Delivery Program 2022-2026 June 2025 Progress Report

Delivery Program 2022–2026 Progress Report

June 2025

The Council of the City of Sydney acknowledges the Gadigal of the Eora Nation as the Traditional Custodians of our local area. We acknowledge Elders past and present and celebrate the diversity of Aboriginal and Torres Strait Islander peoples and their ongoing cultures and connections to Country.

8.3 An increasing number of creative workers live or work in the city	56
8.4 Sydney's cultural life reflects the diversity of our communities	56
8.5 There is an increased supply of accessible creative space	57
SD09 A transformed and innovative economy	58
9.1 An expanding innovation economy will support Sydney's future prosperity	58
9.2 The transition to a zero-carbon economy offers new economic opportunities	59
9.3 An inclusive city economy provides opportunities for everyone to participate and share in its prosperity.	60
9.4 Creativity and great experiences fuel the vitality of the city	60
9.5 Unique local neighbourhoods and the global city centre support thriving economic activity	62

S	D10 Housing for all	64
	10.1 People sleeping rough or at risk of experiencing homelessness have access to adequate accommodation, services, and support to meet their needs	64
	10.2 The supply of well maintained, safe, secure and sustainable social housing is increased to support diverse communities	65
	10.3 An increased supply of affordable housing supports diverse communities and the economy	66
	10.4 Every neighbourhood has a mix of housing accommodating diverse and growing communities	67
	10.5 There is an increased supply of culturally appropriate social and affordable housing for Aboriginal and Torres Strait Islander peoples	

Glossary

Appendix 1: Status definitions for progress reports

SD01 Responsible governance and stewardship
Our organisation continues to evolve to provide governance and leadership for the city and communities

Major Programs	Progress To Date	Status
Governance, risk and audit frameworks		
Implement systems and practices to embed a strong risk management and corporate compliance culture at the City	Efforts to embed the Risk Appetite Statement into operations continued during the quarter with new training developed. The Governance, risk and compliance system has also been enhanced to identify where risks are within or outside of appetite.	On Track
	Identifying and monitoring critical compliance obligations has progressed and will continue throughout the year and this information will be used to enhance the reporting and monitoring of critical compliance obligations across the City. This is supported by ongoing education for staff and managers on their compliance responsibilities. Learnings and updates from the City's risk and compliance registers are reported to the Audit Risk and Compliance Committee on a quarterly basis.	
Improve the health, safety and wellbeing of our workers through the implementation of the safety management system and a mentally healthy workplace plan	The City has continued to support the implementation of the Safety Management System through targeted education sessions across all business unit types. In addition to reinforcing system requirements, recent sessions have placed increased emphasis on practical strategies for fostering a mentally healthy workplace, including promoting peer support networks and encouraging participation in wellness initiatives.	On Track
Delixer governance programs to support compliant, ethical and transparent decision making and community confidence in the City	The City's governance and integrity framework was supported by a number of initiatives in 2024/25. The Fraud and Corruption Control Plan was reviewed and updated, supported by a new annual Fraud and Corruption Action Plan and the bi-annual Corporate Fraud and Corruption Risk Assessment. New starters received training on fraud and corruption in mandatory face to face Code of Conduct training, and a shorter e-learn version of the training was developed for employees who are unable to attend face to face training. The Conflicts of Interest Policy was reviewed and updated. The Privacy Management Plan was reviewed and updated and a new privacy refresher eLearn was developed and completed by City staff. A comprehensive review of the Delegations to the Lord Mayor and Delegations to the CEO was completed. A new risk register was developed for business unit fraud and corruption control plans. Regular staff communications are undertaken on a range of issues including fraud awareness week, identifying and understanding fraud threats due to emerging technologies, gifts and benefits, updates on changes to the Delegations, how to report concerns of misconduct and guidance on expected standards of behaviour/inappropriate conduct. Tailored workshops on other work/management of conflicts of interest were delivered to specific business units. Public interest disclosure training was completed by all new managers and disclosure officers.	On Track
Implement a risk based and comprehensive annual internal audit plan	The City's four year strategic internal audit plan was approved by the Audit Risk and Compliance Committee on 22 May 2025. Progress toward completing the balance of internal audits in the approved operational plan for 2024/25 is nearing completion.	On Track
Deliver completed annual financial statements without qualification by the Audit Office of NSW	The 2023/24 Annual Financial Statements were completed with an unmodified (unqualified) audit opinion and presented to Council at the October 2024 meeting. Subsequent to Council endorsement, the statements were submitted to the Office of Local Government by the 31 October deadline and exhibited to the public. At the November 2024 Council meeting, the statements were formally adopted as part of the Annual Report for the 2023/24 financial year. Preparation work for the 2024/25 Annual Financial Statements is underway including audit planning and interim audit work and is in line with the year-end timetable.	On Track

Foster leadership capabilities

Ensure Councillors have access to relevant information, development and assistance to enable them to fulfil their obligations to lead, govern and serve the community

Councillors receive regular information updates and comprehensive information sessions on all current issues. Following the September 2024 election, an induction program commenced in October 2024 to ensure all Councillors were provided with the information they require to perform their civic duties and meet our legislative obligations. Further induction sessions also occurred in 2025. In addition, the City is committed to providing Councillors with access to ongoing training and professional development programs that meet their individual needs and information on induction and training programs offered by the Office of Local Government LGNSW has been provided to all Councillors. Elected Member Professional Development Plans which capture professional development initiatives applicable to individual Councillors for the current term of Council are also being developed. Councillors can also access the provisions of the Councillors' Expenses and Facilities Policy which financially supports the ongoing professional development of Councillors.

On Track

High quality internal legal advice and representation

Provide legal services and support to the organisation, optimising outcomes for the City

Legal support was provided in relation to matters across all areas of the City's operations, including property, contracts, administrative, planning and enforcement. Training was provided in areas such as copyright and contracts. There was a particular focus in the past quarter being on resourcing the new Town Hall Square project and ongoing work flowing from property and procurement, as well as changes to planning legislation.

Major Programs	Progress To Date	Status
Continuous improvement		
Identify and implement business and service improvements to optimise the efficiency and effectiveness of key services	Work continued to improve the efficiency and effectiveness of internal corporate services. This will streamline processes, free up staff time and improve employee satisfaction. A review of the procurement and contract management function is currently underway.	On Track
Refine and revise asset management policy, strategy and long term asset management plans for critical infrastructure assets, including resilience and maturity assessment recommendations	The City's asset management documentation (asset management policy, asset management strategy and community asset management plan) has now been updated, adopted and published as part of the Integrated Planning documents for 2025/26.	On Track
Improve information and data management with a focus on privacy, security, ethics, quality, and sharing	In 2024/25, 22 new or improved Smart Productivity Solutions were delivered for a range of business services and activities, including for recreation, workforce and WHS, venue management, procurement, property management, planning, recycling, asset management, greening, capital works, and customer service.	On Track
	Smart Productivity Solutions contribute to the City's Digital Transformation by providing high quality data at point of capture, information and data security, and improved efficiency by eliminating manual processes.	
	In 2024/25, in accordance with State Records legislative requirements, data has been lawfully destroyed from 22 computer systems according to approved Systems Records Retention and Disposal Plans.	
Digital services		
Develop responsive digital services that are easy for our community to acess and use N	City Connect, the City's new on-line serviced platform, launched on 4 April 2024. Included in the launch were 84 smart digital forms that community members can use to request services on-line. We are now in the planning stage for additional services to be added to City Connect which involves reviewing 130 services and request types.	On Track
Develop and maintain the City's IT systems and infrastructure to support service delivery and business continuity	Significant progress has been achieved in upgrading and patching our communication infrastructure to enhance service delivery and ensure business continuity. This includes the successful completion of upgrades for various network-related appliances, the upgrade and migration of our existing Microsoft email platform, and the implementation of a new Cloud Backup platform. More recently, the City achieved compliance with the Essential 8 requirements for Level 1 maturity, significantly improving our security posture. This included implementing multi-factor authentication for community facing systems. Windows Defender Application Control was also introduced to facilitate the management of authorised applications within the City's desktop environment.	On Track
Access to City information and data		
Provide and promote public access to City information and data to meet the spirit and requirements of the Government Information (Public Access) Act	 In 2024/25 the City complied with GIPA mandatory and proactive access obligations by: Publishing 22,589 planning application documents, including 3,765 submissions relating to 1,574 planning applications, through the on-line Find a DA service. Completing 2,993 requests for information, subpoenas and section 41 access applications. A primary channel for proactive disclosure is the City's website, which in the quarter had 2,572,759 users, 8,591,632 page views, and 399,907 file downloads. 	On Track

