Background

The applicant contacted Council on 22 February 2024 requesting that several drawings listed in Condition 1 be updated to reflect a later set of drawings submitted in response to the City's Model Unit requirements.

A review of these amendments identified that they are minor and will not have a significant impact on the appearance of the site and will not impact on the heritage significance of the buildings. Amendments were made due to requirements to align the drawings with the digital model.

Drawings that are to be updated are noted above and included in Attachment A.
