cities: Her Way Belmore Park project in partnership with Transport for NSW aims to trial place-based approaches to improve perceptions of safety for women, girls and gender diverse communities. In this period 3 safety walks were conducted followed by 2 co-design workshops to develop a demonstration project.

Community led solutions

Integrate community wealth building within our resilience and economic strategies and use its principles to influence operational activities	Community Wealth Building seeks to shift economic power and benefits towards local communities to build inclusive, sustainable, and resilient economies. The principles of Community Wealth Building are being embedded throughout the City's new Economic Strategy, including actions that promote the establishment of anchor institute networks, progressive procurement practices to provide opportunities for local startups, social and Indigenous enterprises, more inclusive use of government land to support local economic opportunities, and business upskilling programs that promote fairer work practices. Public art

Deliver the City Art program including commissioning public art works and maintaining, conserving and communicating the City Art Public Art collection

As part of the City Centre Public Art Plan a further laneway artwork 'In through the out door' by Callum Morton has been fabricated and is due for installation by early 2024. Originally commissioned for the City Art Temporary Laneway program Katy Plummer's artwork 'We Are All Astonishingly Wise' is being acquired into the City Art Public Art Collection and the 'Barlow Street Forest' by the Dirt Witches is now a permanent remnant of Eastern Suburbs Banksia Scrub following its redesign in Barlow Street near the newly pedestrianised George Street in Haymarket. A children and families resource which will be available for download from the City Art website will allow families to explore the public art collection with their children as part of the engagement element of the City Art Public Art program, allowing people to experience and engage with the City through public art. In Green Square under the guidance of Curator Amanda Sharrad, the Connecting Project 'Here is Here. And Everywhere' by Tobias Rehberger is currently being documented for construction.

On Track

Investment in local creation and production

Provide opportunities through our cultural funding and programs to increase creative participation, enhance creativity in the public domain and strengthen the local cultural and creative economy

101 Cultural projects were approved by Council and awarded through Creative grants, Aboriginal and Torres Strait Islander collaboration fund, Festivals and Events sponsorship, Innovation and Ideas, Quick Response Street Banner sponsorships, Venue Hire support grant programs. This included support for events in Glebe celebrating NAIDOC week, Creative Plus Business Group for a capacity building business program for Sydney based creatives, 4A Centre for Contemporary Asian Art presenting a series of events activating the Haymarket precinct, and a free urban arts festival for the Woollahroo community.

On Track

Additionally, a total of \$1,535,320 in rent foregone was provided to cultural organisations in the Accommodation Grant Program for long term use of the City's spaces, including Milk Crate Theatre at Alexandria Town Hall, Kil.n.it Experimental Ceramics Studio at the Nurses Quarters in Glebe and Asian Australian Artists Association at 181-187 Hay Street, Haymarket.

Sydney is an innovative, creative and global city

Produce an annual program of events and festivals that showcase local stories internationally, champions local cultural production, actively engages with local communities

The City continues to produce events that showcase and celebrate local precincts and communities such as Sydney Streets, Sydney Lunar Festival and local Christmas celebrations. Local creatives, suppliers, artists, performers and organisations are engaged for all City events including Sydney New Year's Eve. A key strategic focus of the event program is to reflect community diversity by telling local stories and championing the work and innovation of local creators.

On Track

Prioritise local culture

Implement the City's history and curatorial programs

The City delivers public and internal advice and engagement programs to share Sydney's history, heritage and culture. Staff have contributed research for park signage and bespoke hoardings. The 'Parade' and 'Renewal' walks have been made available as accessible PDFs on the City's website. The Barani website continues to be a major access point for Sydney's Aboriginal history. The City hosted tours of Sydney Town Hall for delegates of the 2023 ICOMOS convention which focused on the conservation and protection of heritage places.

On Track

Connect with and engage the community

Deliver an inclusive, welcoming cultural program within relevant City cultural venues

The City delivered 101 cultural programs, both online and face-to-face with 763 participants across cultural venues including Pine Street Creative Arts Centre, Libraries, the makerspace and the Ultimo Community Centre.

On Track

Highlights included the introduction of Ultimo art clubs for over 55's and children, Aboriginal Astronomy Night and Star Gazing at Green Square Library, Festive Makertime for families, an air sticks performance for International Day of People with Disability and a collaboration with the Archives team celebrating Rare Book Week.

Continue to work with Aboriginal and Torres Strait Islander people to improve local cultural representation

Commission a series of public artworks to deliver the Eora Journey: Recognition in the Public Domain program, as part of the City Art Public Art program

The City has completed 4 of the 7 public art projects in the Eora Journey; Recognition in the Public Domain program, curated by Hetti Perkins, to take place over a 10 year period. The most recent project being 'bara', Monument for the Eora by artist Judy Watson. Yananurala, curated by Emily McDaniel, is in development with artist Lucy Simpson carrying out design development of her concept in response to the brief for the first project 'Sitelines and Conversations' which is being developed in partnership with Place Management NSW and project partners including cultural institutions. A community cultural event is planned at Tara/Dawes Point to involve Aboriginal and Torres Strait Islander communities in creating an artist brief for a public artwork celebrating Patyegarang's gift of Sydney Aboriginal language to William Dawes. The second stage of the Redfern Terrace project which sees the corner terrace on Hugo and Caroline Streets transformed into a living museum of life on 'The Block' is aligned with the Redfern Waterloo public domain planning work, for which consultation has now closed .