Proactively publish to the City's Data Hub and Archives & History Resource Catalogue to inform, educate and improve services to the community, including Aboriginal and Torres Strait Islander communities	 In 2024/25: 35 new data products (open data sets, interactive maps and apps) have been published on the City's Data Hub and 114 data products have been updated. The data hub contains 158 data products 12,539 new items were proactively published to the Archives & History Resources catalogue. Enhancements by volunteers were also made to existing items in a range of series to make them more accessible. 18 collections were added including for The Tank Stream, Victoria Street, Green Park, St Andrews Cathedral, and Paddington Town Hall. Place records (which provide basic information about fountains, artworks, curiosities etc.) were added for 15 places, including: Sydney Square, Pact Youth Theatre Erskineville, Shakespeare Memorial, Archibald Fountain, Coca-Cola sign, and AWA Tower The City Archives has continued to work toward targets for improvements in the management of Aboriginal and Torres Strait Islander records in the City Archives. 	On Track
Business and spatial intelligence		
Deliver business and spatial intelligence for better planning, operations, and decision making	In 2024/25 26 new internal dashboards were deployed to support a range of business services and activities, including for cleansing and waste management, workforce and WHS, procurement, environmental (including greening), planning, sustainability, customer service, accessibility, and community services.	On Track
Strengthen workforce capability, diversity and inclusion		
Implement the City's People Strategy to strengthen the workforce's capacity to deliver the outcomes in the community strategic plan	The City has been active in implementing its People Strategy, with programs delivered to enhance its workforce capability. These programs included continued streamlining of how employees work to improve productivity, increasing flexibility for improved work output, improving clarity and benefits to shift workers in the City of Sydney Award, development of the employee value proposition, improving performance and development management approaches and reporting, and improving manager insights and actions through new reporting dashboards.	On Track
Implement actions in the City's EEO, Diversity and Inclusion Action Plato	 The City delivered programs to progress EEO, Diversity and Inclusion. These programs included: Executive training on Anti-Racism and finalisation of the City's first Anti-Racism Framework. Aboriginal and Torres Strait Islander cultural awareness training, both online and in-person. Manager training on embracing neurodiversity: A strengths-based approach webinar, and meaningful employment actions set out in the Inclusion (Disability) Action Plan. Domestic and Family Violence policy revision and updates, including additional leave to support victims of Domestic and Family Violence leave. Introduction of gender-neutral parental leave in the City of Sydney Award. International Women's Day event. Creation of preferred first name options for employees who have 'dead names' with support from the City Pride employee network Targeted recruitment and fast track to interview initiatives remain current and active for Aboriginal and Torres Strait Islander candidates and candidates with disability. Aboriginal and Torres Strait Islander employment reached 3.5% in the period. 	On Track

Major Programs	Progress To Date	Status
Financial sustainability		
Undertake detailed costing reviews of core services, business cases and opportunities to ensure value for money outcomes, and appropriate equitable fees and charges	A detailed review of the City's fees and charges continued to progress. A review of outdoor dining fees has been ongoing through 2024/25. A working group has also been formed to examine domestic waste service charges and to simplify the charging framework	On Track
Develop, monitor and report against the City's long term financial plan to ensure and demonstrate council's financial sustainability, and intergenerational equity	The 2025/26 iteration of the City's Long Term Financial Plan was adopted at the June 2025 Council meeting, detailing forward financial projections based on current operating trends and identified future initiatives. Monitoring against this latest plan will commence as part of the Quarter 1 report presented to Council in November.	On Track
	Following the end of each quarter, financial updates have been presented at Council meetings. At each quarter it has been reported that the organisation remains in and is forecast to continue to be in a sound financial position. Council's operational and financial performance for 2024/25 will be presented to the August 2025 Council meeting. The quarterly financial report will reflect latest capital forecasts and projections, operating performance for the year, and associated commentary. The 2024/25 audited Annual Financial Statements will be presented to Council in October 2025.	
Integrated planning and reporting		
Deliver and enhance the Integrated Planning and Reporting and business planning framework to improve integrated long-term planning and sustainability	The City's 2023/24 annual report was completed in line with legislative requirements and was endorsed by Council in November 2024. The City's 2025 update to the community strategic plan delivering sustainable Sydney 2030-2050, 2025-2029 delivery program, 2025 resourcing strategy and 2025/26 operational plan were adopted by Council on 23 June 2025 after public exhibition.	On Track
Advocacy and policy initiatives		
Collaborate with the NSW Government to achieve positive rating legislative reforms	The City continues to collaborate with other councils, the NSW Government, and IPART by providing comment and feedback in relation to rates and annual charges reviews, rate peg methodology, local government revenue streams, community improvement districts, emergency service levies, and developing Regulations and guidance to support rating reforms.	On Track
Strategic property management		
Manage the City's investment property portfolio to optimise revenue opportunities	The new management model for City of Sydney Properties continues to be embedded across all assets and aligning with industry best practice.	On Track
Best practice procurement		
Ensure best practice procurement and contract management focused on value for money, optimised risk allocation and improved sustainability	The Procurement Transformation Project is focused on the redesign of simple/low value procurement processes. To date the Procurement and Contract Management Policy has been refreshed, information on a range of frequently asked for information has been published on City Net, and a new streamlined, clarified approach to Exceptional Circumstances (EC) has been implemented, which removed unnecessary EC approvals, defined pre-approved EC's, redefined the situations where an Exceptional Circumstance applies, and amended the approval process and delegations. Work is underway on a new Contract Management Register which will provide improved governance, reporting and expenditure tracking.	On Track

1.4 The City of Sydney is an active contributor to the governance of metropolitan Sydney

Major Programs Progress To Date Status

Advocacy

Research, assess and make submissions on intergovernmental policy issues to the NSW government and the federal government where appropriate

The City continues to make submissions to the NSW and Federal Governments on matters impacting the city, our workers, visitors and residents. This year this included submissions for:

- the National Construction Code 2025.
- · the National Urban Policy Consultation Draft,
- the Response to NSW EPA Food and Garden Organics Mandates Proposal Paper,
- the Australian Government's Transport and Infrastructure Net Zero Consultation Roadmap,
- the Centennial Parklands and Callan Park Regulation,
- the NSW Environmental Protection Authority Levy Review Issues Paper,
- the Explanation of Intended Effect Pathway Changes to Support Transport Oriented Development Precincts Design Excellence,
- the Transport and the Arts Inquiry into the Use of e-Scooters, e-Bikes and Related Mobility Options,
- the Home Energy Ratings Disclosure Framework.
- the Home Energy Ratings Disclosure Framework,
- the Commercial Building Disclosure (CBD) Program Expansion 2024.
- the Draft Building Bill 2024 and associated Draft Regulations,
- the Select Committee Inquiry on Essential Worker Housing,
- NSW Special Entertainment Precinct Guidelines.
- the Freight Policy Reform Program Interim Directions Paper,
- the Inquiry into the Prevalence, Causes and Impacts of Loneliness,
- NSW EPA Plastics: The Way Forward,
- the Councillor Conduct and Meeting Practices Discussion Paper,
- NSW Drug Summit 2024,
- the Draft NSW Local Government Filming Protocol 2024,
- the Local Government Remuneration Tribunal 2025 Annual Review,

- the Homes for NSW Discussion Paper,
- the Joint Select Committee Review on the Greater Sydney Parklands Trust Act 2022,
- the Swanson Street Cycleway,
- the Parking Amendment Regulations,
- the Australian Energy Regulator (AER) Draft Decision Jemena Gas Access Arrangement 2025-2030,
- the Blackwattle Bay Land Use Amendment and Voluntary Planning Agreement,
- the Explanation of Intended Effect: Cultural SEPP.
- the Draft NSW Homelessness Strategy 2025-2035,
- the New Model Code of Meeting Practice,
- the NSW Office of the Registrar General Obsolete Restrictive Covenants,
- Transport for NSW's Draft Transport Modelling Guidelines,
- the Transport for NSW Approach to Road Recategorisation, the Roads Act 1993 Issues Paper (Stage 1 Engagement),
- the NSW Housing Pattern Book Discussion Paper Planning Pathways for Low Rise Patterns,
- the Energy from Waste Options Paper,
- · the draft NSW Government Permit and Pay Parking Guidelines,
- the Transport and Infrastructure Inquiry: Infrastructure for Electric and Alternative Energy Source Vehicles in NSW,
- the draft Guide for Council Led Affordable Housing on Operational Land,
- the Explanation of Intended Effect: Changes to Deter Illegal Tree and Vegetation Clearing,
- the Evaluation of the Public Spaces (Unattended Property) Act 2021 and Regulation,
- the NSW Draft Waste and Circular Infrastructure Plan and the Sydney Water Pricing Determination and Implications for Greater Sydney.

Submissions are also made to the NSW Department of Planning, Housing and Infrastructure on relevant State Significant Development Applications.

1.5 The transformation of the city is enabled by successful partnerships and collaboration

Major Programs Progress To Date Status

Partnerships

Strengthen domestic partnerships through collaboration, consultation, advocacy and knowledge exchange to facilitate improved decision making and outcomes for the community

Resilient Sydney held quarterly Resilience Ambassadors Meetings in 2024/25 with the latest delivered in May 2025, attended by 57 representatives from 28 Greater Sydney councils as well as NSW Government representatives. The meeting featured updates from Resilience Ambassadors on local priorities and projects. Ambassadors received briefings from NSW Government on new urban greening and cooling initiatives, along with an overview of the Household Readiness Toolkit and community engagement with at-risk populations in the Hawkesbury-Nepean region. As part of the strategic focus on social cohesion, Resilient Sydney is a member of the Local Government Anti-Racism Strategy Working Group. In partnership with the NSW Premier's Department, a co-design workshop was held in May 2025 to support the development of an Anti-Racism Strategy Template for local governments. The workshop brought together 49 representatives from 27 local councils across Greater Sydney to share early research findings, explore racism-related challenges, and co-develop practical actions and foundational anti-racism principles. Resilient Sydney jointly convenes the Greater Sydney Heat Taskforce and is partnering with diverse mix of stakeholders to deliver actions under the five pillars of the new Resilient Sydney 2025-2030 strategy. Resilient Sydney is working with the Regional Organisations of Councils advocating for sustainable and resilient outcomes on waste, water management and net zero in Greater Sydney.

Utilise international partnerships to facilitate knowledge exchange and ensure the City and the community benefit from the best and most current knowledge and processes, including C40, World Cities Cultural Forum and Resilient Cities Network

In June 2025, the Resilient Sydney Strategy (2025–2030) was presented to the Global Resilient Cities Network as part of the Navigating the Polycrisis series. The strategy was recognised for its depth, ambition and inclusive community engagement process. This presentation provided the global resilience network an opportunity to hear directly from Sydney about its approach, key lessons learned, and how the city has navigated resilience challenges shared by other global cities.

