Report on Preliminary Site Investigation (Contamination) Proposed Commercial Development 383 Kent Street, Sydney

1. Introduction

This preliminary site investigation (contamination) (PSI) report has been prepared by Douglas Partners Pty Ltd (DP) in support of a Planning Proposal to amend the *Sydney Local Environmental Plan 2012* (Sydney LEP), as discussed further in Section 2. This report has been prepared on behalf of Charter Hall Holdings (the Proponent) and it relates to a single development lot identified as Lot 1 in DP 778342 or 383 Kent Street, Sydney (the site). The site is shown on Drawing 1, Appendix A.

The investigation was undertaken in accordance with DP's proposal 217267.00.P.002.Rev1 dated 2 September 2022.

The objectives of the PSI are to:

- Assess the potential for contamination at the site based on the historical and current land uses; and
- Comment on whether further investigation is needed to enable a statement on the suitability of the site for the proposed commercial development (planning proposal).

This report must be read in conjunction with all appendices including the notes provided in Appendix B.

The following key guidelines were consulted in the preparation of this report:

- NEPC *National Environment Protection (Assessment of Site Contamination) Measure 1999 (as amended 2013) [NEPM]* (NEPC, 2013); and
- NSW EPA *Guidelines for Consultants Reporting on Contaminated Land* (NSW EPA, 2020).

2. Planning Proposal and Development

The purpose of the Planning Proposal is to amend the site's maximum Height of Building development standard and maximum Floor Space Ratio (FSR) development standard to unlock additional floor space to be used exclusively for employment generating land uses, consistent with the vision and intent of the *Central Sydney Planning Strategy* (CSPS) for tower cluster sites. The Planning Proposal will also seek to facilitate significant public benefits through additional site activation by way of a new pedestrian through-site link, shared basement loading dock facility and delivering on sustainable initiatives to contribute to the City of Sydney's vision to achieve net zero energy buildings.

The proposed Sydney LEP amendment is part of the broader redevelopment plan for the site to demolish the existing structure on the site (including the existing 10 storey car park), and construct a new 42 storey commercial office tower with a total maximum FSR of 20:1 (circa 73,000 m² GFA).

The uplift being sought is consistent with the strategic intent of the CSPS for tower cluster sites within Central Sydney, which contains the City's requirements and expectations for projects pursuing this pathway. Following the Planning Proposal, the planning approval pathway involves a competitive design process and a detailed Development Application (DA). As such, this report reflects the concept stage of the proposal, and may be embellished as the detailed design and required works evolve.

This Planning Proposal is accompanied by amendments to the Sydney Development Control Plan 2012 (Sydney DCP). The site specific DCP amendments reflect the proposed outcome to create a new commercial office tower that reintroduces a fine grain texture to the city by way of a new through-site link and retail activation at each ground floor interface to the public domain. This is reflected in the accompanying reference design prepared by FJMT which serves as a baseline proof of concept for this Planning Proposal. This large strategic site presents a unique opportunity to deliver a landmark tower site that will exhibit design excellence and redefine the western edge of the CBD, whilst offering significant employment opportunities for global Sydney.

The reference scheme supporting the Planning Proposal and site specific DCP can be described as follows:

- Demolition of the existing building, including removal of the over 800 capacity public car park; and
- Construction of the following:
 - New 42-storey office tower comprising a total FSR of 20:1, up to a height of RL 189.80 (approximately 170 m above Kent Street and 180 m above Sussex Street).
 - New premium-grade commercial floorspace with an approximate GFA of circa 72,300 m².
 - New through-site link connecting Kent and Sussex Streets, including public art activation.
 - New ground floor activation opportunities, including approximate retail GFA of circa 700 m².
 - Two levels of basement, comprising:
 - Basement Level 1 facilitating 70 car parking spaces; and
 - Sussex Street ground level shared loading dock facility including SRV and MRV short term stay bays to service retail tenancies within buildings along Kent Street (located between Market Street and King Street).
 - New end of trip facilities below the Kent Street ground level.

The architectural drawings are attached in Appendix B.

3. Scope of Works

The scope of works for this investigation included:

- Review of documents provided by the client as part of the briefing stage:
 - Aboveground storage (fuel) tank inspection report;
 - Hazardous chemical register;
 - MSDS register; and
 - Hazardous building material inspection report.

- Review of DP's internal database: geological, soil, acid sulfate soil and hydrogeological published information to assess and document the site's environmental setting;
- Review of readily available desktop site history information including:
 - o Historical aerial photographs;
 - o NSW EPA online database for contaminated sites;
 - o Section 10.7 Certificates;
 - o Current and historic land title deed information;
 - o Relevant readily available Council Records; and
 - o SafeWork NSW records. The records held by SafeWork may include current and historic licences to store Dangerous Goods.
- Site walkover of the site's ground and basement levels by an Environmental Engineer / Scientist to identify site uses, site features and potential sources of contamination; and
- Preparation of a preliminary site investigation report.

4. Site Information

Site Address	383 Kent Street, Sydney
Legal Description	Lot 1 Deposited Plan 778342
Area	Approximately 3,600 m ²
Current Zoning	Zone B8 Metropolitan Centre
Local Council Area	City of Sydney Council
Current Use	Retail land use on ground level and office / commercial spaces on upper levels
Surrounding Uses	North East – 379-381 Kent Street North West – 160-166 Sussex Street East – Kent Street South – 397-411 Kent Street West – Sussex Street

Figure 1: Site Location

5. Environmental Setting

Regional Topography	The regional topography is generally sloping west towards Cockle Bay
Site Topography	<p>The ground level along the eastern boundary of the site (Kent Street) is approximately RL 18 m AHD. The ground levels along the western boundary of the site (Sussex Street) are approximately 10 m AHD.</p> <p>The site topography has been altered through the construction of basement levels, with the lower basement aligning with street level at Sussex Street</p>
Soil Landscape	Reference to the Sydney 1:100 000 Soil Landscape Series Sheet indicates that the site is underlain by a landscape group known as the Gynea soil landscape. The Gynea soil landscape is an erosional soil landscape and is characterised by topography of undulating to rolling rises and low hills on Hawkesbury Sandstone, with local relief of 20 m to 80 m and slope gradients of 10% to 25%. The soil landscape is typically represented by localised steep slopes, high soil erosion, rock outcrops and shallow highly permeable soil.
Geology	Reference to the Sydney 1:100 000 Geological Series Sheet indicates that the site is underlain by Hawkesbury Sandstone of Triassic age, which typically comprises medium to coarse-grained quartz sandstone with minor shale and laminite lenses.

Acid Sulfate Soils	Reference to the 1:25 000 Acid Sulphate Soils (ASS) Risk map indicates that the site is within an area of no known occurrence of acid sulphate soils.
Surface Water	Surface water is expected to flow into nearby stormwater drains which would flow towards the nearest receiving body, Cockle Bay approximately 250 m west of the site.
Groundwater	<p>Reference to the groundwater bore register data from WaterNSW indicates that three groundwater monitoring bores are located within 500 m of the site; and were registered for use as monitoring wells. The worksheets for these bores have no information on groundwater bearing zones. The nearby registered groundwater bore records are provided in Appendix C.</p> <p>The regional groundwater table is typically deep in the inner CBD; and is likely to be below the proposed excavation depth; although groundwater seepage may be encountered at the soil / rock interface, especially after heavy rainfall.</p>

Based on other nearby projects by DP, the subsurface profile at the site is expected to comprise minor surficial fill, residual soil and shallow sandstone bedrock. The residual soil, where present, is likely to mainly comprise medium plasticity sandy clay.

6. Site History

6.1 Historical Aerial Photography

Several historical aerial photographs were obtained from public databases. Extracts of the aerial photographs are included in Appendix D. A summary of key features observed for the site and surrounding land is presented in Table 1.

Table 1: Summary of Historical Aerial Photographs

Year	Site	Surrounding Land Use
1930	The resolution or quality of 1930 aerial photograph is poor.	High-density commercial / industrial / possibly residential development occupied the CBD prior to the 1930s.
1943 to 1970	The site appears to be occupied by three multi-storey buildings towards the eastern portion (Kent Street) of the site and a tiled roof retail / residential building along the western portion (Sussex Street).	There has been an increase in commercial and high-density development surrounding site.
1978 and 1994	The previous buildings on site have been demolished and redeveloped into a single multi-storey commercial building with a car park on the roof top.	Significant changes are visible in the 1978 aerial photograph with several high-rise towers constructed in the eastern and southern surrounding areas.

Table 2: Historical Title Deeds

As regards the part numbered 1 on the attached Cadastral Records Enquiry Report:

Date of Acquisition and Term Held	Registered Proprietor(s) & Occupations	Inferred Land Use
07.05.1923 (1923 to 1930)	J.J. Sullivan Limited	Retail / Residential
17.06.1930 (1930 to 1941)	John James Sullivan (Merchant) Mary Sullivan (Married Woman)	Retail / Residential
03.03.1941 (1941 to 1965)	Mary Sullivan (Widow)	Retail / Residential
16.02.1965 (1965 to 1970)	John Anthony Sullivan (Company Director) (Section 94 Application not investigated)	Retail / Residential
24.06.1970 (1970 to 1970)	Matthew John O'Neill (Solicitor) Gerald Wells (Solicitor) (Section 94 Application not investigated)	Retail / Residential
03.11.1970 (1970 to 1976)	Sussex Land Pty Limited	Retail / Residential
30.09.1976 (1976 to 1977)	Central Parking Pty Limited	Retail / Residential

As regards the part numbered 2 on the attached Cadastral Records Enquiry Report:

Date of Acquisition and Term Held	Registered Proprietor(s) & Occupations	Inferred Land Use
18.05.1926 (1926 to 1930)	J.J. Sullivan Limited	Retail / Residential
17.06.1930 (1930 to 1934)	John James Sullivan (Merchant) Mary Sullivan (Married Woman)	Retail / Residential
19.01.1934 (1934 to 1962)	Arthur Yates & Co Limited	Retail / Residential
04.05.1962 (1962 to 1971)	S & Varga Investments Pty Limited	Retail / Residential
12.03.1971 (1971 to 1976)	Conlaw (No. 8) Pty Limited Now Westpoint Investments Pty Limited	Retail / Residential
30.09.1976 (1976 to 1977)	Central Parking Pty Limited	Retail / Residential