Encourage investment in new creative employment space

Investigate innovative partnerships, financing models and revenue streams to support the delivery of new cultural infrastructure at scale

The Cultural and Creative Sector Advisory Panel held the fourth and final meeting for the year in late 2023. The Panel provided guidance on the cultural strategy currently in development, in line with their identified advocacy priorities - affordability of creative space, access to creative space, the need for creative production space, and rezoning of industrial/commercial spaces for cultural uses.

On Track

Supported by an Innovation and Ideas Grant, Left Bank Co produced the second Making Space for Culture Incubation Program for creatives and property sector participants. Learnings from the 7 month incubator program were included in a program report.

Encourage creative and cultural organisations and operators to live and work in Sydney

Deliver cultural programs and liaise with providers to deliver programs

Joynton Avenue Creative Centre, managed by 107 Projects, achieved a 100% occupancy rate by providing access to 16 subsidised creative spaces for 34 creative tenants. Programming included Dia de los Muertos, a month-long Day of the Dead program full of art, performances, food and dance and Jazz and Blues music events delivered in collaboration with Sydney Improvised Music Association, such as the Sydney International Women's Jazz Festival.

On Track

East Sydney Community and Arts Centre, managed by Brand X, achieved a 60% occupancy rate for their rehearsal space. They launched season 8 of their Flying Nun Program, providing 11 residencies with access to rehearsal space, marketing, technical support and short-run productions to develop and support emerging artists.

The City of Sydney Creative Studios, operated by Brand X includes 30 purpose built creative spaces for artists and arts organisations. All long-term tenant spaces are at 100% occupancy with utilisation levels for short-term use continuing to increase each quarter.

Develop and promote the Tech Central Innovation precinct

Work collaboratively with the Tech Central Alliance, Greater Cities Commission and other agencies and organisations to position Tech Central as the driver of place-based innovation

The City continues to work with stakeholders to position Tech Central as the driver of place-based innovation. The City meets monthly with Investment NSW which has assumed responsibility for innovation precincts since the Greater Cities Commission was wound up by the NSW Government. This ensures continued strategic alignment and coordination of programming and events in the area. The City provided an Innovation and Ideas grant to support the promotion and activation of Tech Central by co-sponsoring Cicada Innovations' Tech23 Deep-Tech Annual Conference and Ecosystem Leaders Dinner on 26 July. The City also supported the inaugural South By South West Sydney event with \$100,000 in cash and \$220,000 value-in-kind directed towards activations in the Tech Central precinct. The City also participated in the Quarterly Tech Central Connect event in November.

On Track

A safe and desirable destination

Work collaboratively with relevant organisations to help promote Sydney to potential investors, global companies, entrepreneurs, researchers and talent

The City continues to work closely with Business Events Sydney to support the attraction of domestic and international business events for Sydney for the period 2023 to 2028. During the last six months, BESydney has submitted seven new events, and secured three new bids for Sydney which will bring 920 delegates across 3700 delegate days, and deliver over \$3.5m estimated direct expenditure to our local economy. In October, the City met for the first time with the team at Investment NSW's Global Markets for Europe, UK, and Israel, as well as with the NSW Technology Export Services team assisting startups in scaling overseas. City representatives also met with a delegation of Singaporean tech companies at Haymarket HQ, led by Enterprise Singapore, discussing Sydney's tech sector benefits for business relocation. In November a presentation was delivered to the Denver Economic Development Agency at the Sydney Startup Hub, and introductions were made between the Greenhouse team and the Tokyo Metropolitan Government for potential collaboration.

On Track

Support local businesses – technology and innovation

Deliver and support free capacity building programs for businesses and tech startups that encourage innovation, diversification, and adoption of new technologies across emerging and priority sectors

The City provided a total of \$397,950 in cash funding to local Chambers of Commerce and Industry Associations through the Business sector support grant program across 10 grants for projects such as networking events, capacity building programs, destination marketing and printed guides. A total of \$388,396 in cash funding was provided through the Innovation and Ideas for 9 grants for projects to build the capacity of local business and support industry sectors such as retail, hospitality, social enterprise, tech, international education and creatives. The City completed the 2023 Business Needs Survey which asks local businesses about their current needs and the type of support they require from the City. A total of 524 responses were received and a report is being compiled for publication.

On Track

Support creative industries

Deliver and facilitate opportunities for skills development, collaboration and capacity building to ensure cultural sector resilience and sustainability

The City collated a regular digest email of support information, funding and collaboration opportunities relating to the cultural sector, which was distributed to cultural tenants and cultural grant recipients. A pilot workshop series for cultural and creative tenants in the Accommodation Grants program was delivered.. The program supported cultural organisations to undertake meaningful engagement with the local Aboriginal and Torres Strait Islander community.

