Major Legal Issues - Quarter Q1 2024/25

Discount Compound Pharmacy Pty Limited v Council of the City of Sydney

This is a dispute between the City and a tenant in relation to the lease for the basement, ground floor and Level 1, 295-301 Pitt Street, Sydney. The tenant is significantly in arrears. The parties attended mediation but no settlement was reached. The tenant lodged an application with NSW Civil & Administrative Tribunal (NCAT), and the City filed a cross claim. The City terminated the lease on and from 21 September 2023, but there is currently a stay in place allowing the tenant to trade from the premises. The City sought and has been successful in having the proceedings transferred to the Supreme Court for determination given the amounts involved. The matter is listed for directions on 6 December 2024.

Byrne Civil Engineering Constructions Pty Limited v Council of the City of Sydney

This claim was issued in the District Court by Byrne Civil against the City for an unpaid payment claim made in November 2021 in relation to a project at Joynton Avenue and Zetland Avenue, East Zetland for the construction of stormwater drainage. The City has filed a defence and a cross claim relating to the City's costs of rectifying defective works and a payment made on account. The parties are required to attend an informal settlement conference before 18 October 2024. The matter is next listed for directions on 25 October 2024.

This is a complaint to the Australian Human Rights Commission against the City and Transport for NSW alleging disability discrimination and a contravention of the disability standards under the Disability Discrimination Act (Cth) and age discrimination under the Age Discrimination Act (Cth) in relation to the island bus stops being constructed as part of the Oxford St cycleway. The matter is listed for confidential conciliation between all parties on 15 October 2024.