As regards the part numbered 3 on the attached Cadastral Records Enquiry Report:

Date of Acquisition and Term Held	Registered Proprietor(s) & Occupations	Inferred Land Use
17.10.1907 (1907 to 1939)	Hulda Ulivia Agt Marshall (Married Woman)	Retail / Residential
02.06.1939 (1939 to 1939)	Reginald Edmund Coleman (Bank Officer) John Otho Stevenson (Solicitor) Stella Elizabeth Sarah Baxter (Married Woman) (Transmission Application not investigated)	Retail / Residential
21.06.1939 (1939 to 1958)	Reginald Edmund Coleman (Bank Officer) (And his deceased estate)	Retail / Residential
04.09.1958 (1958 to 1970)	J. Goldstein & Co Pty Limited	Retail / Residential
12.06.1970 (1970 to 1976)	C.M.P. (Investments) Pty Limited Now C.M.P. (Nominees) Pty Limited	Retail / Residential
30.09.1976 (1976 to 1977)	Central Parking Pty Limited	Retail / Residential

As regards the part numbered 4 on the attached Cadastral Records Enquiry Report:

Date of Acquisition and Term Held	Registered Proprietor(s) & Occupations	Inferred Land Use
05.01.1926 (1926 to 1947)	D & W Murray Limited	Retail / Residential
29.05.1947 (1947 to 1950)	The Merchant Navy War Memorial Fund Limited	Retail / Residential
12.12.1950 (1950 to 1976)	Kentex Investments Pty Limited	Retail / Residential
30.09.1976 (1976 to 1977)	Central Parking Pty Limited	Retail / Residential

As regards the part numbered 5 on the attached Cadastral Records Enquiry Report:

Date of Acquisition and Term Held	Registered Proprietor(s) & Occupations	Inferred Land Use
19.06.1934 (1934 to 1968)	Briscoe & Company Limited	Retail / Residential
23.04.1968 (1968 to 1976)	Aleph Pty Limited	Retail / Residential
15.12.1976 (1976 to 1977)	Central Parking Pty Limited	Retail / Residential

Continued as regards to the whole of Lot 1 D.P. 778342:

Date of Acquisition and Term Held	Registered Proprietor(s) & Occupations	Inferred Land Use
08.08.1977 (1977 to 1987)	The National Mutual Life Association of Australasia Limited	Retail / Residential
09.12.1987 (1987 to 2000)	Permanent Trustee Nominees (Canberra) Limited Now Permanent Trustee Australia Limited	Retail / Residential
06.09.2000 (2000 to 2000)	Axa Australia Property Management Limited	Retail / Residential
06.09.2000 (2000 to 2002)	National Mutual Life Nominees Limited	Retail / Residential
12.09.2002 (2002 to 2022)	Perpetual Trustee Company Limited	Retail / Residential
17.08.2022 (2022 to Date)	# The Trust Company (Australia) Limited	Retail / Residential

6.3 Public Registers and Planning Records

<p>EPA Notices available under Section 58 and 60 of the Contaminated Lands Management Act (CLM Act)</p> <p>Database searched 17/01/2023</p>	<p>The results of a search of the public database of records of contaminated sites under Section 58 of the <i>Contaminated Land Management Act</i> 1997 (CLM Act) and sites notified to EPA under Section 60 of the CLM Act indicated that the site was not listed as a contaminated site notified to the EPA.</p> <p>There is currently one contaminated site within 1 km buffer zone of the subject site. The activity of the contaminated site includes Interpro House (Activity type – Other petroleum) at 447 Kent Street, Sydney which is approximately 250 m downgradient from the site.</p> <p>There are currently two contaminated sites within 2 km buffer zone of the subject site. The activity of the contaminated site includes Eurostar dry cleaners and Chifley Tower (basement fuel storage area) at 100 Oxford Street and 2 Chifley Square, Sydney respectively.</p> <p>The EPA has completed an assessment for these three contaminated sites and determined that the contamination does not require regulation under the CLM Act. Considering the topography, which is gently sloping towards the south-westerly direction, the contaminated site within the 1 km buffer zone is located downgradient and at least 250 m away from the subject site.</p> <p>The likelihood of groundwater contamination (if any) migrating from the other two contaminated sites is also very low as they are at least 1.5 km away from the subject site.</p> <p>Results of the searches are attached in Appendix D.</p>
<p>Licences listed under Section 308 of the Protection of the Environment Operations Act 1997 (POEO Act)</p> <p>Database searched 17 December 2022</p>	<p>No licences, applications and notices were listed for the site; accessed on 17 December 2023.</p> <p>The results found 285 licences, applications, and notices in Sydney. The closest nearby site which holds an existing POEO licence is located at 153 Clarence Street, Sydney. The licence is used for the storage of 0-10 tonnes of hazardous, industrial and Group A waste consisting of predominately medical related waste.</p> <p>Results of the searches are attached in Appendix D.</p>
<p>SafeWork NSW</p>	<p>A search was not completed for 383 Kent Street, Sydney.</p>
<p>PFAS Investigation Sites</p>	<p>The site was not listed or adjacent to a site listed under:</p> <ul style="list-style-type: none"> • NSW EPA PFAS Investigation Program; • Defence PFAS Investigation Program; • Defence PFAS Management Program; and • Airservices Australia National PFAS Management Program.

Planning Certificate(s)	<p>Review of the Planning Certificate for 383 Kent Street, Sydney states that:</p> <ul style="list-style-type: none"> • The land to which the certificate relates is not declared to be significantly contaminated land within the meaning of that act as at the date when the certificate is issued; • The land to which the certificate relates is not subject to a management order within the meaning of that act as at the date when the certificate is issued; • The land to which the certificate relates is not the subject of an approved voluntary management proposal within the meaning of that act at the date the certificate is issued; and • The land to which the certificate relates is not the subject of an ongoing maintenance order within the meaning of that act as at the date when the certificate is issued. <p>As at the date when the certificate is issued, Council has not identified that a site audit statement within the meaning of that act has been received in respect of the land the subject of the certificate.</p>
Council Records	<p>DP has requested for the following information from the City of Sydney Council on 18 January 2023:</p> <ul style="list-style-type: none"> • Notice of determination (Pre 2004); • Assessment reports (Pre 2004); • Building / development plans; • Occupation certificate; and • Other information requested: <ul style="list-style-type: none"> ○ Development consents; ○ Council notices (e.g., clean up notices); ○ Previous investigation reports that may be held by council; ○ Council inspection records (may be handwritten); ○ Neighbourhood complaints (e.g., emissions); and ○ As well as any possible contamination related reports or incidences. <p>The search results for development applications were received on 20 January 2023. The results of the informal access to City of Sydney Council information in chronological order are outlined as follow:</p> <ul style="list-style-type: none"> • Additions to existing commercial carpark including a commercial office (1998-2003); • Level 16 partitions office fit out (2002-2003); • Room T3 fit out as customer waiting room (2003-2004); • To operate car park (1994-2001); • Internal office fit out levels 17 and 18 (2001-2002); and • New floor space at Kent Street level T4 & T5 juice bar and café in lobby area (2002-2003); • Internal fit out and use of Shop T5 to relocate an existing nearby newsagency (2005);

	<ul style="list-style-type: none"> • Fit out and use of level 1 - Shop T2 (facing Sussex Street) as a Liquor Store (2006); • To continue the use of existing liquor store at Level 1 – Shop T2 facing Sussex Street (2011); • Construction of an end of trip facility at basement level 1 including new bike storage cages, showers, changing rooms, drying rooms and bathroom facilities and upgrade of mechanical services including installation of two grilles to the Sussex Street building façade (2013); and • Installation of Australia post parcel lockers to the Sussex Street side of the building (2015). <p>The above development applications are predominately related to internal renovation and refurbishment of the site building. Infrastructure of importance includes additions to existing commercial carpark including a commercial office between the year 1998 and 2003.</p>
<p>Other Sources</p> <p>AST Inspection Report – Premo Fuel Solutions</p> <p>Hazardous Chemical Register – Dexus Property Group</p> <p>Hazardous Materials Management Plan and Register – Dexus Property Group</p>	<p>The above ground storage tank (AST) visual inspection was carried on 18 May 2021 to inspect the condition of the AST bulk diesel tank as a due diligence exercise. The report stated that the bulk diesel tank was generally in good condition and complied with the AS1940 standard.</p> <p>Review of the client supplied hazardous chemical register noted that the site has many harmful hazardous chemicals stored, which are corrosive, toxic, irritant, and flammable. These chemicals are predominantly stored in cleaner’s storeroom and were maintained in good condition i.e., on hardstand and locked in cages or rooms with restricted access.</p> <p>Review of the client supplied hazardous material register noted that the site has many asbestos containing materials (ACM) and synthetic mineral fibres (SMF) but was generally in good and sealed conditions.</p>

6.4 Site History Integrity Assessment

The information used to establish the history of the site was sourced from reputable and reliable reference documents, many of which were official records held by Government departments / agencies. The databases maintained by various Government agencies potentially can contain high quality information, but some of these do not contain any data at all.

In particular, aerial photographs can provide high quality information that is generally independent of memory or documentation. They are only available at intervals of several years, so some gaps exist in the information from this source. The observed site features are open to different interpretations and can be affected by the time of day and / or year at which they were taken, as well as specific events, such as flooding. Care has been taken to consider different possible interpretations of aerial photographs and to consider them in conjunction with other lines of evidence.

6.5 Summary of Site History

The site history information suggests that the site was acquired by the current owner(s) in 2022 from the Perpetual Trustee Company Limited. Information on historical aerial photographs suggest that the site had three multi storey buildings and one retail / residential building, which were demolished and redeveloped into the current single multi storey commercial building in 1978.

The historical titles information did not suggest any on-site manufacturing.