9.2 The transition to a zero-carbon economy offers new economic opportunities

Major Programs	Progress To Date	Status
Innovation and commercialisation of research		
Work closely with the operator of Greenhouse, the City's new business innovation space at Circular Quay to provide affordable workspace, capacity building programming, and access to funding for green and climate tech startups	Greenhouse, a new business innovation hub situated at Circular Quay opened in October 2023. The City contributed \$7m to fitout and \$22m in rent abatement over the next decade through the Accommodation Grant Program. Greenhouse is located at 180 George Street Circular Quay. Currently operating across two floors, The hub will offer a total of 3,800 square meters of affordable workspace, accommodating up to 475 desks and providing versatile event space for the ecosystem to meet. Greenhouse is designed to cater to green economy-focused startups and scaleups, also offering a comprehensive range of high-quality, affordable programs, events, and support services. These initiatives aim to empower Sydney's climate tech startups, helping them expand into global markets and make a positive impact on the green economy and zero-carbon.	On Track
Promote and support development of key green sectors		
Explore opportunities to position Sydney as a regional hub for sustainable finance, in collaboration with the NSW Government, Australian Sustainable Finance Initiative, and other key stakeholders	The City is currently formulating its new Economic Strategy, which prioritises the transition to a green and circular economy and includes specific actions aimed at supporting Sydney's positioning as a regional hub for sustainable finance. The City has continued discussions with both the Australian Sustainable Finance Institute and the NSW government to further explore this opportunity. The City opened the Greenhouse Climate Tech Hub at Circular Quay in October 2023. This hub will foster the establishment and growth of sustainability-focused tech companies and provide a platform to attract more sustainable finance to Sydney. It runs a range of services for sustainability-focused startups, including building business skills and connecting startups to investors and venture capital.	On Track

9.3 An inclusive city economy provides opportunities for everyone to participate and share in its prosperity

Major Programs	Progress To Date	Status
Collect, analyse and share data		
Provide demographic and economic development information to enable enhanced community decision making	Further data from the 2021 Census has been added to the City's website. The city's estimated resident population was revised in August (218,096) and has been updated accordingly. The Housing Audits and Residential Monitor have been updated. The Floor Space and Employment Survey results, and the Wellbeing Survey results will be updated in the second half of 2023/24.	On Track

9.4 Creativity and great experiences fuel the vitality of the city

Major Programs	Progress To Date	Status
Activation of places and precincts		
Activate local precincts through fostering collaboration within the business community and investment in year-round creative programming	The City held 7 Sydney Streets events. . A total of 130 local businesses/organisations participated with activations including outdoor dining, stalls, pop-ups, and live performances. The City engaged 340 artists/performers across events. Attendees were surveyed with a total of 403 responses. 92% rated their overall experience as good or excellent and 45% said they discovered a new business they would revisit. 41% were from the event suburb, of these 76% agreed or strongly agreed they felt more part of their local community as a result of the event, and 98% said they would attend a Sydney Streets or similar event in the future. The post-event survey of local businesses/organisations received 105 responses. Of those surveyed, 43% increased their turnover compared to a normal day by more than 20%, of which 16% increased turnover by more than 100%. Businesses reported engaging 107 artists/performers and 85% reported they'd support future events.	On Track

Streamlined regulation and compliance

Continue to develop the business concierge service by increasing its service offering across a multi-channel environment	The Business Concierge team continued to support the City's Grants program, by assisting applicants with enquiries, and the Sydney Streets program by speaking with businesses in Glebe, Pyrmont, Surry Hills, Haymarket, East Sydney, Redfern and Potts Point, and surveying attendees of the event days. Insights from qualitative research will be used to inform development of the concierge role across the City's One CRM system, corporate website and virtual agent.	On Track
--	---	-----------------

Support the visitor economy

Invest in, support and promote major festivals and events that attract local and global audiences which contribute to Sydney's vibrancy	Destructive Steps Street Dance festival attracted 10 international and numerous national competitors over 10 competition arenas with over 100 competitors in most categories. Many dancers compete at this festival to gain qualification to international festivals. Sydney Fringe Festival produced over 1861 event sessions, including 128 new works supporting 2,119 artists. They encouraged local Indigenous audiences through their Deadly Tix program selling 361 tickets. The Festival estimated an economic impact of \$34,387,848 to the local economy. The Yellamundie Development Festival developed and presented new First People's stories for stage. The Festival had significant impact on the development of local and national Indigenous artists attracting national engagement with theatres and potential producers for future productions. The inaugural South By Southwest Sydney delivered 1178 sessions and events with attendance of 287,014 international and national visitors. Retail and hospitality businesses participated in Vogue Fashion's Night Out 2023 program including instore activations and exclusive offers, shoppable runway shows, online live streaming and entertainment.	On Track
---	---	-----------------

Collaborate with relevant visitor economy peak bodies and agencies to rebuild and promote the visitor economy, with particular focus on Sydney experiences, tourism and international education

The City works closely with key partners including Destination NSW, Placemaking NSW, Office of the 24-Hour Economy Commissioner, Study NSW, and the wider visitor economy sector to promote Sydney as a destination to live, work, visit and study.

