Building Height

Non-compliance with height standards

Building Height

Clause 4.6 request submitted:

- objectives of the standard are achieved notwithstanding the non-compliance
- locating the mechanical plant to the rooftop above the communal living space allows for the provision of generous communal open space and landscaping
- impacts of the height exceedance are minimal demonstrated in view and shadow analysis

Request to vary standard supported

Room Size

Clause 4.6 request submitted

- maximum room size standard of 25sqm under SEPP Housing (excluding any area used for the purpose of private kitchen or bathroom facilities)
- 5 of the accessible room types (from total of 120 rooms) exceed standard with floor areas of 27.3sqm
- extent of non-compliance limited
- provides improved accessibility
- no adverse impacts

Request to vary standard supported in circumstances