The results of a search of the public database of records of environmental protection licenses under Section 308 of the *Protection of the Environment Operations Act 1997* (POEO Act) indicated that there are no licences, applications and notices were listed for the site.

There was one record of contaminated site, includes Interpro House (Activity type – Other petroleum) at 447 Kent Street, Sydney, within 1 km buffer zone. However, given that this site is not situated in immediate proximity to the subject site and is hydraulically down gradient of the site, the potential for this site to contribute to contamination of the subject site is considered negligible.

7. Site Walkover

A site walkover was undertaken by an Environmental Engineer on 20 December 2022. The general site topography was consistent with that described in Section 5. The site layout appears to have remained unchanged from the 2005 aerial photograph. The following key site features pertinent to the PSI were observed (refer to photographs in Appendix D).

- The site comprised of 10 levels of public car park in the podium, with 11 levels of commercial space above and small retail tenancies occupying ground level. There is vehicle access from both Kent and Sussex Streets;
- The following were observed at different levels of the building:
 - The ground floor comprised of a lobby area, accessible off the Kent Street and a small office / administration area;
 - A plant room was observed in level 7 and 19 (Photographs 1 & 2);
 - Above ground diesel storage tank with a pump and a spill kit was observed in basement 2 near to the Sussex Street entrance. This fuel tank is used as a standby power fuel storage for the building. No evidence of spills or leakages were observed (Photographs 3 & 4);
 - A cooling tower was observed on level 19 of the site and some chemical containers were stored. The systems in these rooms appeared to be the original systems (Photographs 5 & 6);
 - A lift motor room was observed in level 20 (Photographs 7 & 8);
 - Switchboard rooms were observed at each level of the site (Photographs 9 & 10);
 - A diesel generator room and a spill kit were observed in level 7 of the site (Photographs 11, 12, 13 & 14);
 - Cleaners' storeroom was observed in level 7, and B1. The cleaning chemicals were stored properly in appropriate containers (Photographs 15 & 16);

- Recycled waste storerooms and garbage rooms were observed in the basement 2. The waste areas are properly maintained within a cabinet (Photographs 17 & 18);
- Grease arrestor and water pump room was observed in basement 2 near Sussex Street (Photographs 19 & 20); and
- The loading dock area was observed in basement 2 and no staining observed on the surface of the concrete (Photographs 21 & 22).
- Lift shafts were located at the centre of the building, accessed off the lobby; and
- No staining or cracks observed in the concrete in the basement car park areas.

High rise commercial buildings were observed in the streets surrounding the site.

8. Preliminary Conceptual Site Model

A Conceptual Site Model (CSM) is a representation of site-related information regarding contamination sources, receptors and exposure pathways between those sources and receptors. The CSM provides the framework for identifying how the site became contaminated and how potential receptors may be exposed to contamination either in the present or the future i.e., it enables an assessment of the potential source - pathway - receptor linkages (complete pathways).

Potential Sources

Based on the site history information obtained, mapping information and site walkover, the following potential sources of contamination and associated contaminants of potential concern (COPC) have been identified.

- **S1: Fill** – Associated with the levelling of the site. Given the presence of basement levels, it is anticipated that fill will be shallow at the site:
 - COPC for materials of unknown origin typically include metals, total recoverable hydrocarbons (TRH), benzene, toluene, ethylbenzene, xylene (BTEX), polycyclic aromatic hydrocarbons (PAH), polychlorinated biphenyls (PCB), organochlorine pesticides (OCP), phenols and asbestos.
- **S2: Existing building** - Asbestos containing materials and other hazardous materials were identified in the building in the hazardous materials register prepared for the site by Dexu Property Group:
 - COPC include asbestos, synthetic mineral fibres (SMF), lead (in paint) and PCB.
- **S3: Storage of Hazardous Chemicals** – An above ground diesel pump and associated tank, loading dock zone spills and hazardous chemicals stored in the basement level (listed as per hazardous chemicals register by Dexu Property Group) which could leak into surface soils through cracks of the basement slab:
 - COPC include metals, volatile organic compounds (solvents), TRH, BTEX and phenols.

Potential Receptors

The following potential human receptors have been identified:

- R1: Current users [commercial / retail land use];
- R2: Construction and maintenance workers;
- R3: End users [commercial / retail / visitor]; and
- R4: Adjacent site users [commercial / retail land use].

The following potential environmental receptors have been identified:

- R5: Surface water [Cockle Bay (saline) approximately 250 m west of the site];
- R6: Groundwater; and
- R7: Terrestrial ecology.

Potential Pathways

The following potential pathways have been identified:

- P1: Ingestion and dermal contact;
- P2: Inhalation of dust and / or vapours;
- P3: Surface water run-off;
- P4: Lateral migration of groundwater providing base flow to water bodies;
- P5: Leaching of contaminants and vertical migration into groundwater; and
- P6: Contact with terrestrial ecology.

Summary of Potentially Complete Exposure Pathways

A 'source - pathway - receptor' approach has been used to assess the potential risks of harm being caused to human or environmental receptors from contamination sources on or in the vicinity of the site, via exposure pathways (potential complete pathways). The possible pathways between the above sources (S1 to S3) and receptors (R1 to R4) are provided in below Table 3.

Table 3: Summary of Potentially Complete Exposure Pathways

Source and COPC	Transport Pathway	Receptor	Risk Management Action
S1: Fill, Metals, TRH, BTEX, PAH, OCP and asbestos S2: Former buildings, asbestos, SMF, lead (in paint) and PCB S3: Storage of hazardous chemicals, metals, VOCs, TRH, BTEX and phenols	P1: Ingestion and dermal contact P2: Inhalation of dust and / or vapours P3: Surface water run-off P4: Lateral migration of groundwater providing base flow to water bodies P5: Leaching of contaminants and vertical migration into groundwater P6: Contact with terrestrial ecology	R1: Current users [commercial / retail land use] R2: Construction and maintenance workers R3: End users [commercial / retail land use] R4: Adjacent site users [commercial / retail land use].	An intrusive investigation is recommended to assess the presence or otherwise of the identified potential sources and / or the associated contaminants, including testing of the soils and, if necessary, groundwater.

9. Conclusions and Recommendations

9.1 General

The site history information suggests that the site has been utilised predominantly for retail and commercial purposes, and potentially residential prior. Potential sources of contamination identified in this desktop investigation include imported fill for levelling (likely to be shallow if any), storage of hazardous chemicals (e.g., above ground fuel tank, cleaning products), and past and present building materials (including reported hazardous materials such as asbestos).

9.2 Recommendations

Based on the findings of this desktop investigation, it is considered that the site can be made suitable for the proposed development (planning proposal) subject to the following:

- **Hazardous Building Materials** - Removal of Hazardous Building Material (HBM) as per the Hazardous Materials Management Plan and Register by Dexu Property Group;
- **Soil and Groundwater Investigation** - As the current assessment was limited to desktop study and site walkover only, a conclusive statement on the contamination status of the soil and groundwater cannot be provided in the absence of quantitative data. Therefore, a detailed site investigation is recommended to assess the potential contamination status of soil and groundwater within the site; and

- **Waste Classification** - Any material requiring disposal offsite (either as a result of surplus or assessed to be unsuitable), should be waste classified in accordance with reference to the *Waste Classification Guidelines, Part 1: Classifying Waste* (NSW EPA, 2014) and disposed off-site to a suitably licensed landfill.

11. Limitations

Douglas Partners (DP) has prepared this report (or services) for this project at 383 Kent Street, Sydney in accordance with DP's proposal dated 2 September 2022 and acceptance received from Sharan Saini of Touchstone Partners Pty Ltd. The work was carried out under DP's Conditions of Engagement. This report is provided for the exclusive use of Charter Hall Holdings Pty Ltd for this project only and for the purposes as described in the report. It should not be used by or relied upon for other projects or purposes on the same or other site or by a third party. Any party so relying upon this report beyond its exclusive use and purpose as stated above, and without the express written consent of DP, does so entirely at its own risk and without recourse to DP for any loss or damage. In preparing this report DP has necessarily relied upon information provided by the client and / or their agents.

The results provided in the report are indicative of the sub-surface conditions on the site only at the specific sampling and / or testing locations, and then only to the depths investigated and at the time the work was carried out. Sub-surface conditions can change abruptly due to variable geological processes and also as a result of human influences. Such changes may occur after DP's field testing has been completed.

DP's advice is based upon the conditions encountered during this investigation. The accuracy of the advice provided by DP in this report may be affected by undetected variations in ground conditions across the site between and beyond the sampling and / or testing locations. The advice may also be limited by budget constraints imposed by others or by site accessibility.

The assessment of atypical safety hazards arising from this advice is restricted to the (geotechnical / environmental / groundwater) components set out in this report and based on known project conditions and stated design advice and assumptions. While some recommendations for safe controls may be provided, detailed 'safety in design' assessment is outside the current scope of this report and requires additional project data and assessment.

This report must be read in conjunction with all of the attached and should be kept in its entirety without separation of individual pages or sections. DP cannot be held responsible for interpretations or conclusions made by others unless they are supported by an expressed statement, interpretation, outcome or conclusion stated in this report.

This report, or sections from this report, should not be used as part of a specification for a project, without review and agreement by DP. This is because this report has been written as advice and opinion rather than instructions for construction.

About this Report

Douglas Partners

Introduction

These notes have been provided to amplify DP's report in regard to classification methods, field procedures and the comments section. Not all are necessarily relevant to all reports.

DP's reports are based on information gained from limited subsurface excavations and sampling, supplemented by knowledge of local geology and experience. For this reason, they must be regarded as interpretive rather than factual documents, limited to some extent by the scope of information on which they rely.

Copyright

This report is the property of Douglas Partners Pty Ltd. The report may only be used for the purpose for which it was commissioned and in accordance with the Conditions of Engagement for the commission supplied at the time of proposal. Unauthorised use of this report in any form whatsoever is prohibited.

Borehole and Test Pit Logs

The borehole and test pit logs presented in this report are an engineering and/or geological interpretation of the subsurface conditions, and their reliability will depend to some extent on frequency of sampling and the method of drilling or excavation. Ideally, continuous undisturbed sampling or core drilling will provide the most reliable assessment, but this is not always practicable or possible to justify on economic grounds. In any case the boreholes and test pits represent only a very small sample of the total subsurface profile.