On Track

The City shares data with the sector including international visitor arrivals and spend on a quarterly basis. International visitor arrivals to Sydney are rebounding strongly and are currently at 82% compared with the same period of 2019 arrivals. Local spend from international visitors has followed a similar recovery trend with spend now at 84% of pre-pandemic level. This spend excludes travel expenses paid for before arriving in Sydney, with spend on dining and entertainment up 111% of pre-pandemic levels, and specialised and luxury goods sales up 87% of pre-pandemic levels.

Major events such as Sydney WorldPride, Vivid Sydney, FIFA Women's World Cup, and SXSU Sydney have seen visitor arrivals surge throughout 2023 and this trend is expected to continue as events such as Sydney Christmas, Sydney New Years Eve, and Lunar Festival are promoted to global audiences.

The City continues to deliver a suite of visitor services including the Destination Ambassador volunteer program and the Roaming Ambassador program at Circular Quay where over 30,000 interactions with visitors have occurred this quarter alone.

Develop and deliver tourist information programs to meet visitor requirements

A working interactive screen has been added to the City's community pylons network, showing visitors activities and events (curated and powered by the City's What's On website) nearby in the CBD. Opportunities to join the Visitor Ambassador volunteer team using organic and paid social media channels continue to be promoted as and when required. The City's What's On website continues to be the flagship platform for promotion of city activations and destination marketing.

On Track

Implement projects and programs to support the recovery of the international education sector

As at September 2023 (most recent data available at the time of reporting) there were 203,540 students from overseas enrolled in the inner Sydney region, with 103,120 international students starting new education programs between January to September 2023. International student growth in 2023 has been particularly strong from China and India, with the number of new students enrolling to study in NSW from these countries doubling from 2022 to now be significantly above the 2019 level. Subsequently, India has overtaken Nepal to become the 2nd largest origin of new international students in NSW. There has been a notable shift towards higher education courses, with 47% of new international student enrolments seeking higher education qualifications, up from 35% in 2019. Conversely, there has been a drop in the share of new students enrolling in language (ELICOS) and non-award courses.

The City continues to collaborate with strategic partners from across the international education sector to support the student experience, including meeting with Study NSW and with the inter-agency International Student Health Hub consortium.

The City's International Student Leadership Ambassadors (ISLA) have continued to meet regularly and have been involved in sector led events, including the 5 December international education agents annual conference, Sympled 2023. On 30 October the annual International Education Forum was hosted in Lower Town Hall with the theme of Empowering Education, Driving Innovation and Connecting Communities. The event was hosted by the City with support from Study NSW and approx. 150 education and business stakeholders attended. A keynote address was delivered by Professor Eric Knight, Executive Dean & Professor of Strategic Management, Macquarie Business School, on Building a Thriving and Skilled Australia: Planning the Next Decade in International Education.

9.5 Unique local neighbourhoods and the global city centre support thriving economic activity

Major Programs	Progress To Date	Status
----------------	------------------	--------

Promote economic activity and local neighbourhood identity

Support the development and implementation of the Oxford Street LGBTIQA+ Place Strategy	<p>The City worked with Oxford Street businesses and the LGBTIQA+ community to develop a Pride Business Charter which supports local businesses to adopt practices that are inclusive of diverse LGBTIQA+ communities. The Charter was launched in June 2023 and 45 businesses have signed up.</p> <p>To support the Charter, the City developed online diversity and inclusion training. The training is free to members of the Charter and designed to increase staff awareness and understanding of LGBTIQA+ communities. The training was made available in October 2023, 40 staff from 9 member businesses have completed the training so far.</p> <p>A Steering Committee was established to oversee the Charter and coordinate member events for participating businesses. The City provides secretariat support to the Steering Committee. The newly established Rainbow Precinct, supported through the Office of the 24 Hour Economy Commissioners Uptown program, has expressed an interest in taking over maintenance and management of the Business Charter in the long term.</p>	On Track
---	--	-----------------

Facilitate the assessment, approval and installation of infrastructure for eligible businesses for on-street alfresco dining	<p>An internal steering committee has been established to oversee the project and a cross-divisional working group has completed a desk top assessment of all approved sites. A business case is being developed to consider options for progressing to a permanent design before reporting back to Council in early 2024.</p> <p>The City continues to receive a small number of applications for on-street dining, with 4 businesses in various locations currently under assessment. Further to this, the City received an on-street dining application for space in Grafton Lane, Chippendale. Following public consultation and endorsement by the LPCTCC at their December meeting, the City will report to Council in early 2024 to formally approve the installation of traffic treatments to close Grafton Lane Chippendale, between Broadway and Knox Street, to vehicular traffic.</p> <p>As of 30 November 2023, 168 businesses have been approved for on-street alfresco dining, with a total of 2,027 square metres of road space reallocated.</p>	On Track
--	--	-----------------