Resilient Sydney has participated in global webinars including a presentation on the Global Risks Report from the World Economic Forum. Resilient Sydney is also a member of the new global Community of Practice focused on how cities are addressing health and equity impacts from climate change.

Staff from the sustainability programs and environmental strategy teams participated in the annual Carbon Neutral Cities Alliance annual global summit in June. The summit focussed on circular economy and pathways to net zero and provided the member cities valuable opportunities for peer to peer learning and knowledge exchange.

Page 12 of 68

SD02 A leading environmental performer

The city is part of a decarbonised world. Our communities live in a city that is regenerative and makes a positive contribution to the planet, to society and to individual lives. We are innovative leaders in climate change adaptation and innovation

2.1 The city reaches net zero emissions by 2035 with embodied c	arbon significantly reduced	
Major Programs	Progress To Date	Status
Net zero emissions – City assets and operations		
Transition the passenger and light commercial fleet to zero emissions by 2030 and by 2035 for the heavy vehicle fleet	The City currently operates a fleet of 69 electric assets, comprising 51 passenger vehicles, 1 truck, 5 buggies, 1 floor scrubber, 1 footway sweeper and 10 electric bikes. This is a significant step toward meeting our sustainability goals and reducing emissions. In addition, we plan to replace the remaining passenger hybrid fleet with electric vehicles between the 2026-2028 financial years, alongside other projects, further driving our commitment to environmental responsibility. Our strategy also includes the rationalisation of the fleet by reducing the number of vehicles where feasible, while continuing to maintain full service levels to the community and operations. By leveraging telematics and incorporating eco-driving strategies, we aim to optimise driving efficiency, ensuring both environmental benefits and operational effectiveness.	On Track
Actively manage the replacement of the City's public domain lighting with sustainable lighting	Over the past 10 years the vast majority of City owned and Ausgrid owned public lighting has been converted to LED. This has generated significant reductions in energy use and lowering of associated operational costs. The program for the replacement of the first generation of City owned LED lights to more efficient LED lights fitted with smart controls has commenced and will proceed over the next 3 years generating further reductions in energy and costs, as well as improving response times for any light outages. Ausgrid have also been upgrading lights across the City of Sydney local area to LED technology with 8,306 lights upgraded to date. The City is also working with Ausgrid to transition Ausgrid owned decorative lighting to LED lights in coming years.	On Track
Implement new net zero framework to drive electrification in City assets and switching to zero-emissions and improved energy efficiency including actions relating to the Cooksafe goals	The net zero framework to drive electrification and energy efficiency at City operated properties has been implemented. This framework outlines the required capital projects to remove gas assets from City owned properties by 2030. The City of Sydney has committed to phasing out fossil gas entirely by 2030 and will reduce energy use across our operations by 30% by the same year. The City has also committed to the Global Cooksafe Coalition and plans are underway to remove the gas kitchen appliances at City owned aquatics centres and at Sydney Town Hall. In 2024/25, the City completed a major project to switch pool and hot water heating to electricity at Victoria Park Pool. A similar project is now underway at Andrew Boy Charlton aquatic centre. Work is ongoing to replace all gas systems, including space heating, hot water, and cooking equipment, with electric alternatives.	On Track
Net zero emissions in the LGA		
Support building owners and occupants to implement a net zero pathway through targeted programs and grants	Since 2016, the Smart Green Apartments program has encouraged owners corporations to invest \$4.3 million in upgrades, delivering significant savings across their lifespan (reducing running costs by \$10.9 million) and avoiding 65,128 tonnes of carbon emissions. The Better Buildings Partnership is supporting commercial office owners with circular economy, climate positive, and resilience initiatives as well as most recently delivering an electrification masterclass. CitySwitch, Sydney members now procure 70% of electricity from renewable sources and the average NABERS energy rating of members is 5 stars. The Sustainable Destination Partnership is supporting renewable electricity procurement, transition to net zero and communicating sustainability to stakeholders. A total of 26 owners corporations (or equivalent) and four accommodation providers were approved for a Green Building Grant since 1 July 2024. Since 2016, these grants have supported investment in upgrades, delivering significant cost savings to building owners and occupants, avoiding 55,164 tonnes of carbon emissions.	On Track

Support community adoption of renewable energy in line with the City's 50% renewable electricity by 2030 target	The City continues to support our residential community to access renewable energy through feasibility studies for apartment buildings through Green Buildings Grants and Smart Green Apartment Programs. Since its launch we have been focused on promoting the NSW government Solar for Apartments funding program - supporting apartment buildings access the grant to install solar on strata building rooftops. For business communities we continue to disseminate resources on GreenPower, Power Purchase agreement and on-site solar via our website where guides can be accessed.	On Track
Actively participate in industry groups committed to creating a market for low embodied carbon steel, concrete and aluminium	City staff attended industry events supporting embodied carbon initiatives, including Climate Action Week, Green Building Council of Australia and Materials and Embodied Carbon Leadership Alliance forums. The previously reported role of chair of the Local Government sub-group of the Materials and Embodied Carbon Leadership Alliance was passed on after completing a year in the role.	On Track
Zero emissions transport		
Advocate to the federal and NSW governments on key transport emissions reduction (carbon emissions and local air quality) improvement opportunities	Submissions were made during the 2024-2025 financial year to the Australian Government Transport and Infrastructure Net Zero Consultation Roadmap; Transport for NSW Freight Policy Reform Interim Directions Paper; and NSW Legislative Assembly Committee on Transport and Infrastructure Inquiry into Infrastructure for Electric and Alternative Energy Source Vehicles.	On Track
Support more people walking, riding bicycles and catching zero emissions public transport	The City continues to support more people walking, riding and catching zero emissions public transport, including through implementing key actions from the Walking Strategy and Action Plan, Cycling Strategy and Action Plan, Access Strategy and Action Plan and the Electrification of Transport in the City Strategy and Action Plan. Our submission and evidence to the NSW Parliament on the e-micromobility issue identified the key NSW Government actions to support increased bicycle riding without affecting walking environments. The City's submission to the NSW Government's Roads Act Review outlined options for improving road management to support people walking and cycling. Our submission to the NSW Government Net Zero Commission reinforces that increasing	On Track
50	walking, cycling and public transport use is the best way to reduce transport sector emissions. We strongly supported and then celebrated the Sydney Metro that opened in the second half of 2024. We encouraged Sydney Metro to increase services on it, both in terms of frequency, and start and finish of services. We liaised with Transport for NSW to support Pyrmont Action Group's campaign to reinstate a bus stop on the west side of the city centre for the route 389 service.	
Advocate to the NSW Government for zero emissions buses	The City continues to monitor the NSW Government's plan to have 1,200 electric buses operating in Sydney by 2028. We included electrification of bus depots to enable fleet electrification as a key NSW Government priority in our submission and staff evidence to the NSW Parliament Inquiry into Electric Vehicle Charging Infrastructure.	On Track
Advocate and work with key stakeholders to assist the transition to zero emission transport fleets	The City presented the Electrification of Transport Strategy and Action Plan to the Green Building Council of Australia. We collaborated with councils in a new "community of practice", to assist councils to implement public charging, noting the benefits of a network of public charging across the metropolitan area. We participated in a panel at a council-focussed workshop facilitated by the Net Zero Transport team of the Department of Climate Change, Energy, the Environment and Water. We participate in the SSROC EV working group. We provided evidence (consistent with the City's submission) to the Legislative Assembly Committee on Transport and Infrastructure's Inquiry into infrastructure for electric and alternative energy energy source vehicles in NSW, to advocate for more NSW Government support for scalable faster public off-street charging, electrification of buses and depots, and for strata communities to install charging in their off-street parking.	On Track

Stormwater quality

Implement and renew pollution control devices and other stormwater systems to reduce stormwater pollution discharged to waterways

The City is completing a multi-year program of adding gross pollutant traps. A new gross pollutant trap was installed in Broughton Street, Glebe in June. Other sites are planned and are at various stages of design and approval. New raingardens are also planned for construction by the City and developers in new and upgraded precincts in Green Square and Erskineville. Maintenance programs are in place for all existing gross pollutant traps and raingardens to ensure the performance of these assets remains optimal.

Reduce waste from City operations

Review and update recycling streams and collection receptacles in City properties and implement technologies that drive reduction in landfill

The uniform recycling program is now a permanent service and this financial year collections totalled 682kg. Battery recycling for City operations also become a regular service and the first collection in June saw 40 kg of batteries recycled.

The City is researching how waste at our largest waste collection property - Sydney Park Nursery - can be better managed. New initiatives being implemented will reduce contamination in the green waste skip and increase cardboard recycling.

Engage with contracted service providers and other relevant stakeholders to improve reporting of strip out, construction and demolition waste from City assets

The City is researching how to better understand the requirement for strip-out and fit-out projects and how the data can best be captured. A methodology for identifying office strip-out and fit-out waste is currently being investigated.

On Track

On Track

Sustainable procurement

Develop social and sustainable procurement approaches to be incorporated into procurement planning and processes in relation to targeted categories

Social, sustainability and environmental factors are required to be considered and documented during tender sourcing strategy development and are then included in the tender requirements and evaluation considerations. These will be further developed as part of the Procurement Transformation project.

Circular economy

Engage with industry and other stakeholders to create opportunities for development of circular economy outcomes in our local area

The City of Sydney is regularly engaging with state government agencies, industry, academia and not for profit organisations to support and advocate for a transition to a more circular economy. City staff contribute to state and federal working groups such as the Australian Packaging Covenant Organisation and Green Building Council Australia, seeking to embed circularity in products, services and the built environment. Recent updates to our City of Sydney grant guidelines has identified circular economy programs focusing on reuse and repair in our local area as a funding priority.