Interpretation of the information and its application to design and construction should therefore take into account the spacing of boreholes or pits, the frequency of sampling, and the possibility of other than 'straight line' variations between the test locations.

Groundwater

Where groundwater levels are measured in boreholes there are several potential problems, namely:

- In low permeability soils groundwater may enter the hole very slowly or perhaps not at all during the time the hole is left open;

- A localised, perched water table may lead to an erroneous indication of the true water table;
- Water table levels will vary from time to time with seasons or recent weather changes. They may not be the same at the time of construction as are indicated in the report; and
- The use of water or mud as a drilling fluid will mask any groundwater inflow. Water has to be blown out of the hole and drilling mud must first be washed out of the hole if water measurements are to be made.

More reliable measurements can be made by installing standpipes which are read at intervals over several days, or perhaps weeks for low permeability soils. Piezometers, sealed in a particular stratum, may be advisable in low permeability soils or where there may be interference from a perched water table.

Reports

The report has been prepared by qualified personnel, is based on the information obtained from field and laboratory testing, and has been undertaken to current engineering standards of interpretation and analysis. Where the report has been prepared for a specific design proposal, the information and interpretation may not be relevant if the design proposal is changed. If this happens, DP will be pleased to review the report and the sufficiency of the investigation work.

Every care is taken with the report as it relates to interpretation of subsurface conditions, discussion of geotechnical and environmental aspects, and recommendations or suggestions for design and construction. However, DP cannot always anticipate or assume responsibility for:

- Unexpected variations in ground conditions. The potential for this will depend partly on borehole or pit spacing and sampling frequency;
- Changes in policy or interpretations of policy by statutory authorities; or
- The actions of contractors responding to commercial pressures.

If these occur, DP will be pleased to assist with investigations or advice to resolve the matter.

About this Report

Site Anomalies

In the event that conditions encountered on site during construction appear to vary from those which were expected from the information contained in the report, DP requests that it be immediately notified. Most problems are much more readily resolved when conditions are exposed rather than at some later stage, well after the event.

Information for Contractual Purposes

Where information obtained from this report is provided for tendering purposes, it is recommended that all information, including the written report and discussion, be made available. In circumstances where the discussion or comments section is not relevant to the contractual situation, it may be appropriate to prepare a specially edited document. DP would be pleased to assist in this regard and/or to make additional report copies available for contract purposes at a nominal charge.