Economic diversity

Implement the Eora Journey Economic Development Plan by facilitating access to appropriate space, skills development programs and employment opportunities in the city centre for Aboriginal and Torres Strait Islander business	<p>Work continues on the implementation of the Eora Journey Economic Development Plan. An action in the plan was to develop an Aboriginal and Torres Strait Islander Workforce Strategy, which has been completed. The Strategy aims to make the City of Sydney an attractive workplace where Aboriginal and Torres Strait Islander people feel welcome and encouraged to apply for roles, and can access employment opportunities and mobility within the organisation. One Economic grant has been approved to an Aboriginal and Torres Strait Islander organisation, Blax Capital received funding through the Innovation and Ideas program for the launch of their Indigenous Gender Lens Fund which supports female-led Indigenous businesses.</p>	On Track
--	---	-----------------

Develop and promote vibrant, safe and sustainable 24-hour precincts that offer a diverse range of leisure and entertainment options, inviting public spaces and connected transport options in collaboration with NSW Government 24-Hour Economy Office	<p>The City provided 13 grants to a total value of \$445,000 to local precincts through the Business Sectors, Innovation and Ideas and Festival & Events Sponsorship grant programs for projects that promote vibrant, safe and sustainable precincts during the 2023/2024 financial year. The City has been working with the NSW Office of the 24-hour Commissioner to support the development of vibrant and sustainable 24-hour precincts through the Uptown District Accelerator program, Purple Flag Accreditation Scheme and Council initiatives. In 2022, 21 precincts within our local government area completed the Uptown District Accelerator program, with 13 local precincts receiving up to \$200,000 in grant funding for a precinct coordinator and destination marketing. In 2023, a further 11 local precincts completed the Uptown District Accelerator program. The City supports Precinct Coordinators in delivering their plans by facilitating access to City programs and services. The City is a member of the YCK Laneways Precinct working group and will continue to support the area to maintain its Purple Flag Accreditation.</p>	On Track

SD10 Housing for all

This is a city where everyone has a home. Social, affordable, and supported housing is available for those who need it. High-quality housing is available for everyone

10.1 People sleeping rough or at risk of experiencing homelessness have access to adequate accommodation, services, and support to meet their needs

Major Programs	Progress To Date	Status
Collaboration and advocacy		
<p>Advocate for innovative responses, and build the capacity of City staff, non-government services and the community to contribute to preventing and reducing homelessness</p>	<p>The City continues to advocate for the needs of individuals experiencing homelessness through:</p> <ul style="list-style-type: none"> • Chairing the Aboriginal Case Coordination Group, Homeless Assertive Outreach Response Team and Non-Resident Case Coordination Group • Chairing the Local Government Homelessness Communities of Practice. • Co-ordinating and presenting at the Council of Capital Cities Lord Mayors National Local Government Communities of Practice in Melbourne • holding monthly place making meetings with mobile voluntary services to ensure compliance with the City's Guidelines • Convening sector workshops to improve responses for people experiencing homelessness during heat waves • attending ongoing meetings with Sydney University and St Vincent's Health Network to develop Mobile Cooling Hubs to support people experiencing homelessness 	On Track
<p>Partner and support the delivery and coordination of services to link people sleeping rough with services and support</p>	<p>The Homelessness Assertive Outreach Response Team (HART) coordinated by the City and Department of Communities and Justice continued weekly patrols and place-based operations to ensure a coordinated approach to safe, supported long-term housing. The HART engaged with 5,202 people since March 2019 and 410 people have been housed since March 2017.</p> <p>Highlights include:</p> <ul style="list-style-type: none"> • 98 people assisted to exit homelessness and 76 people prevented from entering homelessness as a result of City funded programs • 130 outcomes at the Woolloomooloo Integrated Support Hub for people experiencing or at risk of homelessness • consulted and worked with representatives of state and local government organisations and key specialist homelessness services to finalise a Boarding House Response • provided input into the Federal Housing and Homelessness Discussion paper for Council of Capital Cities Lord Mayors (and City of Sydney submission) • Attended an End Street Sleeping Collaboration (ESSC) workshop to improve "By Name List" delivery and implementation • The City is a member of the ESSC Leadership, Executive Sponsor and By Name List database design team 	On Track
Access to safe, secure and sustainable housing		
<p>Monitor patterns of homelessness, and services available for people who are homeless or at risk of homelessness to identify gaps and trends</p>	<p>277 people were counted sleeping rough across the local government area during the City's summer street count in February 2023. This represents a 23 percent increase when compared with February 2022. There were also 299 people occupying crisis and temporary accommodation beds.</p> <p>The City's Public Space Liaison Officers patrol 7 days a week, including during extreme weather events. They provide partner services, including the Department of Communities and Justice and NSW Health, with information on the needs of people street sleeping, and the numbers of people that need support.</p>	On Track

10.2 The supply of well maintained, safe, secure and sustainable social housing is increased to support diverse communities

Major Programs	Progress To Date	Status
----------------	------------------	--------