On Track

Advocacy

Provide timely responses to relevant public consultations, participate in state and federal led engagement opportunities, and support regional groups in progressing agreed advocacy positions that promote and embed circular economy outcomes in our area

In recent months the NSW Government has released both an Energy from Waste Options Paper and the first chapter of its draft NSW Waste and Circular Infrastructure Plan. While the NSW Government's recent commitment to addressing the urgent need for new waste and materials infrastructure is appreciated the draft plan falls short of what local governments identify as needed to fix the infrastructure gap. Among the recommendations from the City of Sydney were to a) ensure that amendments to planning approval processes do not override the current engagement processes with local governments, other state agencies and community, b) greater focus be placed on early and transparent community engagement by NSW Government, including education on the necessity of waste infrastructure across all communities and c) request that local government continues to be consulted throughout the development of strategic planning initiatives, particularly where local government is directly impacted. Finally, the remaining chapters need to be balanced across all waste and material streams, not just for residual waste, and more detail provided that include evidence base, timelines for delivery and the responsible departments.

On Track

Reduce waste to landfill

Engage with and encourage the community to avoid, reduce and reuse waste

This year the City delivered 362 waste avoidance activities, engaging with 5425 residents and visitors through the delivery of face-to-face and online education. These activities included 69 waste reduction info pop-ups delivered across 36 community accessible locations, workshops, clothes swaps and activations at social housing events such as Open Days, Pet Day and Seniors' Day.

On Track

At these pop-ups we engaged with 2101 residents about how to safely recycle small electronics and E-bike batteries, how to identify recyclable packaging, provided tips on how to avoid food waste at Christmas and how to use our Doorstep Recycling Service to recycle unwearable textiles and other tricky items from home. We partnered with Homes NSW to provide a pop-up coffee cart with reusable mugs and a recycling workshop for residents at Northcott Estate in Surry Hills. We supported two compost workshops at City Farm and engaged with attendees about food waste avoidance and attended the Wheels & Deals community bicycle reuse event and two free bike tune-up pop-ups to engage attendees about bicycle repair, small electronics and battery recycling.

Other highlights include:

- 8 waste reduction webinars delivered to 206 people on the topics of 'Plastics Decoded', 'Recycling Masterclass', and 'Electronics Unplugged' and
- Tailored responses provided to 230 people's questions through our Ask a Waste Avoidance Expert service.
- 230 residents recirculated 356kg of wearable clothing through our 2 clothing swaps
- 10 education concierge services at the Ultimo Recycling Pop-up, chatting to over 200 people on how to further reduce waste at home while they were dropping of their items for recycling.
- 2165 students across 13 local schools received waste reduction workshops
- 219 parents learnt how to recycle tricky items at 9 pop-up info stalls held on school grounds and university students were engaged on the circular economy as part of Macquarie University's Sustainable Insights Day.
- 22 communication campaigns and 33 e-newsletters were delivered to promote reuse, waste avoidance and our recycling services to our residents.
- Recycling Help tool was launched in a more accessible format which saw a 208% increase in searches.

- 537 waste planning requests were completed by waste planning staff. These include DA referrals, 18 re-referrals, panel requests, conditions satisfied tasks and court appeal input.
- 29 apartment buildings (3,567 households) received custom advice from staff through our 'Recycle Helper Service' on how to improve their recycling levels.

Undertake planning for a food organics recycling service across the local area for residents

The City continues to provide the food scraps recycling service to households that participated in the trial and to add more apartment buildings to the service. In May, all houses that were on the service waitlist were offered the opportunity to join the service. Of those, 289 houses confirmed their interest and received food scraps bins in June. Now the service is available to over 23,200 households across the local area and more than 2,600 tonnes of food scraps have been diverted from landfill.

On Track

On 17 March Council resolved to roll out a food organics (FO) service to all residential properties before 2030 to meet the requirements of the state government FOGO mandate. Service rollout planning is underway to inform future Council decisions on the preferred FO service collection and processing methods.

The insect farming food scraps processing trial has now been running for 6 months. So far 226 tonnes have been processed via the insect farming facility and this has generated around 11 tonnes of insect protein for animal feed and 57 tonnes of frass for fertiliser. There has been great interest in the trial from industry and other councils and Goterra and City staff have run several tours of the facility to demonstrate the technology and share learnings.

In June the City delivered 25-litre food scraps bins to around 300 houses for the pilot of the use of small food scraps bins in houses to evaluate the viability of this bin size for the future service rollout. This pilot is scheduled to start in July.

On Track

Increase recycling and reuse opportunities of textiles, soft plastics, electronics and other tricky items through innovative drop-off events and services for residents

56

Four Recycle It Saturday drop-off events were held this year where 3,550 people dropped off 80 tonnes of materials for reuse and recycling. Unwearable textiles were introduced to these events in February and already 6 tonnes have been recycled. At the last two Recycle It Saturday events we also piloted the addition of a furniture reuse stream, partnering with four local charities. Furniture dropped off was rehomed to families in need or resold in charity stores. Approximately 153 items of furniture were accepted from 100 residents. These included chairs, ottomans, bedside tables and bookshelves. The pilot will be evaluated in 2025/26.

The City hosted its annual Household Chemical Clean Out event on 19 October 2024. The event is run by the EPA and is also open to non-City of Sydney residents. It attracted a total of 662 people, an increase of 11% in attendance from the previous year. The event collected 24.12 tonnes, an average of 36kgs per vehicle. The most popular items were paint and hydrocarbons.

The Ultimo recycling pop-up received 4,129 drop offs and recycled 25.5 tonnes of materials this year. Of these, 1,154 residents used the pop-up for the first time in 2024/25 and the most popular items dropped-off for recycling were electronics, batteries, small metals, blister packs and polystyrene.

Two additional recycling stations were installed at Victoria Park Pool and Pyrmont Community Centre this year, bringing the total to 20 recycling stations across 18 locations in the City of Sydney. This means 85% of residents live within a 10 minute walk to a recycling station. The stations were updated to improve their accessibility with braille and tactile lettering for people with low or no vision, and blister packs were added as a new recycling stream from June 2025. The stations recycled 3 tonnes of materials this year. This includes 1,475kgs batteries, 208kgs mobile phones, 280kgs light bulbs, 892kgs of small electronics, 175kgs of vapes and 1kg of blister packs.

The City collected 35.4 tonnes of tricky items (including clothes, electronics and polystyrene) from 2,867 pickups directly from residents' homes through the doorstep recycling service over the year. There are two Reverse Vending Machines (RVMs) in the City of Sydney that collect beverage containers through the Return and Earn scheme. Over this financial year Kings Cross collected 1,737,538 containers with a weight of 123 tonnes and Sydney Park collected 3,725,311 containers with a weight of 197 tonnes. This was a combined collection of 5,462,869 containers and 321 tonnes in the City of Sydney.

Efficient cleansing and waste services

Provide an efficient and effective domestic waste service that meets the needs of the community

Bulky waste collections continued to improve and the average of bookings collected within 24 hours of the scheduled collection time was 93% for Quarter 4 of the 2024/25 financial year. Collections are monitored daily, and we remain committed to continuously improving and streamlining service delivery.

Implement projects, programs and advocate to improve environmental performance in the accommodation and entertainment sector	This year, the Sustainable Destination Partnership achieved a 31% reduction in carbon emissions and a 21% reduction in water use against the financial year 2018 baseline. The work of the Partnership contributed to Sydney placing tenth in the Global Destination Sustainability Index. The 2024/25 workplan was delivered across all three working groups. This year marked the end of the current phase of the Partnership. Members collaborated to co-design the strategy to 2029, which was endorsed at the June Leadership Panel meeting. New working groups and focus areas were established, along with updated targets. Partners have committed to higher membership requirements in the new phase, demonstrating strong leadership of the program.	On Track
Implement projects, programs and advocate to improve environmental performance and resilience in the residential strata sector	Since 2016, the Smart Green Apartments program has encouraged owners corporations to invest \$4,343,134 in upgrades, delivering significant cost savings across project lifespans (reducing running costs by \$10.9 million) and avoiding 65,128 tonnes of carbon emissions. Since 2016, the City of Sydney's Green Building Grants have supported the investment of \$1.7 million in upgrades to apartment buildings, delivering significant savings across project lifespans, (saving \$8 million in running costs) and avoiding 41,223 tonnes of carbon emissions. A total of 26 Owners Corporations (or equivalent) have been approved for a Green Building Grant this financial year. Four webinars were hosted this financial year covering hot water heat pumps, electric vehicle charging, communicating sustainability in strata and solar on strata building rooftops, engaging 584 attendees. The Sustainability Apartments Reference Group met quarterly this financial year, most recently in May, to drive sustainability outcomes for high density communities.	On Track

SD03 Public places for all

The city has more places for people who live, work, invest and visit here. The history of the city and connections to Aboriginal and Torres Strait Islander peoples is evident in our public places. The city centre is an inviting and lively place, clean and safe, day and night, and with creativity and public art at its heart. Our local main streets are thriving hubs with their own distinctive characters

3.1 Aboriginal people, their history and cultures of this place are evident in the public realm

Major Programs Progress To Date Status

Aboriginal and Torres Strait Islander people are influential in shaping the city

Develop a framework / strategy, in consultation with relevant stakeholders, to assist in planning the city to address and implement Connecting with Country principles

The City of Sydney is working towards a Connecting with Country Framework based on the principles of the Government Architects Connecting with Country Framework that will assist shaping the City's own projects and external projects. This will be developed with the relevant Land Council's and communities. This work will build on work already done for Sydney Barani and other projects already underway on the Eora Journey and Sustainable Sydney 2030-2050 strategies.