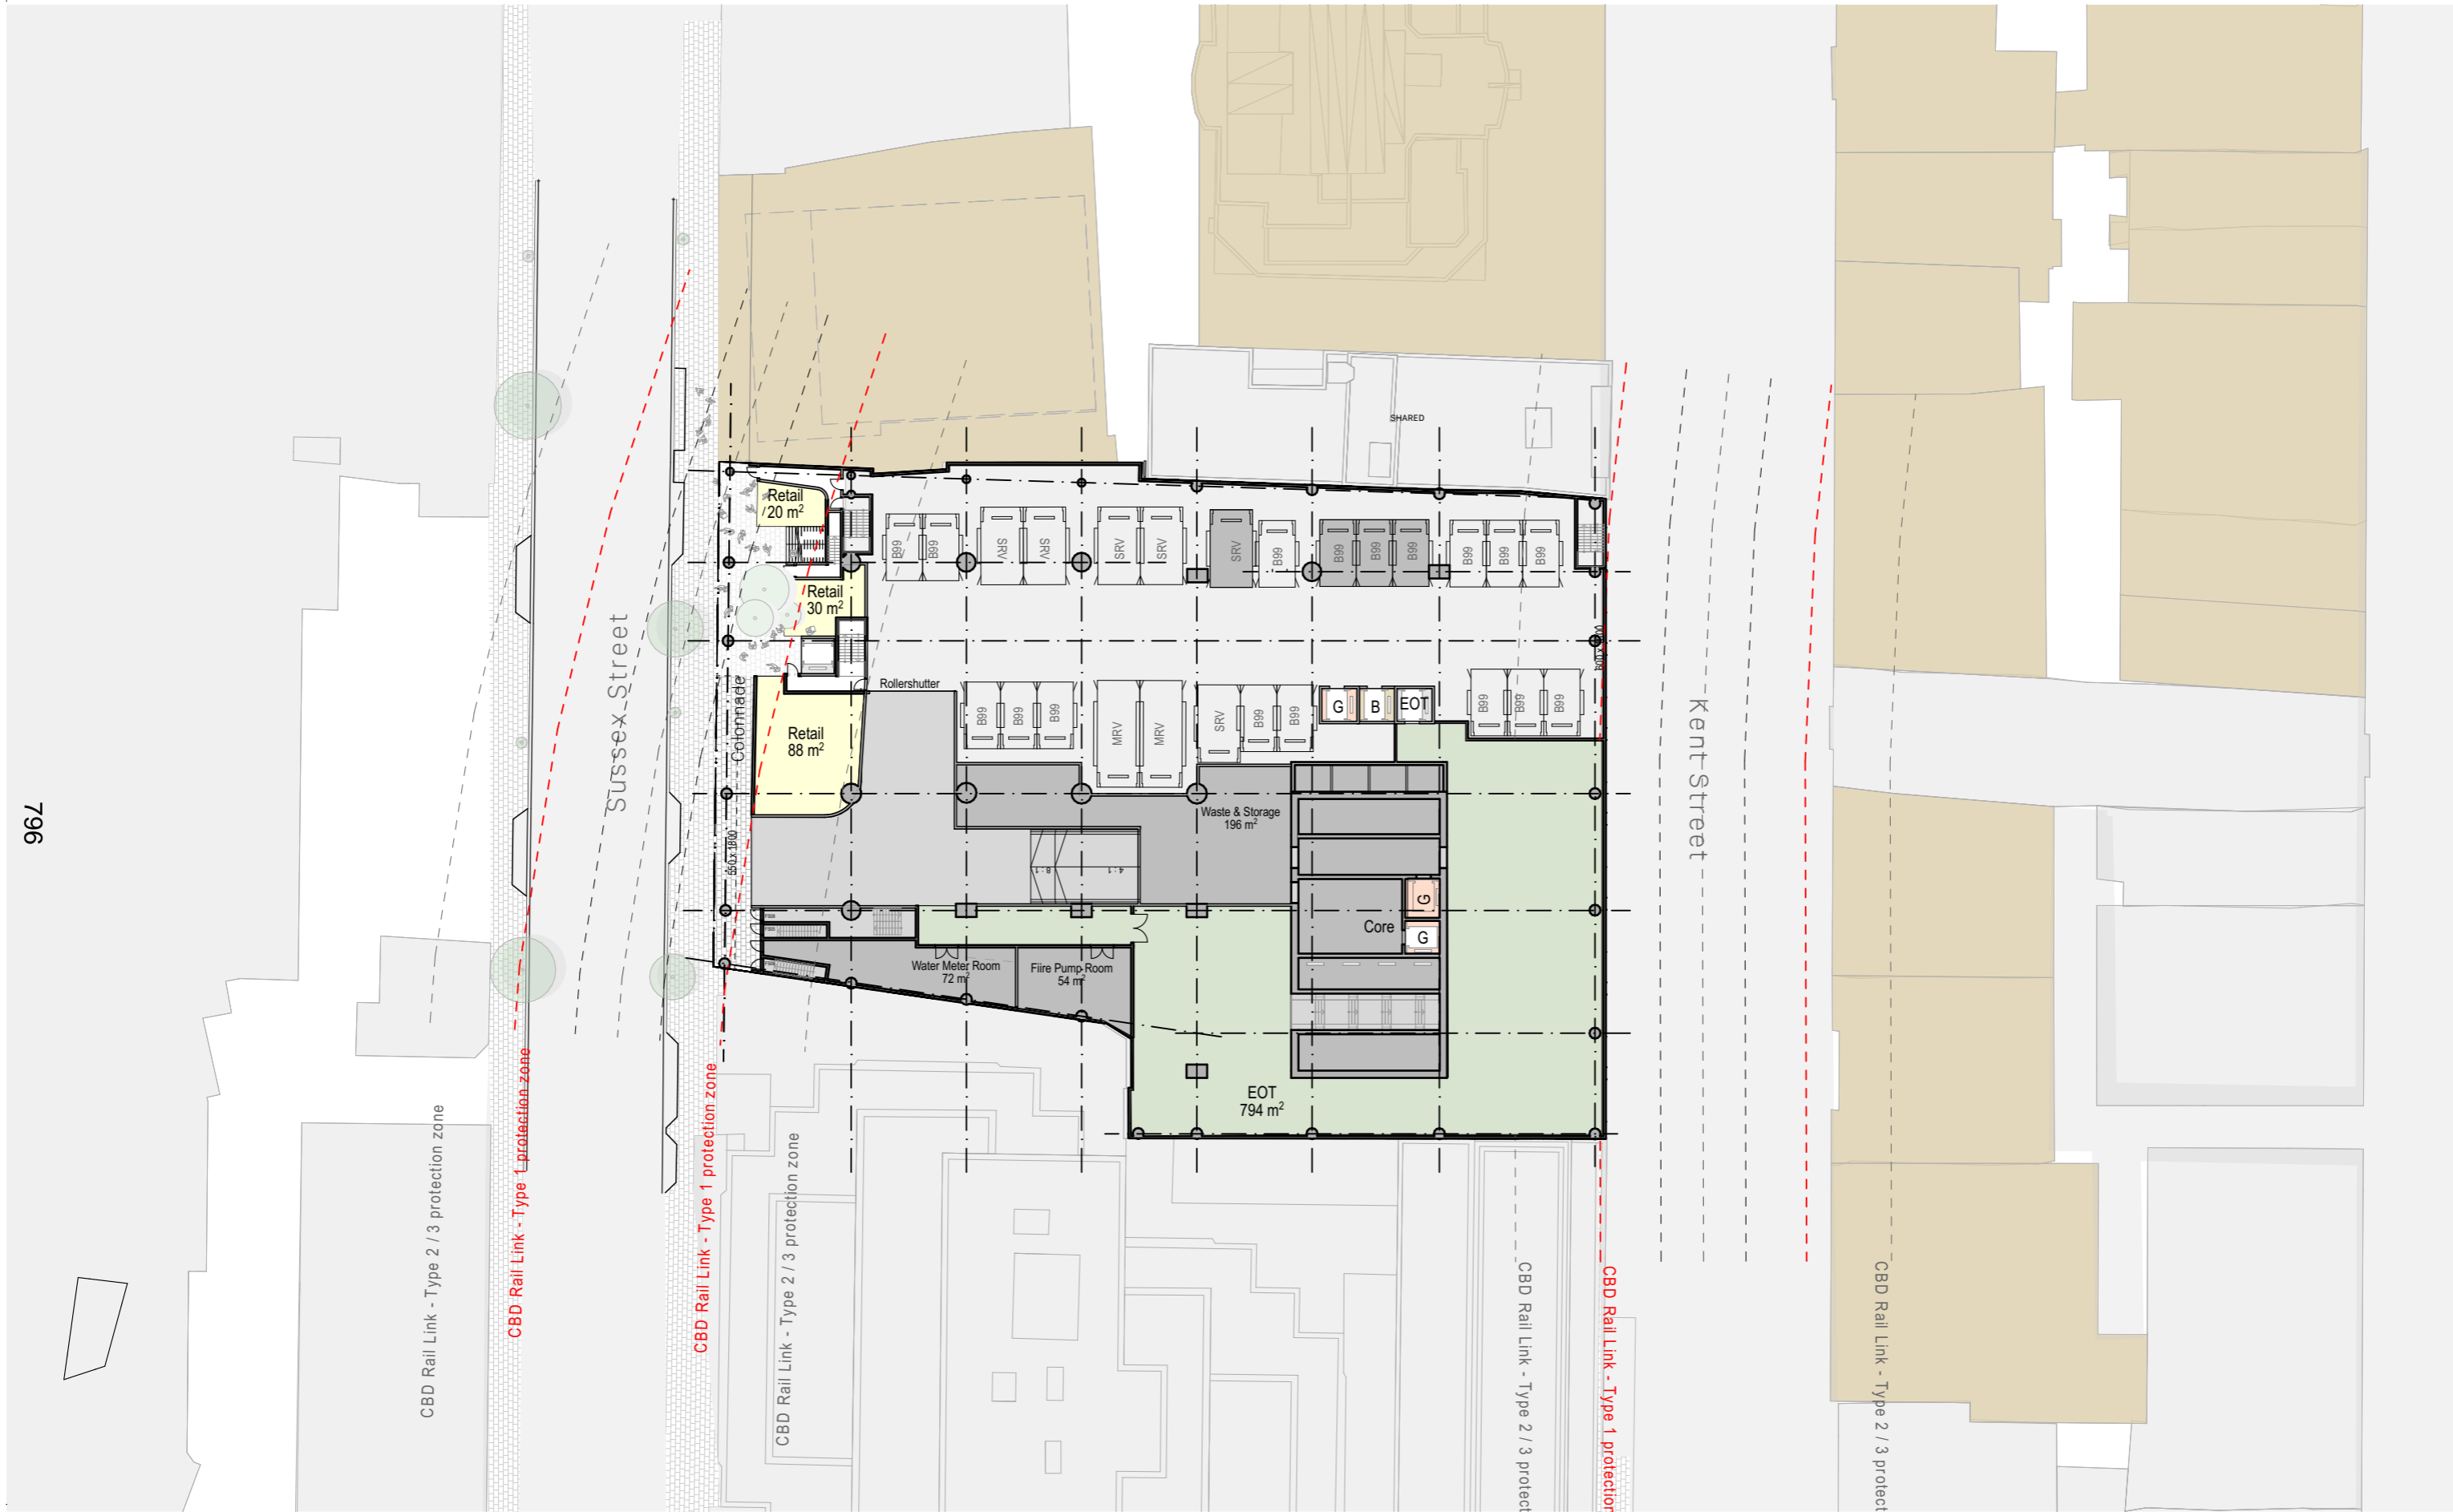

Site Inspection

The company will always be pleased to provide engineering inspection services for geotechnical and environmental aspects of work to which this report is related. This could range from a site visit to confirm that conditions exposed are as expected, to full time engineering presence on site.

USE OF REPORT - APPLICABLE TERMS

The following terms apply to any person (End User) who is given the Report by the person who purchased the Report from Lotsearch Pty Ltd (ABN: 89 600 168 018) (Lotsearch) or who otherwise has access to the Report (Terms). The contract terms that apply between Lotsearch and the purchaser of the Report are specified in the order form pursuant to which the Report was ordered and the terms set out below are of no effect as between Lotsearch and the purchaser of the Report.

1. End User acknowledges and agrees that:
 - (a) the Report is compiled from or using content (**Third Party Content**) which is comprised of:
 - (i) content provided to Lotsearch by third party content suppliers with whom Lotsearch has contractual arrangements or content which is freely available or methodologies licensed to Lotsearch by third parties with whom Lotsearch has contractual arrangements (**Third Party Content Suppliers**); and
 - (ii) content which is derived from content described in paragraph (i);
 - (b) Neither Lotsearch nor Third Party Content Suppliers takes any responsibility for or give any warranty in relation to the accuracy or completeness of any Third Party Content included in the Report including any contaminated land assessment or other assessment included as part of a Report;
 - (c) the Third Party Content Suppliers do not constitute an exhaustive set of all repositories or sources of information available in relation to the property which is the subject of the Report (**Property**) and accordingly neither Lotsearch nor Third Party Content Suppliers gives any warranty in relation to the accuracy or completeness of the Third Party Content incorporated into the report including any contaminated land assessment or other assessment included as part of a Report;
 - (d) Reports are generated at a point in time (as specified by the date/time stamp appearing on the Report) and accordingly the Report is based on the information available at that point in time and Lotsearch is not obliged to undertake any additional reporting to take into consideration any information that may become available between the point in time specified by the date/time stamp and the date on which the Report was provided by Lotsearch to the purchaser of the Report;
 - (e) Reports must be used or reproduced in their entirety and End User must not reproduce or make available to other persons only parts of the Report;
 - (f) Lotsearch has not undertaken any physical inspection of the property;
 - (g) neither Lotsearch nor Third Party Content Suppliers warrants that all land uses or features whether past or current are identified in the Report;
 - (h) the Report does not include any information relating to the actual state or condition of the Property;
 - (i) the Report should not be used or taken to indicate or exclude actual fitness or unfitness of Land or Property for any particular purpose
 - (j) the Report should not be relied upon for determining saleability or value or making any other decisions in relation to the Property and in particular should not be taken to be a rating or assessment of the desirability or market value of the property or its features; and
 - (k) the End User should undertake its own inspections of the Land or Property to satisfy itself that there are no defects or failures
2. The End User may not make the Report or any copies or extracts of the report or any part of it available to any other person. If End User wishes to provide the Report to any other person or make extracts or copies of the Report, it must contact the purchaser of the Report before doing so to ensure the proposed use is consistent with the contract terms between Lotsearch and the purchaser.
3. Neither Lotsearch (nor any of its officers, employees or agents) nor any of its Third Party Content Suppliers will have any liability to End User or any person to whom End User provides the Report and End User must not represent that Lotsearch or any of its Third Party Content Suppliers accepts liability to any such person or make any other representation to any such person on behalf of Lotsearch or any Third Party Content Supplier.
4. The End User hereby to the maximum extent permitted by law:
 - (a) acknowledges that the Lotsearch (nor any of its officers, employees or agents), nor any of its Third Party Content Supplier have any liability to it under or in connection with the

- Report or these Terms;
- (b) waives any right it may have to claim against Third Party Content Supplier in connection with the Report, or the negotiation of, entry into, performance of, or termination of these Terms; and
 - (c) releases each Third Party Content Supplier from any claim it may have otherwise had in connection with the Report, or the negotiation of, entry into, performance of, or termination of these Terms.
5. The End User acknowledges that any Third Party Supplier shall be entitled to plead the benefits conferred on it under clause 4, despite not being a party to these terms.
 6. End User must not remove any copyright notices, trade marks, digital rights management information, other embedded information, disclaimers or limitations from the Report or authorise any person to do so.
 7. End User acknowledges and agrees that Lotsearch and Third Party Content Suppliers retain ownership of all copyright, patent, design right (registered or unregistered), trade marks (registered or unregistered), database right or other data right, moral right or know how or any other intellectual property right in any Report or any other item, information or data included in or provided as part of a Report.
 8. To the extent permitted by law and subject to paragraph 9, all implied terms, representations and warranties whether statutory or otherwise relating to the subject matter of these Terms other than as expressly set out in these Terms are excluded.
 9. Subject to paragraph 6, Lotsearch excludes liability to End User for loss or damage of any kind, however caused, due to Lotsearch's negligence, breach of contract, breach of any law, in equity, under indemnities or otherwise, arising out of all acts, omissions and events whenever occurring.
 10. Lotsearch acknowledges that if, under applicable State, Territory or Commonwealth law, End User is a consumer certain rights may be conferred on End User which cannot be excluded, restricted or modified. If so, and if that law applies to Lotsearch, then, Lotsearch's liability is limited to the greater of an amount equal to the cost of resupplying the Report and the maximum extent permitted under applicable laws.
 11. Subject to paragraph 9, neither Lotsearch nor the End User is liable to the other for:
 - (a) any indirect, incidental, consequential, special or exemplary damages arising out of or in relation to the Report or these Terms; or
 - (b) any loss of profit, loss of revenue, loss of interest, loss of data, loss of goodwill or loss of business opportunities, business interruption arising directly or indirectly out of or in relation to the Report or these Terms,irrespective of how that liability arises including in contract or tort, liability under indemnity or for any other common law, equitable or statutory cause of action or otherwise.
 12. These Terms are subject to New South Wales law.