Safe, cohesive and connected neighbourhoods		
Provide and support community capacity building initiatives in social housing neighbourhoods	As part of its commitment under the Waterloo Human Services Collaboration, the City is working with social residents to improve safety on the Waterloo social housing estate. The co-designed safety action plan implemented through the Waterloo Wellbeing Safety Action Group has coordinated capacity-building opportunities for residents, including emergency preparedness in September, mental health first aid training in October, and domestic and family violence bystander training in November. Over 120 residents participated in these activities. In August 2023, the City in partnership with Redfern Neighbourhood Advisory Board tenant representatives and staff from Mission Australia, NSW Police, NSW Land and Housing Corporation, and NSW Department of Communities and Justice Housing Services undertook a safety audit of the Redfern North Social Housing precinct which includes Elizabeth, Walker, Redfern and Cooper Streets. The audit identified a number of actions for referral to agencies including lighting improvements, accessibility, graffiti management and maintenance.	On Track

Collaboration

Work in partnership to enhance the safety, liveability and amenity of social housing communities and properties

The City, in partnership with Counterpoint Community Services and the Surry Hills Neighbourhood Advisory Board, hosted Northcott Pet Day in September 2023. The event attracted over 300 residents and 132 companion animals including 86 dogs, 39 cats, 3 rabbits, 3 birds, and 1 lizard. The Cat Protection Society of NSW, RSPCA NSW, Sydney University Veterinary Teaching Hospital, and local veterinary clinics provided free pet health checks and advice to pet owners. Residents and their companion animals accessed free collars, leashes and gift bags, engraved pet tags, flea and worming treatments, microchipping and de-sexing bookings. The City convenes a monthly Social Housing Operations Group with NSW Department of Communities and Justice and NSW Land and Housing Corporation to improve safety and amenity in social housing. From July to December 44 issues were escalated to the issues log, 34 issues were closed during this period, representing a closure rate of 77 per cent. In December, the City supported 5 waste sessions with NSW Department of Communities and Justice to share information and survey residents. The Social Housing Operations Group established a steering group in December to address ongoing and systemic waste issues which will focus on innovation and collaboration.

On Track

Support people during urban renewal and development

Support communities to participate in social housing redevelopment projects

The City supported the work of the Redfern Waterloo Aboriginal Affordable Housing Alliance to build the capacity of Aboriginal community-controlled organisations and community to advocate for increased provision of social and affordable housing in the area. This advocacy influenced the NSW government's decision to provide 15% of social and affordable housing in Waterloo South for Aboriginal and Torres Strait Islander residents. The City funded Redfern Legal Centre through an Ad Hoc Grant to provide social housing residents impacted by current and future redevelopments across the local area with tenancy support, advocacy and legal services. The City funds Counterpoint Community Services to undertake capacity building and community development with social housing residents through the Waterloo social housing estate redevelopment including the coordination of monthly Waterloo Redevelopment Group community meetings and resident only meetings. The City coordinated 6 Social Housing forums hosted by the Lord Mayor between July and December 2023 in Glebe, Erskineville, Alexandria, Surry Hills, Waterloo, and Woollahooloo.

On Track

Advocacy

Advocate to ensure that the renewal of the housing estates are well planned and deliver improved social housing outcomes

Planning proposals for the provision of social housing and/or affordable housing have been completed on sites at Cowper Street, Glebe, Elizabeth Street, Redfern and Waterloo Estate (South). The City made a submission to a state led rezoning process for Explorer Street South Eveleigh. The City continues to advocate for high quality design, more social and affordable housing than what is generally proposed by the NSW Government, and the delivery of appropriate infrastructure to support future residents.

On Track

10.3 An increased supply of affordable housing supports diverse communities and the economy

Major Programs

Progress To Date

Status

Partnerships

Work with councils across metropolitan Sydney to increase affordable housing supply

The City works in collaboration with other councils, community housing providers and the Department of Planning and Environment to encourage the provision of affordable housing elsewhere in Greater Sydney. The Resilient Sydney Diverse and Affordable Housing Steering Committee (Steering Committee) first convened in March 2021 to work together to identify solutions to Sydney's housing affordability crisis. The Steering Group is chaired by the City's Chief Executive Officer. The project focuses on assisting councils implement affordable housing schemes; improving the availability of housing data for policy development; and fostering partnerships between councils and community housing providers for innovative delivery models.

On Track

Planning controls to encourage affordable rental housing

Facilitate affordable housing through the planning system, optimising programs, leveraging site specific opportunities and investigating opportunities for innovative approaches

The City's LGA wide affordable housing levy came into effect in July 2021 and is expected to deliver an additional 1,950 affordable dwellings. Planning proposals for NSW Land and Housing Corporation sites, that have now come into effect, at Cowper Street, Glebe and Elizabeth Street, Redfern and Waterloo Estate (South), Waterloo, will increase social and affordable housing. A state led rezoning of Explorer Street, Eveleigh is also expected to increase the amount of social and affordable housing in the local area. The City is working with other Councils to also encourage and mentor them in the development of affordable housing levy schemes. A planning proposal to increase the contribution rate in Ultimo/Pymont has now come into effect. About \$7.6M from the City's Employment Lands Affordable Housing Levy was allocated to Bridge Housing through a tender process with NSW Department of Communities and Justice to deliver affordable housing in Glebe. The City is investigating the potential increase in contribution rates in accordance with a Council resolution. Planning agreements for the onsite delivery of affordable housing has been negotiated for 923–935 Bourke Street, Waterloo and 118-130 Epsom Road and 905 South Dowling Street, Zetland.