On Track

3.2 Welcoming, inclusive and connected streets and public spaces are created and maintained

Major Programs Progress To Date Status

Welcoming, accessible and equitable public spaces

Continue to deliver public domain capital works projects

9

Progress continued in development and delivery of public domain capital works projects. The eastern section of the Green Square to Ashmore Connector road open to public and temporary footpath extension to Bourke Road open for access to O'Riordan St. Main gas works to Bourke Road completed and stormwater works in progress. Link Road and Epsom Road intersection detailed design complete. Utilities authorities engaged for design and construction for services relocation works. Construction of the new George Julius Avenue progressing with excavation works complete, services works and off site fabrication of playground equipment progressing. Construction of George Street North pedestrianisation works progressing at Margaret Street between George and York Streets. Pedestrianisation on the eastern side of George St has been completed, except for between Curtin PI to Hunter St. Forecast completion is early 2026. Loftus Street & Reiby Place upgrade progressing with northern end open to public and continuous footpath treatment at Reiby Place and Loftus St intersection complete. Works to Customs House Lane and between Bridge St and Reiby PI, except at Bridge Street intersection has been completed. Dixon Street public domain improvements progressing with restoration of Ceremonial Gates complete and opened to public. Public domain upgrade works to commence on site mid-2025. Crown Street public domain construction progressing with completion by end 2025. Planning for Sydney Square upgrade commenced with scope endorsed. Town Hall Square development phase commencing July 2025.

On Track

Public amenity

Provide high-quality public domain cleaning service that meets the needs of the community

The Cleansing team continues to work towards enhancing service levels across all areas to provide a clean and welcoming environment for both residents and visitors. Work continues on optimising night shift operations to address the City's unique demands during off-peak hours. This includes refining detailing processes, deploying specialised equipment for high-traffic zones, and prioritising high-profile locations that require frequent attention within the city precinct. To meet evolving urban challenges, we are implementing initiatives to equip our team with the skills necessary for servicing newly developed areas and maintaining critical infrastructure, such as cycleways and pedestrian zones. Procurement of smaller buggy style vehicles will allow a focus on mobilising the manual task and giving greater coverage of the task, providing an opportunity to increase service delivery where required.

Public safety and compliance											
Maintain inspection programs to monitor leg areas of fire safety, building compliance, late and public health										his includes proactive inspection of retail food cpackers and swimming pools.	On Track

3.3 Creativity and culture is embedded in the fabric of the city		
Major Programs	Progress To Date	Status
Enable artists' contributions to the cultural life of the city		
Advocate for and support the delivery of public art in new developments and develop partnerships to enable delivery of public art projects and programs	The City supports the delivery of public art in new developments by reviewing and providing advice on all public art projects from conception to delivery in line with our Guidelines for 'Public Art in Private Developments'. Projects of strategic importance or facing particular challenges are taken to the City's Public Art Advisory Panel for review and advice which is then passed on to the proponents through the planner. This process ensures a high standard of public art is delivered to the benefit of the community, enriching the cultural life of our City. The City has developed partnerships with Place Management NSW and various Cultural Institutions along the Harbour Foreshore to deliver Yananurala, curated by Emily McDaniel as part of the Eora Journey and is seeking alignment with private developments that intersect with this project.	On Track
3.4 Physical and visual connections to the harbour are strengthe	ened	
Major Programs	Progress To Date	Status
Connecting with the harbour foreshore		
Develop and deliver a staged implementation of public art and other projects for the Eora Journey Recognition in the Public Domain Program through the Yananurala So	Yananurala, (formerly the Harbour Walk) curated by Emily McDaniel, provides a curatorial approach to Aboriginal recognition along the harbour foreshore in the public domain. Interpretive markers are installed at key points along the 9km length of the walk which feature a bara (shell hook) icon. These markers have been included in the City's Culture Walks App as a walk, to encourage people to walk country. Artist Lucy Simpson is carrying out design development of her concept in response to the brief for 'Sitelines and Conversations' informed by community consultation. Community consultation is underway to inform the brief (currently in development) for a public artwork celebrating the Sydney Aboriginal language at Tara/Dawes Point the site where Patyegarang, a young Aboriginal woman, gifted the language to William Dawes who recorded it in his notebooks for future generations. A video to communicate the brief and the role of language in the project to community is also being produced with Aboriginal and Torres Strait Islander community.	On Track
3.5 Equitable access to open green spaces, playgrounds, pools,	recreational and sporting facilities supports social connection and wellbeing	
Major Programs	Progress To Date	Status
Equitable distribution and access		
Undertake review of the City's Open Space and Recreation Needs Study to inform future priorities and directions	Review of City's Open Space, Sport and Recreation Needs Study has commenced. The research and assessment phase has focussed on documenting open space, sport and recreation improvements over the last 10 years, current and future projected population and demographic changes, recreation trends and demands and opportunities to increase the availability of open space, sport and recreation facilities to meet assessed demand.	On Track
Land under the care and control of the City is managed equitably		
Review the City's Plans of Management as required, ensuring that public space is managed in an equitable, inclusive, resilient and regenerative way	The review of the draft Generic Plan of Management is nearing completion for public exhibition. The City will continue to review the remaining Plans of Management in order of importance. The Draft Generic Plan of Management includes 250 properties. The Hyde Park Plan of Management is delayed due to the ANZAC Memorial Trust amending their act. This is currently with Parliament for consideration.	On Track

Access to pools and sporting facilities

Deliver programs and services at pools, sporting facilities and community tennis courts that support inclusive participation, social connection and wellbeing Throughout the 2024/25 financial year the City's pools delivered programs promoting inclusion, wellbeing and community connection. Water safety and swim programs targeted First Nations children, refugees, asylum seekers and culturally diverse communities. Signature events included the Yabun Festival, Trans and Gender Diverse pool activations and Winter Health & Wellbeing Week. The pools also engaged over 600 new participants through Seniors Festival activities and welcomed 6,687 attendees at our Open Day, supporting participation and strengthening partnerships across diverse communities.

On Track

Our tennis centres delivered inclusive programs fostering participation and social connection. Highlights included Blind and Low Vision Tennis, Wheelchair Tennis and First Nations Junior programs, with over 1,700 coaching visits and 1,000 competition entries at Rushcutters Bay. Youth programs recorded 582 school visits and 1,118 hotshots attendances. Major events included the International Wheelchair Tennis Futures Tournament and Club Championships. Indigenous Youth After-school and Seniors Festival activities improved access, supporting the City goals to break down barriers and promote active, connected communities.

Peak Occupancy - Perry Park Recreation Centre	%	90	92	-	91	86	82	93	93	Peak-time occupancy increased this year, indicating stronger utilisation during high-demand periods. Overall participation also grew with 317,318 visits recorded, an increase of 47,798 visits (up 18% on the previous year). This includes increased use by people accessing the adjacent new synthetic field at Perry Park, many of whom are also making use of the centre. On average 124 indoor and outdoor teams took part each week in social sports competitions - 18 more than last year. We partnered with hirers and local organisations to deliver a range of community events and activities. Other highlights included our first International Women's Day celebration with over 150 attendees, Perry Park Open Day attracting more than 500 visitors, and the Mardi Gras Volleyball Tournament with over 250 participants.	Indicator Only
Peak occupancy - City's outdoor tennis courts 60 44	%	67	68	-	74	75	78	85	85	Occupancy improved each quarter this financial year driven by sustained community interest and a diverse range of programs including court hire, group lessons, social tennis and special events. In Q4, occupancy peaked at an average of 85% across all centres, boosted by inclusive initiatives aligned with City priorities - such as Pride Month activations, culturally and linguistically diverse programs, and accessibility-focused events.	Indicator Only

SD04 Design excellence and sustainable development
The city will continue to grow sustainably and with good design. Communities are inclusive, socially connected, healthy, and live in walkable well-serviced neighbourhoods, supported by public transport. We take the impact of our changing climate into account in the policies that influence development in the city

Advocate for improvements to the National Construction Code to achieve net zero buildings by 2035

The National Construction Code (NCC) is reviewed by the Australian Building Codes Board (ABCB) every three years. The latest update NCC 2022 has been mostly adopted by the NSW Government planning framework which applies to the City of Sydney area. The City's most recent advocacy was a submission in June 2024 relating to energy efficiency changes proposed for the NCC 2025. The ABCB has confirmed the adoption of NCC 2025 has been delayed.

On Track

Investigate opportunities for development to use water efficiently and improve the health of waterways through changes to the planning controls

The City has completed a study of stormwater management and reuse controls. Water efficiency and updated stormwater reuse controls for buildings have been adopted by Council in June 2025 following public exhibition as part of the LEP/DCP Update. The controls are expected to come into force in late 2025.

On Track

Increase resilience through well designed and planned development

Update floodplain management planning controls to manage risk and achieve good urban design outcomes

The Interim Floodplain Management Guidelines are being incorporated into the City's planning controls as part of the LEP / DCP Update. The updated planning controls are to manage flood associated risk and achieve good urban design outcomes. The updated planning controls were adopted by Council in June 2025 and will come into effect when updates to the Sydney LEP are made later in 2025.