Chief Executive Officer

CERTIFICATE ENQUIRIES:

Ph: 9265 9333

**PLANNING CERTIFICATE UNDER SECTION 10.7 (2) OF THE ENVIRONMENTAL
PLANNING AND ASSESSMENT ACT, 1979**

**MATTERS AFFECTING THE LAND AS PRESCRIBED BY SCHEDULE 2 -
ENVIRONMENTAL PLANNING & ASSESSMENT REGULATION 2021, CLAUSES (1) - (2).**

DEVELOPMENT CONTROLS

The following information must be read in conjunction with and subject to all other provisions of the environmental planning instruments specified in this certificate.

ZONING

Zone B8 Metropolitan Centre (Sydney Local Environmental Plan 2012)

1 Objectives of zone

- To recognise and provide for the pre-eminent role of business, office, retail, entertainment and tourist premises in Australia's participation in the global economy.
- To provide opportunities for an intensity of land uses commensurate with Sydney's global status.
 - To permit a diversity of compatible land uses characteristic of Sydney's global status and that serve the workforce, visitors and wider community.
- To encourage the use of alternatives to private motor vehicles such as public transport, walking or cycling.
- To promote uses with active street frontages on main streets and on streets in which buildings are used primarily (at street level) for the purposes of retail premises.

2 Permitted without consent

Nil

3 Permitted with consent

Child care centres; Commercial premises; Community facilities; Educational establishments; Entertainment facilities; Function centres; Information and education facilities; Passenger transport facilities; Recreation facilities (indoor); Registered clubs; Respite day care centres; Restricted premises; Roads; Tourist and visitor accommodation; Any other development not specified in item 2 or 4

4 Prohibited

Nil

PROPOSED ZONING

Employment Zones Reform Implementation

On 26 April 2023, Business and Industrial zones will be replaced by Employment zones within standard instrument local environmental plans. The Department of Planning and Environment exhibited in May 2022 details of how each Local Environmental Plan that includes a Business or Industrial zone will be amended to include Employment zones. The exhibition detail can be viewed on the [Planning Portal](#).

Draft Zone B8 Metropolitan Centre - Planning Proposal (Sydney Local Environmental Plan 2012)

1 Objectives of zone

- To recognise and provide for the pre-eminent role of business, office, retail, entertainment and tourist premises in Australia's participation in the global economy.
- To provide opportunities for an intensity of land uses commensurate with Sydney's global status.
- To permit a diversity of compatible land uses characteristic of Sydney's global status and that serve the workforce, visitors and wider community.
- To encourage the use of alternatives to private motor vehicles such as public transport, walking or cycling.
- To promote uses with active street frontages within podiums that contribute to the vitality, life and existing character of the street.
- To promote the efficient and orderly development of land in a compact urban centre.
- To promote a diversity of commercial opportunities varying in size, type and function, including new cultural, social and community facilities.
- To recognise and reinforce the important role that Central Sydney's public spaces, streets and their amenity play in a global city.
- Promote the primary role of the zone as a centre for employment and permit residential and serviced apartment accommodation where they complement employment generating uses.

2 Permitted without consent

Nil

3 Permitted with consent

Child care centres; Commercial premises; Community facilities; Educational establishments; Entertainment facilities; Function centres; Information and education facilities; Passenger transport facilities; Recreation facilities (indoor); Registered clubs; Respite day care centres; Restricted premises; Roads; Tourist and visitor accommodation; Any other development not specified in item 2 or 4

LOCAL PLANNING CONTROLS

Sydney Local Environmental Plan 2012 (as amended) – Published 14 December 2012 NSW Legislation Website.

Planning Proposal – Performance Standards for Net Zero Energy Buildings

The objective of this planning proposal is to reduce energy consumption and the associated greenhouse gas emissions of office, shopping centre and hotel developments, as well as improve the resilience of these developments to the impacts of climate change. The intended outcome will be to facilitate net zero energy development by 2026 for development subject of this planning proposal. This will occur through amendments to the following: • Sydney Local Environmental Plan 2012 • Sydney Local Environmental Plan (Green Square Town Centre) 2013 • Sydney Local Environmental Plan (Green Square Town Centre – Stage 2) 2013.

Draft B Development Control Plan Performance Standards for Net Zero Energy Buildings 2021:

The purpose of this draft Development Control Plan (DCP) is to amend various development control plans applying to the City of Sydney local government area by inserting provisions that set out energy performance standards for net zero energy buildings

Planning Proposal: Affordable Housing Program Update 2022:

This Planning Proposal is to amend the Sydney Local Environmental Plan 2012 (Sydney LEP 2012), the Sydney Local Environmental Plan (Green Square Town Centre) 2013, and Sydney Local Environmental Plan (Green Square Town Centre – Stage 2) 2013 (the Green Square Town Centre LEPs). Generally, the intended outcome of this planning proposal is to increase the amount of affordable housing in the City of Sydney local government area.

HERITAGE

State Heritage Register (Amendment To Heritage Act, 1977 Gazetted 2/4/99)

This property may be identified as being of state heritage significance, and entered on the State Heritage Register.

To confirm whether the site is listed under the Heritage Act 1977 a Section 167 Certificate should be obtained from the NSW Heritage Office by contacting the NSW Heritage office on (02) 9873 8500 for an application form or by downloading the application form from

www.heritage.nsw.gov.au

STATE PLANNING INSTRUMENTS

Full copies of State Environmental Planning Policies are available online at www.planning.nsw.gov.au.

State Environmental Planning Policy No. 19 – Bushland in Urban Areas

This is a policy to protect and preserve bushland within certain urban areas, as part of the natural heritage or for recreational, educational and scientific purposes. This policy is designed to protect bushland in public open space zones and reservations, and to ensure that bush preservation is given a high priority when local environmental plans for urban development are prepared.

State Environmental Planning Policy No. 65 – Design Quality of Residential Apartment Development

This policy aims to improve the design quality of flats of three or more storeys with four or more self contained dwellings. The policy sets out a series of design principles for local councils to consider when assessing development proposals for residential flat development. The policy also creates a role for an independent design review panel and requires the involvement of a qualified designer in the design and approval process.

State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004

Aims to ensure consistency in the implementation of the BASIX scheme throughout the State.

This Policy achieves its aim by overriding provisions of other environmental planning instruments and development control plans that would otherwise add to, subtract from or modify any obligations arising under the BASIX scheme.

State Environmental Planning Policy (Miscellaneous Consent Provisions) 2007

This Policy aims to ensure that suitable provision is made for ensuring the safety of persons using temporary structures or places of public entertainment.

State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

This Policy Streamlines assessment processes for development that complies with specified development standards. The policy provides exempt and complying development codes that have State-wide application, identifying, in the General Exempt Development Code, types of development that are of minimal environmental impact that may be carried out without the need for development consent; and, in the General Housing Code, types of complying development that may be carried out in accordance with a complying development certificate as defined in the Environmental Planning and Assessment Act 1979.

State Environmental Planning Policy (Urban Renewal) 2010

The aims of this Policy are as follows:

- (a) to establish the process for assessing and identifying sites as urban renewal precincts,
- (b) to facilitate the orderly and economic development and redevelopment of sites in and around urban renewal precincts,
- (c) to facilitate delivery of the objectives of any applicable government State, regional or metropolitan strategies connected with the renewal of urban areas that are accessible by public transport.

State Environmental Planning Policy (Housing) 2021

The principles of this Policy are as follows:

- (a) enabling the development of diverse housing types, including purpose-built rental housing,
- (b) encouraging the development of housing that will meet the needs of more vulnerable members of the community, including very low to moderate income households, seniors and people with a disability,
- (c) ensuring new housing development provides residents with a reasonable level of amenity,
- (d) promoting the planning and delivery of housing in locations where it will make good use of existing and planned infrastructure and services,
- (e) minimising adverse climate and environmental impacts of new housing development,
- (f) reinforcing the importance of designing housing in a way that reflects and enhances its locality,
- (g) supporting short-term rental accommodation as a home-sharing activity and contributor to local economies, while managing the social and environmental impacts from this use,
- (h) mitigating the loss of existing affordable rental housing.

State Environmental Planning Policy (Planning Systems) 2021

- identifies State or regionally significant development, State significant Infrastructure, and critical State significant infrastructure.
- provides for consideration of development delivery plans by local Aboriginal land councils in planning assessment.
- allows the Planning Secretary to elect to be the concurrence authority for certain development that requires concurrence under nominated State environmental planning policies.

State Environmental Planning Policy (Biodiversity and Conservation) 2021

This SEPP contains:

- planning rules and controls for the clearing of native vegetation in NSW on land zoned for urban and environmental purposes that is not linked to a development application.
- the land use planning and assessment framework for koala habitat.
- provisions which establish a consistent and co-ordinated approach to environmental planning and assessment along the River Murray.
- provisions seeking to protect and preserve bushland within public open space zones and reservations.
- provisions which aim to prohibit canal estate development.
- provisions to support the water quality objectives for the Sydney drinking water catchment.

- provisions to protect the environment of the Hawkesbury-Nepean River system.
- provisions to manage and improve environmental outcomes for Sydney Harbour and its tributaries.
- provisions to manage and promote integrated catchment management policies along the Georges River and its tributaries.
- provisions which seek to protect, conserve and manage the World Heritage listed Willandra Lakes property.

State Environmental Planning Policy (Resilience and Hazards) 2021

This SEPP contains planning provisions:

- for land use planning within the coastal zone, in a manner consistent with the objects of the Coastal Management Act 2016.
- to manage hazardous and offensive development.
- which provides a state-wide planning framework for the remediation of contaminated land and to minimise the risk of harm.

State Environmental Planning Policy (Transport and Infrastructure) 2021

This SEPP contains planning provisions:

- for infrastructure in NSW, such as hospitals, roads, railways, emergency services, water supply and electricity delivery.
- for child-care centres, schools, TAFEs and Universities.
- planning controls and reserves land for the protection of three corridors (North South Rail Line, South West Rail Link extension and Western Sydney Freight Line).
- the land use planning and assessment framework for appropriate development at Port Kembla, Port Botany and Port of Newcastle.