Affordable rental housing units in the city area	No.	1,427	1,464	-	-	-	-	-	-	-	Reported annually in June. In the 2022/23 June quarter operational plan report, June 2022 data was incorrectly labelled as June 2023. This has been corrected. Includes housing audit data and diverse housing.	Indicator Only

10.4 Every neighbourhood has a mix of housing accommodating diverse and growing communities

Major Programs Progress To Date Status

Facilitate supply of diverse range of housing

Monitor the quantity of private residential and non-private residential development in the city by development phase

As at 31 December 2023 there were:

- 11,482 private residential dwellings approved or under construction in the city
- 4,203 non-private residential dwellings approved or under construction in the city
- 2,218 private residential dwellings lodged but not yet approved in the city
- 442 non-private residential dwellings lodged but not yet approved in the city

For the financial year to end December there were:

- 127 private dwellings completed
- 0 non-private dwellings completed

On Track

Facilitate supply of diverse range of housing

10.5 There is an increased supply of culturally appropriate social and affordable housing for Aboriginal and Torres Strait Islander peoples

Major Programs	Progress To Date	Status
Partner with the Aboriginal and Torres Strait Islander community to deliver improved housing outcomes		
Work with Aboriginal and Torres Strait Islander communities, housing providers, the NSW government and others to provide culturally appropriate affordable and social housing for Aboriginal and Torres Strait Islander peoples	The City initiated a requirement for a minimum amount of social and affordable housing for Aboriginal and Torres Strait Islander households in the Design Guide for Waterloo Estate (South). The guide also requires this housing to be designed so that it is culturally appropriate. The guide came into effect in February 2023.	On Track

Status definitions for progress reports

The City uses status types to summarise the overall status or progress of the deliverable.

Programs and projects:

	On track	Watch	Attention required
Program	Activities to deliver this program are progressing as expected.	Activities to deliver this program are progressing but minor issues or risks have been identified that may impact achieving all of the goals of this work.	A significant obstacle to delivering this program and achieving all the goals of this work has been identified and action is required.
Project	Work on this project is progressing as planned.	Work on this project is progressing but there is some risk to the project schedule, budget or outcomes and monitoring is required.	There is significant risk to the project schedule, budget or outcomes and corrective action is required.

Measures:

There are three different types of measures which have different status reporting parameters:

Within tolerance – these measures have a target with a tolerance and the status varies based on how large the variance is from that target as detailed in the table below.

On target – these measures have a target with no tolerance parameters. The status for these measures is either on track or attention required.

Trend – these measures do not have a target or have a target that is beyond the current financial year. This measure type is used to display a trend for demand or activity. When reported the status column for these measures says “Indicator Only” and the target column displays a “-“.

	On track	Watch	Attention required
Within tolerance	The measure result is on target or better than the target.	The measure has an unfavourable variance from target of up to 10%.	The measure has an unfavourable variance of more than 10% from target and action may be required.
On target	The measure result is on target or better than the target.	N/A - these measures do not use the “watch” status.	Any unfavourable variance from target.

Other status types:

Not yet due to report - Where a program, project or measure is not due to report in a particular report period, the status column will read “Not yet due to report”.

Glossary

BASIX – Building sustainability index, is a NSW Government planning measure to reduce household electricity and water use by setting minimum sustainability targets for new and renovated homes.

B-Corp – B Corporation (also B Lab or B Corp) is a private certification of for-profit companies of their social and environmental performance. Companies are required to seek re-certification every three years to retain B Corporation status.

C40 Cities – A network of the world's megacities committed to addressing climate change.

Canopy cover – The proportion of land area occupied by the tree's crown or canopy, or combined canopies, when visualised from directly above. It is often expressed as a percentage of the total area covered.

CALD – Culturally and linguistically diverse peoples referencing the many Australian communities that originally came from different countries and therefore have cultures and languages that are different to those of Australians born here generation after generation.

CBD – Central Business District. The Sydney Central Business District is the historical and main commercial centre of Sydney. Geographically, its north-south axis runs from Circular Quay in the north to Central railway station in the south. Its east-west axis runs from a chain of parkland that includes Hyde Park, The Domain, Royal Botanic Gardens and Farm Cove on Sydney Harbour in the east, to Darling Harbour and the Western Distributor in the west.

CCAP – Climate Change Action Plan - City is a web-based software application owned by Kinesis designed to aggregate, analyse and report disparate urban data to measure, track, report and manage energy use and sustainability performance.

CWI – Community Wellbeing Indicators developed in partnership with the Institute for Sustainable Futures at the University of Technology, Sydney and the McCaughey Research Centre from the University of Melbourne which provide a critical evidence-base on changing trends and issues affecting the community over time that can inform policy development and service provision investment planning.

DA – Development application for land use.

DCJ – Department of Communities and Justice supports vulnerable people and families to participate in social and economic life and build stronger communities.

DCP – Development control plan, providing detailed planning and design guidelines to support the planning controls in the local environmental plans.