SD05 A city for walking, cycling and public transport

The city is greener and calmer, with more space for people on the streets – including footpaths and cycleways. More people choose to walk, ride and use public transport. All vehicles in the city are zero emissions

5.1 Street space is reallocated for people, places and planting		
Major Programs	Progress To Date	Status
Public domain and public space programs		
Ensure the needs of our diverse community are considered in the public domain master planning including transport and urban growth projects	The City has advocated for high quality and co-ordinated public domain outcomes for metro station precincts and the completed Redfern Station upgrade. Advocacy and input into major state government development projects including Blackwattle Bay, Waterloo Estate, Barangaroo Central/Hickson Road and North Eveleigh is ongoing. The prime objective is to ensure a high quality, accessible public domain to allow people to walk and cycle to public transport and other destinations including home, work and recreation as well as new public spaces for people to recreate.	On Track
Reallocation of street space		
Support the implementation of the pedestrianisation of George Street and relevant city streets	The City continues to work with Transport for NSW to deliver the remainder of the George Street pedestrian boulevard between Hunter and Alfred Streets. Construction is progressing well between Hunter and Essex Streets.	On Track
Manage the demand for kerbside space including parking to ensure there is equitable access to the constrained supply	Kerbside restrictions are implemented to manage various needs and encourage parking turnover. Kerbside use including parking, kerb extensions, bicycle parking and outdoor dining are implemented in accordance with relevant strategies, policies and approval through the Local Pedestrian, Cycling and Traffic Calming Committee.	On Track
Partnerships to improve road safety and reduce traffic		
Wolf in partnership with the NSW Government to reduce traffic speeds and volumes to keep people safe and reduce road trauma	The City is collaborating with Transport for NSW to reduce speed limits to a maximum of 40km/h on all roads within the City of Sydney, including local, regional and state roads. Transport for NSW is responsible for approving these changes. With funding and approval by TfNSW, all local and regional roads in the City of Sydney local area now have a speed limit of 40km/h. The City will continue to advocate for a 40km/h limit on the state road network within the City of Sydney local area. Additionally, the City has applied to Transport for NSW for a 30km/h speed limit in the existing city centre 40km/h High Pedestrian Activity Area, in line with Action 15 in the City's Access Strategy and Action Plan. In March 2025, the City made a high level submission to NSW Government's review of the Roads Act 1993 (stage	On Track
	 one). Through this, we advocated for: providing Councils with responsibility to manage the reduction of speed limits on our local roads (as long as the process set by TfNSW is reasonable and not excessively resource intensive) providing Councils with responsibility to set 10km/hr speed limits on local roads associated with shared zone proposals

Major Programs	Progress To Date	Status
Improve safety, connectivity and amenity		
Develop and oversee a program of pedestrian crossings to make walking safer and easier	The City is now using a needs-based approach for prioritising pedestrian crossings based on land uses, and gaps in the walking connectivity. The City continues to undertake Walking and Place studies to identify further areas for crossing improvements in targeted precincts, with items from these studies being fed into capital works programs and grant applications. In addition, the Walking Strategy and Action Plan, adopted June 2024, provides a remit to double the number of pedestrian crossings installed over the next 10 years. The changes to approval processes made possible by the NSW Government Delegations relating to streets could also provide some opportunities for accelerating a program to deliver pedestrian crossings in some locations, however the City is in the process of finalising an internal processes to implement the Delegations. In the interim, all new crossing proposals will continue to go to the Local Pedestrian, Cycling and Traffic Calming Committee for consideration.	On Track
Deliver improvement works in the Central Business District, including the installation of smartpoles, upgraded and improved sustainable street lighting, traffic signals, street furniture and the installation of granite paving	The 2024/25 Central Business District Streetscape Improvement program included granite paving in Clarence Street and York Street and installation of new Smartpoles and LED lighting on Clarence Street and new Smartpoles for traffic lanterns at the intersection of Barrack and York Streets. Works at all these locations are now complete.	On Track
Implement priority public domain improvements from the walking strategy and action plan	The City is implementing priority public domain improvements from the Walking Strategy and Action Plan through our footpath renewals and upgrade programs, pedestrian access improvement programs, the rollout of an upgraded street furniture suite, pedestrian lighting works, construction of traffic and pedestrian facilities and the addition of green space along our streets as part of these programs. Crown Street was also prioritised for upgrade as a village main street and incorporates wider footpaths, greening, additional trees and street furniture in accordance with walking improvement principles listed in the plan.	On Track
Encourage and monitor walking participation		
Implement a program of activities that removes barriers to walking by improving safety and connectivity for people walking	The City's Walking Strategy and Action Plan was adopted in June 24. In addition to continuing existing programs of walking and public domain improvements worth around \$28 million per year, the action plan includes a number of further initiatives to increase our commitment to improving the walking experience. This includes updating our design guidance, improving how road rules relate to people walking, developing a code of practice to minimise the impacts of construction activities on people walking and advocating for improved priority at signals and reduced speed limits. We have commenced work on some of the actions in the strategy already, including a review of crossing design and updating our design guidance. As part of Transport for NSW's review of the Roads Act, the City is also advocating for the Act to better enable road managers to design and manage streets with priority in most instances to people dwelling in places, walking, riding bicycles, or catching public transport.	On Track
Advocacy		
Work with the NSW Government to decrease waiting time and journey time for people walking in areas of high pedestrian activity in the local area	The City continues to advocate for greater priority (reduced delay) for people walking in the city centre and other areas of high pedestrian activity. This includes advocating for reduced waiting times, reduced crossing distances at intersections, increasing space and improving quality of the public domain for people walking. This also includes through implementing shared zones to provide people walking with priority over people driving. These items are all key actions in the City's Walking Strategy which was adopted in June 2024. The City also chairs a monthly coordination group with Transport for NSW to facilitate discussions around reducing delays for people walking at individual signals. The City is investigating opportunities to provide priority controlled intersections in lieu of signalised intersections to improve priority for people walking,	On Track

Safe, connected cycleways											
Safe, connected cycleways mplement cycleways within our local area as per the future bike network approved by Council				Construction of Castlereagh Street streetscape upgrade and cycleway is complete, and the cycleway was opened on 1 November 2024. Construction of the Glebe to Ultimo cycleway along Kelly and MaryAnn Streets is also complete and open. Construction is underway and nearly complete on: Oxford Street and Liverpool Street cycleway Ashmore to Green Square Connector cycleway, and Wellington Street cycleway. Construction will commence in the coming months on the King Street to College Street cycleway link, the Rosebery Quietway, O'Dea Avenue cycleway and Ultimo to Surry Hills cycleway. The Surry Hills to Central Quietway is in							

design.

Improve bicycle safety, access and amenity through small scale infrastructure changes and improved on street facilities throughout the local area

Capital works projects and maintenance programs are in place in line with the Cycling Strategy and Action Plan to enhance and maintain the cycleway network across the City of Sydney local area. Projects for 2024/25 included the City South Bike network link at Kelly and Mary Ann Street and the installation of cycling contraflow signage and line marking along one-way streets across the City of Sydney local area which are both now complete. The city completed a large shared zone at Wilson Plaza, Redfern to make the area more accessible and safer for pedestrians, cyclists and road users.

On Track

Collaboration

Work with neighbouring councils, state and federal governments to implement a cycleway network across Sydney

City staff continue to work with Transport for NSW (TfNSW) to add key missing links with neighbouring councils, including:

On Track

- TfNSW has federal funding to construct Wilson Street missing link on state road between King Street and Erskineville Road in 2026
- TfNSW has started construction of the permanent Bridge Road cycleway
- Sydney Park Road TfNSW has constructed stage 1 in early 2025 and will complete further stages later
- Sydney Harbour Bridge southern exit no progress
- Alexandra Canal the TfNSW section is now on indefinite hold
- Oxford East TfNSW have finished the concept design and business case

TfNSW has started construction of the missing section of King Street cycleway in the city centre. We are providing advice and input to TfNSW for the business case and concept development for the three TfNSW Strategic Cycleway Corridors within our local area.

City staff also continue to provide advice and guidance for neighbouring councils.

Encourage and monitor cycling participation

Encourage bicycle riding in our local area

73

During this financial year we ran 40 guided rides with 290 participants, to show people the bike network and build confidence. We also held 73 Share the Path onsite education sessions that delivered 905 free tune-ups, 2437 maps and attached 435 bells. These numbers represent opportunities to have a conversation with people about courteous and safe riding.

On Track

Attendances at the City's cycling courses included:

- 96 attended the Cycling in the City course
- 94 did the individual Cycling in the City course
- 61 attended the Rusty Riders course
- 61 staff completed the staff cycling course
- 130 attended Bike Care & Maintenance course
- 2437 young children attended Balance Bike Clinic
- 172 children did the schools course

Partnerships, self-determination and reconciliation		
Ongoing implementation of the Stretch Reconciliation Action Plan	In May 2025 Council adopted the City's Stretch RAP 2025-2028. The report to Council included a community engagement report that informed the development of the new Stretch RAP, and 2024 annual report for the previous Stretch RAP. The RAP working group will oversee the governance and implementation of the Stretch RAP.	On Tracl
Establish and maintain mutually beneficial relationships with Aboriginal and Torres Strait Islander stakeholders and organisations acknowledging the Closing the Gap priority actions	The City meets with local NSW Coalition of Aboriginal Peak Organisations and affiliates on Closing the Gap initiatives. We also meet with Metropolitan Local Aboriginal Land Council, Aboriginal community controlled organisations and First Nations businesses to understand needs, priorities and promote relevant opportunities. We meet with the City of Sydney Aboriginal and Torres Strait Islander advisory panel at least 6 times per year who advise, guide and provide feedback on our work. The Aboriginal and Torres Strait Islander collaboration fund is a program to support a strong and sustainable Aboriginal and Torres Strait Islander community controlled sector to deliver projects that meet the needs and aspirations of First Nations people in the local area.	On Track
Enable self determined, culturally safe spaces		
Support the community's aspirations for the use of the local Aboriginal knowledge and culture centre in Redfern	Over the past year 119 Redfern Street has continued to support the community's aspirations for the use and development of the local Aboriginal Knowledge and Culture Centre. This work has focused on strengthening partnerships with local Aboriginal Elders, knowledge holders, and community members to ensure that the centre remains a culturally safe and inclusive space for learning, storytelling, and connection. Some key highlights included community-led engagement which included regular consultations with local Elders, knowledge holders and local Aboriginal stakeholders to ensure decisions around programming, access, and use of the centre reflect community priorities. 119 has hosted several culturally significant events, workshops, and exhibitions, celebrating local language, art, history, and heritage. Participation and attendance have steadily increased, reflecting strong community ownership. 119 remains committed to walking alongside the local community to ensure the centre continues to thrive as a living place of cultural transmission, community gathering, and shared pride. Inclusion		
Implement the Inclusion Disability Action Plan	 Highlights include: 17 Auslan and English story time sessions with over 135 attendees, and 7 inclusive cultural programs delivered by people with disability with 121 attendees. 13 programs and events for International Day of People with Disability and 166 programs to promote social inclusion, connection and participation with over 140,000 attendees. The video "it's time to spill the tea on some pet peeves of people with disability" was viewed 33,838 times and a video created with Guide Dogs NSW/ACT with 3 tips for businesses to increase access and inclusion was viewed 27,994 times. 	On Trac