State Environmental Planning Policy (Industry and Employment) 2021

This SEPP contains planning provisions:

- applying to employment land in western Sydney.
- for advertising and signage in NSW.

State Environmental Planning Policy (Resources and Energy) 2021

This SEPP contains planning provisions:

- for the assessment and development of mining, petroleum production and extractive material resource proposals in NSW.
- which aim to facilitate the development of extractive resources in proximity to the population of the Sydney Metropolitan Area by identifying land which contains extractive material of regional significance.

State Environmental Planning Policy (Precincts—Eastern Harbour City) 2021

This SEPP contains planning provisions for precinct planning, which is a form of strategic planning applied to a specified geographic area. The precincts in this SEPP are located in the Eastern Harbour City. This city is based the strategic planning vision of the ‘three cities’ regions identified in the Greater Sydney Region Plan – A Metropolis of Three Cities.

OTHER MATTERS AFFECTING THE LAND AS PRESCRIBED BY SCHEDULE 2 - E. P. & A. REGULATION, 2021. SECTIONS (2A) - (22)

(2A) Zoning and land use under *State Environmental Planning Policy (Sydney Region Growth Centres) 2006*

This SEPP does not apply to the land.

(3) Contribution plans

The following Contributions Plans apply to properties within the City of Sydney local government area. Contributions plans marked **YES** may apply to this property:

▪ Central Sydney Development Contributions Plan 2020 – in operation 26 th November 2021	YES
▪ City of Sydney Development Contributions Plan 2015 – in operation 1 st July 2016	NO
▪ Redfern Waterloo Authority Contributions Plan 2006 – in operation 16 th May 2007	NO
▪ Redfern Waterloo Authority Affordable Housing Contributions Plan – in operation 16 th May 2007	

Note: An affordable housing contribution may be payable as part of a development application or planning proposal under The City of Sydney Affordable Housing Program (Program) – in operation 1st July 2021.

(4) Complying Development

- (1) If the land is land on which complying development may be carried out under each of the complying development under *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*. because of that Policy, clause 1.17A (1) (c) to (e), (2), (3) or (4), 1.18(1)(c3) or 1.19.
- (2) If complying development may not be carried out on that land because of 1 of those clauses, the reasons why it may not be carried out under those clauses.
- (3) If the council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council

does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.

- (4) If the complying development codes are varied, under that Policy, clause 1.12, in relation to the land.

Note: Note: *If any restrictions apply to this land, or to part of this land, which may preclude the carrying out of complying development. Council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.*

Clause 1.12 does not apply to the land in the City of Sydney LGA

Clause 1.12 does not apply to the land in the City of Sydney LGA

Housing Code, Commercial and Industrial (New Buildings and Additions) Code and Low Rise Housing Diversity Code

Complying development **may not** be carried out on the land under the Housing Code, the Commercial and Industrial (New Buildings and Additions) and the Low Rise Housing Diversity Code if because of the provisions of clause 1.17A, 1.18(1)(c3) & 1.19 (Land-based requirements for exempt and complying development) any of the following statements are **YES**.

<ul style="list-style-type: none"> ▪ Clause 1.19(5)d. Land that is significantly contaminated land within the meaning of the Contaminated Land Management Act 1997. (Applies only to the Commercial and Industrial (New Buildings and Additions) Code. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.17A(d). Has been identified as a property that comprises, or on which there is, an item that is listed on the State Heritage Register under the <i>Heritage Act 1977</i> or that is subject to an interim heritage order under the <i>Heritage Act 1977</i>. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.17A(d) & 1.18(1)(c3). Has been identified as a property that comprises, or on which there is, a heritage item or draft heritage item. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.17A(c). Has been identified as being within a wilderness area (identified under the <i>Wilderness Act 1987</i>. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.17A(e) & 1.19(1)e or 1.19(5)f. Has been identified as land that is within an environmentally sensitive area or by an environmental planning instrument as being within a buffer area, a river front area, an ecologically sensitive area, environmentally sensitive land or a protected area 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(1)a.or 1.19(5)a Has been identified as being within a heritage conservation area or a draft heritage conservation area. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(1)b or 1.19(5)b. Has been identified as being land that is reserved for a public purpose in an environmental planning instrument. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(1)c or 1.19(5)c. Has been identified as being on an Acid Sulfate Soils Map as being Class 1 or Class 2. 	YES
<ul style="list-style-type: none"> ▪ Clause 1.19(1)d or 1.19(5)e. Has been identified as land that is subject to a biobanking agreement under part 7A of the threatened Species Conservation Act 1995 or a property vegetation plan under the Native Vegetation Act 2003. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(1)f or 1.19(5)g. Has been identified by an environmental planning instrument, a development control plan or a policy adopted by the Council as being or affected by a coastline hazard, a coastal hazard or a coastal erosion hazard. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(1)g or 1.19(5)h. Has been identified as being land in a foreshore area. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(1)h. Has been identified as land that is in the 25 ANEF contour or a higher ANEF contour. (Applies to the Housing Code & Low Rise Housing Diversity Code) 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(1)j or 1.19(5)i. Has been identified as unsewered land within a drinking water catchment. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(1)i. Has been identified as land that is declared to be a special area under the Sydney Water Catchment Management Act 1998. 	NO
<ul style="list-style-type: none"> ▪ Clause 1.19(2) & 1.19(3)c Has been identified as land described or otherwise identified on a map specified in Schedule 5, and ceases to 	NO

have effect on 31 December 2022. (Applies to the Housing Code & Low Rise Housing Diversity Code)	
--	--

Housing Alterations Code

Complying development under the Housing Alterations Code **may** be carried out on the land.

Commercial and Industrial Alterations Code

Complying development under the Commercial and Industrial Alterations Code **may** be carried out on the land.

Subdivisions Code

Complying development under the Subdivisions Code **may** be carried out on the land.

Rural Housing Code

The Rural Housing Code does not apply to this Local Government Area.

General Development Code

Complying development under the General Development Code **may** be carried out on the land.

Demolition Code

Complying development under the Demolition Code **may** be carried out on the land.

(5) Exempt Development

- (1) If the land is land on which exempt development may be carried out under each of the exempt development under *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*. because of that Policy, clause 1.16(1)(b1)-(d) or 1.16A.
- (2) If exempt development may not be carried out on that land because of 1 of those clauses, the reasons why it may not be carried out under those clauses.

- (3) If the council does not have sufficient information to ascertain the extent to which exempt development may or may not be carried out on the land, a statement that a restriction applies to the land, but it may not apply to all of the land, and that council does not have sufficient information to ascertain the extent to which complying development may or may not be carried out on the land.
- (4) If the exempt development codes are varied, under that Policy, clause 1.12, in relation to the land.

Note: If any restrictions apply to this land, or to part of this land, which may preclude the carrying out of exempt development. Council does not have sufficient information to ascertain the extent to which exempt development may or may not be carried out on the land.

Clause 1.12 does not apply to the land in the City of Sydney LGA

All Exempt and Complying Development Codes

Exempt development under each of the exempt development codes **may** be carried out on the land.

(6) Affected building notices and building product rectification orders

- (1)
 - (a) The land to which the certificate relates is not subject to any affected building notice of which Council is aware.
 - (b) The land to which the certificate relates is not subject to any building product rectification order of which Council is aware and has not been fully complied with.
 - (c) The land to which the certificate relates is not subject to any notice of intention to make a building product rectification order of which Council is aware and is outstanding.

- (2) In this clause:

affected building notice has the same meaning as in Part 4 of the [Building Products \(Safety\) Act 2017](#).

building product rectification order has the same meaning as in the [Building Products \(Safety\) Act 2017](#).

(7) Land reserved for acquisition

No environmental planning instrument, or proposed environmental planning instrument applying to the land, provides for the acquisition of the land by a public authority, as referred to in section 3.15 of the Act.

(8) Road Widening and/or Road Realignment affected by (a) Division 2 of Part 3 of the Roads act 1993 or (c) any resolution of council or other authority.

This land **is not** affected by road widening and/or road realignment under section 25 of the Roads Act, 1993 and/or resolution of Council or any other authority.

(8) Road Widening and/or Road Realignment Affected by (b) any environmental planning instrument.

This land **is not** affected by any road widening or road realignment under any planning instrument.**(9) Flood related development controls information.**

- (1) If the land or part of the land is within the flood planning area and subject to flood related development controls.

Property is within the flood planning area	NO
Property is outside the flood planning area	YES
Property is within a buffer zone	NO

- (2) If the land or part of the land is between the flood planning area and the probable maximum flood and subject to flood related development controls.

Property is between the flood planning area and probable maximum flood.	NO
Property is outside the flood planning area and probable maximum flood	YES
Property is within a buffer zone	NO

(3) In this section:

flood planning area has the same meaning as in the Floodplain Development Manual.

Floodplain Development Manual means the *Floodplain Development Manual* (ISBN 0 7347 5476 0) published by the NSW Government in April 2005.

probable maximum flood has the same meaning as in the Floodplain Development Manual.

(10) Council and other public authorities policies on hazard risk restrictions:

- (a) The land **is not** affected by a policy adopted by the Council that that restricts the development of the land because of the likelihood of land slip, bushfire, flooding, tidal inundation, subsidence, acid sulphate soils or any other risk; and
- (b) The land **is not** affected by a policy adopted by any other public authority and notified to the council for the express purpose of its adoption by that authority being referred to on planning certificate issued by Council, that restricts the development of the land because of the likelihood of land slip, bushfire, flooding, tidal inundation, subsidence, acid sulphate soils or any other risk.

(11) Bush fire prone land

The land has not been identified as Bush fire prone land.

(12) Loose-fill asbestos insulation

Not Applicable.

(13) Mine Subsidence District

This land has not been proclaimed to be a mine subsidence district within the meaning of section 15 of the mine subsidence compensation act, 2017.

(14) Paper subdivision information

Not Applicable.

(15) Property vegetation plans

Not Applicable.

(16) Biodiversity stewardship sites

Not Applicable.

(17) Biodiversity certified land

The land has not been certified as biodiversity certified land.