DPE – Department of Planning and Environment provide services in urban and regional planning, natural resources, industry, environment, Aboriginal and social housing, and regional New South Wales. Previously known as **DPIE** – Department of Planning, Industry and Environment.

Environmental Management System (EMS) – Is a structured system designed to help manage environmental impacts and improve the environmental performance of the City's operations.

EPA – NSW Environment Protection Authority is the primary environmental regulator for New South Wales. Its purpose is to improve environmental performance and waste management for NSW.

ERP – The estimated residential population is the official measure of Australia's population based on the concept of usual residence, developed by the Australian Bureau of Statistics for use in between each Census.

EEO – Equal employment opportunity.

Greenhouse gas emissions – Gases that trap heat in the atmosphere. Greenhouse gases from human activities are the most significant driver of observed climate change since the mid-20th century.

HART – Homelessness Assertive Outreach Response Team is a partnership between NSW Department of Communities and Justice and City of Sydney who collaborate with specialist health, homelessness, and other non-government services to provide services for people sleeping rough.

ICAC – The Independent Commission Against Corruption is an independent organisation to protect the public interest, prevent breaches of public trust and guide the conduct of public officials in the NSW public sector.

IPART – Independent Pricing and Regulatory Tribunal. Is the independent regulator that determines the maximum prices that can be charged for certain retail energy, water and transport services in New South Wales and also reviews certain matters relating to local government, including the annual rate peg.

LED – Light-emitting diode, a type of lightbulb

LEP – Local environment plans which are planning instruments that apply to the local area.

LGA – local government area. The Sydney LGA is made up of 33 suburbs wholly or partly contained within our Local Government Area boundary. They are Alexandria, Annandale, Barangaroo, Beaconsfield, Camperdown, Centennial Park, Chippendale, Darlinghurst, Darlington, Dawes Point, Elizabeth Bay, Erskineville, Eveleigh, Forest Lodge, Glebe, Haymarket, Millers Point, Moore Park, Newtown, Paddington, Potts Point, Pyrmont, Redfern, Rosebery, Rushcutters Bay, St Peters, Surry Hills, Sydney, The Rocks, Ultimo, Waterloo, Woolloomooloo and Zetland.

LGBTIQ+ – evolving acronym to signify lesbian, gay, bisexual, transgender, intersex, queer/questioning and asexual people collectively.

MPEP – Major Properties Efficiency Project, implemented by the City to investigate and deliver cost-effective options for reducing emissions generation and water consumption at 14 City properties which together account for at least 80% (electricity), 95% (gas) and 70% (water) of utility usage across the City's property portfolio.

NABERS – National Australian Built Environment Rating System is a national rating system that measures the environmental performance (energy efficiency, water usage, waste management and indoor environment quality) of Australian buildings and tenancies and their impact on the environment.

Net zero emissions – Balancing the amount of carbon released with an equivalent amount offset by purchasing carbon credits to make up the difference.

Non-potable water – Water that is not of a quality for drinking and cooking purposes, used for purposes such as laundry, gardening, car washing and cooling towers.

Potable water – Treated water that is safe enough for consumption, use in kitchens and bathrooms. Water that is of drinking water quality for use in bathrooms, kitchens and for consumption.

PPE – Personal protective equipment or clothing used and/or worn to provide personal health and safety.

Recycled water – Former wastewater (sewage) is treated to remove solids and impurities and used for non-potable water needs, rather than discharged into waterways.

RMS – Roads and Maritime Services is an operating agency within TfNSW responsible for setting the strategic direction and guiding an extended network of public and private service delivery agencies to provide improved transport outcomes.

Renewable energy – Energy from resources which are naturally replenished on a human timescale, such as sunlight, wind, rain, tides, waves, and geothermal heat.

Resilience – The capacity to survive, adapt and grow no matter what kinds of chronic stresses and acute shocks are experienced.

RMS – Roads and Maritime Services is an operating agency within TfNSW responsible for setting the strategic direction and guiding an extended network of public and private service delivery agencies to provide improved transport outcomes.

SEPP – State Environmental Planning Policies which apply across the state.

Sustainability Management and Reporting Tool (SMART) – the utilities tool used to record and report the Council's utility consumption for its buildings, parks, civic-spaces and street lighting.

SRAP – Stretch Reconciliation Action Plan. Adopted by the City in 2020, this reconciliation action plan outlines our vision and action we will take for reconciliation that values the living cultures of Aboriginal and Torres Strait Islander people, embraces the truthful reflection of the history and experiences of First Nations peoples, and is dedicated to equity, opportunity and respect for Aboriginal and Torres Strait Islander communities.

SSROC – South Sydney Regional Organisation of Councils is an association of 11 councils spanning Sydney's southern, eastern, central and inner west suburbs which provides a forum through which member councils can interact, exchange ideas and work collaboratively to solve regional issues and contribute to the future sustainability of the region.

TfNSW – Transport for NSW is responsible for improving the customer experience, planning, program administration, policy, regulation, procuring transport services, infrastructure and freight.

Water sensitive urban design (WSUD) – A design approach which integrates the urban water cycle into urban design to reduce environmental degradation and improve aesthetic appeal.