- There were 4,925 views for the entire year (average of 30.46 views per day) of the Accessibility Map and public
 access information technology, water bubblers, and sensory quiet spaces and accessible play equipment was
 added to the map. In addition, access features of over 108 playgrounds were added to the City of Sydney
 website.
- 52 attendances at a "Good access is good for business" breakfast where the business case for access and inclusion was promoted.
- 59 funded creative projects delivered over 1,333 events and activities catering for audiences with disability, including 128 artists with a disability.
- \$21 million was spent on upgrades to pedestrian access with 18,478 m² of footpath, 145 access and inclusion improvements were constructed, including new kerb ramps, continuous footpath treatments and raised pedestrian crossings, and 14 new mobility parking spaces were installed.
- The City was reaccredited as a Disability Confident Recruiter for a third successive year and scored highly in the Diversity Council of Australia's Inclusive Employer Index.
- Accessible and targeted engagement with over 350 people with disability, their families and carers and disability service providers and disability representative organisations was undertaken to inform and co-design the new Inclusion (disability) action plan 2025-29.
- Grants and sponsorship programs approved 7 projects that enhance access and inclusion for people with disability, providing \$44,273 funding, and the grants and sponsorship program was reviewed to simplify and improve accessibility.

Support community needs

Deliver a library service which is responsive to existing and emerging community needs

Libraries welcomed 20,237 new members this year, with an increase in overall membership of 17%. There were 1,002,416 visits to our library services, an increase of 2% on last year. Our online branch team also supported 24,937 interactions. The home library service made 1,542 deliveries to people who are unable to attend our libraries and who live in aged care facilities. Libraries continue collaboration with community centres providing monthly digital literacy tutoring sessions and participation at community events and festivals. Improvements to library services include introduction of same day bookings for study rooms at Green Square and Darling Square Libraries, new furniture & fittings for some branches, HSC study nights and minor works on Newtown Library to improve the façade.

Inclusive and accessible programs and services

Deliver cultural programs and services that are inclusive, accessible and affordable for all

The City delivered a range of programs designed to offer affordable and inclusive opportunities for the community to come together, participate in creative activities, attend talks and workshops, and build social connections. Community feedback reflects the value and impact of these programs where 92% of respondents felt the programs were accessible and 84% felt welcome and included within the programs.

A wide range of low-cost creative workshops were delivered, including:

- Short courses at Pine Street Creative Arts Centre
- Workshops delivered at community centres
- Studio access programs -Arts clubs for over 55s
- Kids and Little Artists activities for children under 5 and their carers

These offerings ensured that residents of all ages and income levels could access meaningful cultural experiences.

Advocate for connected and inclusive communities that can access
the essentials of daily life

This year, the City has continued to advocate for connected and inclusive communities by promoting equitable access to the essentials of daily life. The City has worked closely with Homes NSW through Social Housing Operations Groups and the Waterloo Wellbeing and Safety Action Group to enhance safety and connection in social housing communities. Advocacy for affordable and social housing residents, particularly through engagement with NSW Government development proposals such as Waterloo South.

Access to fresh, nutritious, and affordable food has been strengthened through partnerships with local organisations via the Food Operations Working Group and direct funding through the Food Support Grant program, Community wellbeing has also been further supported through the delivery of Green Square Public School, new community spaces, and inclusive programs offered at libraries and community centres.

The completion of the midpoint review of A City for All, our social sustainability policy and action plan, has resulted in refreshed focus areas to guide advocacy over the next four years. This refreshed focus will enable more targeted advocacy such as the City's submission to the NSW inquiry into loneliness, where the CEO attended a hearing to highlight the vital role of local governments in fostering social connection and inclusion.

Increased employment and access to procurement

Develop and implement an Aboriginal and Torres Strait Islander procurement strategy in consultation with Aboriginal and Torres Strait Islander stakeholders and staff

Plans are underway to develop the strategy to embed Aboriginal and Torres Strait Islander procurement into the City's On Track framework of policies, procedures and processes. This is a key part of the Procurement Transformation Project.

On Track

Implement the City's Aboriginal and Torres Strait Islander workforce strategy in consultation with Aboriginal and Torres Strait Islander stakeholders and staff

The City continues to implement the Aboriginal and Torres Strait Islander workforce strategy in consultation with Aboriginal and Torres Strait Islander staff. Aboriginal and Torres Strait Islander employees have been involved in key projects that will improve cultural safety and wellbeing of Aboriginal and Torres Strait Islander employees. This includes the development and implementation of the Aboriginal and Torres Strait Islander cultural awareness program, which has been completed by 1072 employees to date and the City's new Anti-racism Framework to be launched in August.

Community engagement

Implement the Community Engagement Strategy to involve the community in the City's decision making processes for projects. strategies, policies and services

The Community Engagement Strategy and Community Participation Plan 2025-2029 was adopted by Council in June 2025 and is available on the City's website. The strategy outlines the role communities play in our decision making processes and describes the public exhibition and notification processes for land use planning matters. An easy read version is also available online. An accessible guide to decision-making at Council is also on the City's website. This financial year 56 Community Engagement projects were open for consultation.

Key consultations were run on the Economic Development Strategy 2025-2035. Cultural Strategy 2025-2025. Community Strategic Plan 2030-2050, the Environmental Strategy 2025-2030 and the draft Stretch reconciliation action plan 2025-2028. Consultations were run on amendments to Sydney local environmental plans, the Sydney Development Control Plan 2012, public exhibitions of the updated Sound Management Plan and early consultation on creating Special Entertainment Precincts within the local area.

Two CityTalk events were planned and delivered: 'I choose Sydney – what's driving Sydney's future prosperity?' on 1 August 2024, attended by 412 people where Sydney's new Economic Strategy 2025–2035 was discussed. The second event, 'The climate and nature crises - what Australia does matters!', was held on 2 April 2025, attended by 553 people, followed by community consultation on the updated Environmental Strategy 2025-2030. 16 Social housing meetings were run, two in each of the following locations: Surry Hills, Waterloo, Woolloomooloo

and Erskineville, Newtown, Alexandria, Eveleigh and Darlington providing the opportunity for residents to have their say on projects, issues and services most important to them.

In October 2024, a new online community engagement system was launched, including a refreshed Sydney Your Say webpage design and new ways to collect feedback through new online tools. The new system will help us make our online engagements more inclusive and two-way, which are key principles within the strategy.

Provide inclusive, clear, accurate and accessible information to the community

Provide updates on our policies, services, projects and programs through communications that reflect and reach the diverse communities of the city

The City continues to produce inclusive communications that reflect and reach our diverse communities. These include:

- 95 community centre e-newsletters for older people and non-English speakers, 6 youth program editions, 4 Green Square updates, and the first e-newsletter for social housing residents.
- Promotion of LGBTIQA+ events (Mardi Gras, Trans Day of Visibility, Pride Month), cultural festivals (Diwali, Sydney Lunar Festival), and national observances including Wear It Purple Day, Refugee Week, International Days of Inclusion, NAIDOC, Reconciliation Week, South Sea Islander Recognition Day, Seniors and Youth Weeks, and international student programs.
- Support for Yabun Festival, Freedom Ride anniversary, National Reconciliation Week (featuring truth telling and Aboriginal languages), NAIDOC in the City, and the City's Stretch Reconciliation Action Plan.
- Communications for domestic violence prevention, anti-racism and social cohesion programs, accessibility awareness (Guide Dogs NSW), affordable housing, community development in Haymarket, Chinatown gate restoration, and housing advocacy.
- Ongoing social media content and media outreach supporting civic events, infrastructure projects and local business, with enhanced digital accessibility through image descriptions on all social content.

Council elections

Ensure all electoral processes are well managed and meet legislative requirements

The City now has the same responsibilities to its non-residents as every other local government authority in NSW and has fully transitioned to meet its current obligations. New processes have been documented and new management roles are in place to ensure the City meets all legislative requirements. All obligations for the last local government elections in 2024 were successfully met.

6.7 A sustainable and equitable food system that increases access to nutritious and affordable food

Major Programs	Progress To Date	Status
----------------	------------------	--------

Research, collaborate and investigate

Coordinate research and engagement on sustainable urban food systems to identify partners, future priorities, actions and delivery pathways This year, the City has continued to deliver a range of food systems related initiatives, including Sydney City Farm, the community gardens network, meals-on-wheels, cooking programs in community centres, food support grants, and food waste reduction efforts.

The City convenes a Food Operations Working Group that brings together local service providers, community organisations, and other stakeholders across the food system to connect, share information, and collaborate on solutions that strengthen food security and sustainability.

City staff have also remained active in regional and international networks such as Sustain and the Milan Urban Food Policy Pact, contributing to knowledge exchange and best practice sharing. In January, staff participated in the EAT Action Dialogue on Cities, co-hosted with C40 Cities and the Milan Pact Secretariat. This global forum focused on advancing healthy, sustainable, and equitable urban food systems and will inform the upcoming EAT-Lancet 2.0 Brief for Cities.

