

**Item 17.****Parking - No Stopping - Murray Street, Waterloo**

TRIM Container No.: 2024/489189

**Recommendations**

It is recommended that the Committee endorse the allocation of parking on the southern side of Murray Street, Waterloo between the points 10 metres and 16 metres (one car space) west of South Dowling Street as "No Stopping".

**Advice**

Advice will be updated after the meeting.

**Background**

The City is considering installing "No Stopping" in Murray Street, Waterloo to improve traffic flow and allow vehicles to safely access Murray Street.

**Comments**

The kerb space on the southern side of Murray Street west of South Dowling Street, where the changes are proposed, is currently unrestricted for parking.

On-site inspection shows there is a need to provide a "No Stopping" restriction to allow additional space for vehicles turning left into the street to safely access Murray Street and improve traffic flow.

**Consultation**

The City notified local residents and businesses in the area. There were 158 letters sent out with no responses supporting or opposing the proposal.

**Financial**

Funds are available in the current budget.