(18) Orders under Trees (Disputes Between Neighbours) Act 2006

Council has not been notified of an order which has been made under the *Trees (Disputes Between Neighbours) Act 2006* to carry out work in relation to a tree on the land.

(19) Annual charges under Local Government Act 1993 for coastal protection services that relate to existing coastal protection works

In relation to a coastal council: The owner (or any previous owner) of the land has not consented in writing to the land being subject to annual charges under section 496B of the Local Government Act 1993 for coastal protection services that relate to existing coastal protection works (within the meaning of section 553B of that Act).

Note. “Existing coastal protection works” are works to reduce the impact of coastal hazards on land (such as seawalls, revetments, groynes and beach nourishment) that existed before 1 January 2011.

(20) Western Sydney Aerotropolis

Not Applicable.

(21) Development consent conditions for seniors housing

[State Environmental Planning Policy \(Housing\) 2021](#), Chapter 3, Part 5 *does not* apply to the land to which the certificate relates.

(22) Site compatibility certificates and development conditions for affordable rental housing

- (1) The land to which the certificate relates is not subject to a current site compatibility certificate under [State Environmental Planning Policy \(Housing\) 2021](#), and is not subject to a former site compatibility certificate, of which the council is aware, in relation to proposed development on the land.
- (2) [State Environmental Planning Policy \(Housing\) 2021](#), Chapter 2, Part 2, Division 1 or 5 does not apply to the land which the certificate relates.
- (3) The land to which the certificate relates is not subject to any conditions of development consent in relation to land of a kind referred to in [State Environmental Planning Policy \(Affordable Rental Housing\) 2009](#), clause 17(1) or 38(1).
- (4) In this section:
former site compatibility certificate means a site compatibility certificate issued under [State Environmental Planning Policy \(Affordable Rental Housing\) 2009](#).

Note. The following matters are prescribed by section 59 (2) of the [Contaminated Land Management Act 1997](#) as additional matters to be specified in a planning certificate:

- (a) The land to which the certificate relates **is not** declared to be **significantly contaminated land** within the meaning of that act as at the date when the certificate is issued.
- (b) The land to which the certificate relates **is not** subject to a **management order** within the meaning of that act as at the date when the certificate is issued.

(c) The land to which the certificate relates **is not** the subject of an **approved voluntary management proposal** within the meaning of that act at the date the certificate is issued.

(d) The land to which the certificate relates **is not** the subject of an **ongoing maintenance order** within the meaning of that act as at the date when the certificate is issued.

(e) As at the date when the certificate is issued, Council **has not** identified that a **site audit statement** within the meaning of that act has been received in respect of the land the subject of the certificate.

PLANNING CERTIFICATE SECTION 10.7 (2) INFORMATION:

Information provided in accordance with planning certificate section 10.7 (2) has been taken from council's records and advice from other authorities but council disclaims all liability for any omission or inaccuracy in the information. Specific inquiry should be made where doubt exists.

PLANNING CERTIFICATE UNDER SECTION 10.7 (5) OF THE ENVIRONMENTAL PLANNING AND ASSESSMENT ACT, 1979

PLANNING CERTIFICATE SECTION 10.7 (5) ADVICE is current as at 12:00 noon two working days prior to the date of issue of this certificate. The following matters have been considered & details provided where information exists: easements in favour of council; parking permit scheme; heritage floor space restrictions; low-rental residential building; foreshore building line; tree preservation order.

Contaminated Land Potential:

Council records do not have sufficient information about the uses (including previous uses) of the land which is the subject of this section 10.7 certificate to confirm that the land has not been used for a purpose which would be likely to have contaminated the land. Parties should make their own enquiries as to whether the land may be contaminated.

Hazard Risk Restriction:

Some City of Sydney Local Environmental Plans incorporate Acid Sulfate soil maps.

Development on the land identified in those maps should have regard to the acid sulfate soil clause within the relevant Local Environmental Plan.

Construction Noise and View Loss Advice:

Intending purchasers are advised that the subject property may be affected by construction noise and loss or diminution of views as a result of surrounding development.

Outstanding Notice & Order information

In relation to this property, there **is not** an outstanding Order or Notice of Intention to issue an Order relating to Fire Safety (being an Order or Notice of Intention to issue an Order under Part 2 of Schedule 5 of the Environmental Planning and Assessment Act, 1979). Further information about the Order or Notice of Intention to issue an Order may be obtained by applying for a certificate under clause 41 of Schedule 5 of the Environmental Planning and Assessment Act and Section 735A of the Local Government Act. In relation to this property, there **is not** an outstanding Order or Notice of Intention to issue an Order (being an Order or Notice of Intention to issue an Order of a type other than relating to fire safety). Further information about the Order or Notice of Intention to issue an Order may be obtained by applying for a certificate under clause 41 of Schedule 5 of the Environmental Planning and Assessment Act and Section 735A of the Local Government Act. **Ineligible for the Award of Transferable Floor Space**

The building/s on the site/s are not eligible for the award of transferable floor space. The area occupied by the building/s has previously been, or is included as part of a site area for the purpose of calculating the floor space ratio of another building or site. The award was based on the principal zoning instrument at the time, namely the City Of Sydney Planning Scheme Ordinance, and Strategic Action Plan No. 4 (West Car Parks).

Metrowest Investigation Area

Consent may be granted to the carrying out of development below ground level on land identified as the Future Rail Tunnel Investigation Area in Schedule 7, or determined by the consent authority to be within the Future Rail Tunnel Investigation Area, only after the consent authority has referred a copy of the development application to Rail Corporation New South Wales pursuant to Clause 80 of Sydney Local Environmental Plan 2005.

Neighbourhood Parking Policy

The City of Sydney co-ordinates a Resident Permit Parking Scheme and a Visitor Permit Parking scheme. This property may be restricted from participating in either scheme. Eligibility may change after the date of this certificate, as parking supply and other traffic demands change. For more information contact Council's call centre on 9265 9333.

ADVICE FROM OTHER BODIES

Sydney Ports Corporation Advice

Some land in the City of Sydney located in the vicinity of the White Bay, Glebe Island and Darling Harbour ports may be affected by noise from port operations.

Advice provided in accordance with planning certificate section 10.7 (5) is supplied in good faith. Council accepts no liability for the validity of the advice given. (see section 10.7 (6) of the Environmental Planning and Assessment Act, 1979).

Planning certificate section 10.7 (2), local planning controls are available are available online at www.cityofsydney.nsw.gov.au

General Enquiries:
Telephone: 02 9265 9333

Subject: GIPAA - Informal - GIPA0015304 - SRIKANTH RAGHURAMAN - 383 Kent Street SYDNEY
Attachments: Development - Construction related files - 383 Kent Street.pdf; List of complaints received - 383 Kent Street_Redacted.pdf

Dear Srikanth,

Thank you for your Information Access Request (references: 2023/034827 / GIPA0015304), relating to 383 Kent Street Sydney.

In response to your request may we please direct you (in the first instance) to the City's online services such as, the City's ePlanning/Find a DA link and the City's Archives Catalogue:

- For building and development related information from:
c.1907 – 2008 - Use our [‘Archives and History Resources’ catalogue](#)

To view and download items - register and log in (top right of screen) to be sure you can view and download items. We recommend you use Chrome or Firefox. Search by address, and filter results by format or date. Content includes Development Applications, Building Applications and other related planning series. Records include files, plans, cards and correspondence. Consult the [Guide to Records of Development and Building](#) for tips on how to search the catalogue.

As discussed over the phone this afternoon, the following links lead to the Development Application for the construction of the building (D1998/00222-01 to D1998/00222-04):

- D1998/00222-01 - <https://archives.cityofsydney.nsw.gov.au/nodes/view/1499275>
- D1998/00222-02 - <https://archives.cityofsydney.nsw.gov.au/nodes/view/1499276>
- D1998/00222-03 - <https://archives.cityofsydney.nsw.gov.au/nodes/view/1499277>
- D1998/00222-04 - <https://archives.cityofsydney.nsw.gov.au/nodes/view/1499278>

The corresponding Building Application File is the following:

C2000/00371-01 - C2000/00371-05 - CONSTRUCTION CERTIFICATES - 383 - 395A - KENT STREET - SYDNEY - CONSTRUCT 11 STOREY OFFICE BLOCK - LEIGHTON CONTRACTORS PTY LTD - 16 08 2000 - \$51000000 PART 2 CONCERTINA - PLANS TRANSFERRED TO ARCHIVES 15 05 02

It is a five part file and currently is in hardcopy format (please see below in this email the viewing or copying records section).

The corresponding 'as built' drawings can be accessed via online links:

- <https://archives.cityofsydney.nsw.gov.au/nodes/view/1657180>
- <https://archives.cityofsydney.nsw.gov.au/nodes/view/1650727>
- <https://archives.cityofsydney.nsw.gov.au/nodes/view/1657132>
- <https://archives.cityofsydney.nsw.gov.au/nodes/view/1657138>

<https://archives.cityofsydney.nsw.gov.au/nodes/view/1657147>
<https://archives.cityofsydney.nsw.gov.au/nodes/view/1657152>
<https://archives.cityofsydney.nsw.gov.au/nodes/view/1657160>
<https://archives.cityofsydney.nsw.gov.au/nodes/view/1657166>
<https://archives.cityofsydney.nsw.gov.au/nodes/view/1657173>

- For Development Application (DA) content only from:
2004 onwards – Use our [‘Find a DA’](#)

Relevant records may be searched for by address or Development Application number. In this case the following link may provide you directly with information pertaining to the site in question -
<https://eplanning.cityofsydney.nsw.gov.au/Pages/XC.Track/SearchApplication.aspx?pid=514325>

Viewing or copying of records

If the files/plans you seek are not yet digitised, you can request digitisation. Digitisation costs are \$25 per file with approximately 1 week turnaround time. Alternately, you may request to inspect non-digitised records in our reading room by appointment.

Finally, as advised over the phone please find attached a list of development/construction related files located in the City’s systems and a list outlining complaints received.

I hope these lists provide you with some insight into the types of applications and complaints the City holds in relating to this property.

Please feel free to call with any questions.

Kind regards
Makrina