Improve food security

Enable community responses to improve food access through grants, partnerships, and collaborations

A total of \$1,593,117 in cash and value-in-kind was approved for 42 food relief related projects through the Community services, Food support and Quick response grant programs. This includes support for Aboriginal Medical Services to provide fresh produce and meals to clients, Glebe Youth Services to enhance access for families to fresh and nutritious food, BlaQ's healthy food workshops for First Nations LGBTQIA+ communities and First Nations Response to provide culturally appropriate support to Aboriginal and Torres Strait Islander residents. The City supported regular fresh food distribution in Redfern, Glebe, and Darlinghurst in partnership with local community organisations. In addition, a total of \$160,000 was approved for donations to 16 local community organisations to help with meals, food hampers and gifts over the holiday period, including Mudgin-Gal Aboriginal Corporation, Twenty Ten Association, Wyanga Aboriginal Aged Care Program and Asylum Seekers Centre. The City's Food Operations Working Group connects community organisations to the broader food system.

Resilience and climate risk management planning		
Implement the City of Sydney area Resilience Strategy	During the financial year work progressed on community preparedness, a resilience study in Woolloomooloo, the publication of the City of Sydney local area microclimate study and development of resilience data sets for use by staff.	On Track
Strategy for the Greater Sydney region	The Resilient Sydney Strategy 2025–2030 was officially launched by the Hon. Minister Janelle Saffin along with Sydney Mayors on 29 April 2025, marking a key milestone in building a stronger, more resilient Greater Sydney. The strategy outlines a shared vision for resilience, calling on collaboration across government, business, and community sectors. The renewed strategy has a focus on sustainability, equity, community connection, emergency preparedness, and trusted governance. To support implementation, councils and stakeholders have been encouraged to align local plans, share resources, build partnerships, advocate for resilience, and track collective progress. The strategy and supporting documents are available on the City's website. Presentations on the strategy have been delivered to key government, industry and community partners and stakeholders and the new Steering Committee is being formed. The development of the strategy was funded through a joint NSW and Australian Government Disaster Risk Reduction grant; this was acquitted by the NSW Reconstruction Authority in January 2025.	On Track
work collaboratively with asset owners and developers to fund and implement flood risk management plan actions, incorporating climate	The City has adopted an interim floodplain management policy. The policy is being implemented through the development approval process. An update to the Sydney DCP to incorporate the provisions of the policy has recently been endorsed by Council. The City continues to work collaboratively with asset owners and developers to ensure that flood risks are appropriately managed.	On Track
Support communities to build capacity and capability for resilienc	ce	
WoR with the community, emergency services and relevant agencies to build capacity and resilience to prevent, prepare, respond and recover from emergencies	During EmergencyRedi Week, the City partnered with the Australian Red Cross, NSW SES, NSW Ambulance and NSW Fire and Rescue to host a morning tea for over 80 social housing residents raising awareness on emergency preparedness. In February the City partnered with Counterpoint Community Services to host Summer on the Green, attended by 350 social housing residents who engaged with local emergency response services who shared resources and information on how to prevent, prepare, respond, and recover from emergencies. The City engaged Red Cross Australia to deliver a co-designed pilot program to equip priority communities to prepare for the impacts of climate change and build community resilience to shocks and stresses. From July to December, the project delivered three community engagement sessions, four emergency-Redi sessions, and a heatwave preparedness workshop with over 55 residents participating. In addition, 300 resilience go-packs were distributed as part of this project.	On Track
Support communities beyond our local area and international communities experiencing emergency situations	This year, 18 donations were approved by Council for a year to date total of \$192,000. These donations were made to Rising Tide for the Democratic Right to Protest, the Trans Justice Project to combat anti-trans disinformation and 16 local organisations for Food Support over Christmas, including Mudgin-Gal Aboriginal Corporation, The Twenty Ten Association, Wyanga Aboriginal Aged Care Program and Asylum Seekers Centre.	On Track
7.4 The city economy is diversified to strengthen its resilience		
Major Programs	Progress To Date	Status
Economic diversity		
support equitable and inclusive economic development	This year 48 grants were provided by the City to social enterprises with a year to date value of \$2,242,576 in cash and value-in-kind. These projects were supported through the City's business sector support, community services, festivals and events sponsorship, food support and innovation and ideas grants.	On Track

Economic resilience		
Contribute to metropolitan and state-wide strategic economic planning	The new Economic Development Strategy 2025-2035 was adopted in December 2024 following feedback from the stakeholders, including the City's Business Advisory Panel, NSW Government agencies, peak bodies, and the community. We participate in NSW Government working groups and committees including the NSW Night Time Economy Councils' Committee, NSW Government's 24-Hour Economy Advisory Group, Visitor Economy Greater Sydney Local Councils Group, and Study NSW International Student Experience Consultation Committee, providing recommendations to the Study NSW International Education Advisory Board. We are also a member of the Council of Capital City Lord Mayors National Economic Development group and sit on the Tech Central Alliance steering committee (when convened) and the Innovation District Alliance. We convene regular meetings with local business chambers and peak bodies.	On Track
7.5 People feel safe in the city		
Major Programs	Progress To Date	Status
Collaboration		
Work with police and other organisations to deter, detect, delay, and respond to incidents in the public domain	The City continues to support the NSW Police with the Street Safety Camera Programs 24/7 operations. In 2024/25 we received 1,581 applications for CCTV footage with 1,037 instances of footage released to support the police in investigating and prosecuting offences. The City is also a member of several precinct security groups including Martin Place, Pitt St Mall, Circular Quay, Town Hall, and Anzac Memorial. These groups provide an opportunity for businesses and landowners to collaborate efforts to ensure the safety of crowded places. The Security and Emergency Management Unit has continued to provide NSW Police support with the management of public safety during major events and protest activities through access to CCTV monitoring.	On Track
Embed the NSW Child Safe Standards		
Ensure effective implementation of the NSW Child Safe Standards across our organisation	 The NSW Child Safe Standards continue to be embedded into practice at the City including through numerous operational Child Safety procedures in line with the commitments of the revised policy endorsed by Council in July 2024 Highlights include: The revised Child Safety Policy was endorsed by Council on 29 July 2024, replacing the previous version from September 2022 Completion of the Easy Read Child Safety Policy, produced with the Council for Intellectual Disability to increase accessibility and understanding of the policy for people who have an intellectual disability or low English literacy level. Review of local child risk management plans undertaken with relevant staff to minimise and mitigate the risk of abuse at City programs, facilities, and venues where children may attend Review of Child Safety Learning and Development Training Plan undertaken by Learning and Development and Social Policy teams Review and streamlining of the Corporate Child Safety Risk Management Plan. 	On Track

Operate patrols to monitor legislative compliance and respond to complaints including but not limited to parking, development consents, companion animals, noise and unlawful trading	In 2024/2025 financial year City Rangers have spent over 174,907 hours on patrols to monitor legislative compliance and respond to customer complaints, including but not limited to Parking, Development Applications, companion animals, noise, litter and unlawful trading.	On Track
Deliver programs to improve safety Community safety	The City coordinates a quarterly forum to bring together organisations working to prevent and respond to domestic, family and sexual violence, with a focus on First Nations experiences, challenging attitudes and behaviours, economic safety and services for people on temporary visas or seeking asylum. The City delivered a program of initiatives as part of the United Nations Women's 16 Days of Activism, including active bystander and allies training, trauma informed yoga for survivors, how to respond to disclosures as well as events at City libraries, City venues and a vigil in Martin Place. The City delivered Domestic and Family Violence Prevention month in May, building community capacity in economic safety, skills in responding to people who experience domestic and family violence, and a prevention workshop for active bystanders and allies. The City hosted two 'Cuppa with a Cop' events to increase positive engagement between residents and local Police.	On Track

Community led solutions

our operational activities

Integrate community wealth building within our economic strategy and With the recent adoption of our economic development strategy 2025 - 2035 in December 2024, work is underway to integrate community wealth building principles within our operational activities. On 18 March, at the inaugural Economic Development Australia Roadshow, our CEO spoke about how the City is partnering for impact to drive changes for a more sustainable, inclusive economy using the community wealth building approach. The event also featured international leading urban economic policy thinker, Neil McInroy, an advocate of community wealth building, who delivered a keynote on how progressive economic development models are redefining how we address today's pressing economic, societal, and environmental challenges.

Strong Aboriginal and Torres Strait Islander community-controlled sector

Support local Aboriginal and Torres Strait Islander community needs and aspirations that are community controlled and self-determining through the City's grants and sponsorship program

This year, 65 grants were provided to Aboriginal and Torres Strait Islander individuals, groups and organisations for a year to date value of \$2,526,400 in cash and value-in-kind. These projects were funded through the City's Aboriginal and Torres Strait collaboration fund, Food support, Community services, Creative Grants, Innovation and ideas, Festival and events sponsorship, Quick Response grants and Venue support programs. This includes support for a trauma-informed program in schools and youth centres in the local area for Aboriginal and Torres Strait Islander youth, fostering healing, safe relationships, cultural connection and resilience. It also supported two local teams to travel and attend the Lismore Youth Rugby League Koori Gala Day and a fortnightly program in Redfern providing Aboriginal fathers with cultural learning, fatherhood training, and community-building activities.

On Track

Strengthen young people's civic engagement

Deliver youth civic engagement programs

Three youth civic engagement programs were delivered this financial year.

- There were 78 attendances at the 'Fresh Perspectives: A Conversation on Civic Engagement' event.
- There were 126 attendances at six Changemakers Launchpad Program sessions.
- There were 243 attendances at 14 Youth Opportunities Program sessions, including 12 program meetings and two media, marketing and communications sessions.

SD08 A thriving cultural and creative life We are proud of the city. We are all able to participate in, contribute to and benefit from the city's cultural life

Major Programs	Progress To Date	Status
Public art		
Deliver the City Art program including commissioning public art works and maintaining, conserving and communicating the City Art Public Art collection	In Green Square under the guidance of Curator Amanda Sharrad, the Connecting Project 'Here is Here. And Everywhere' by Tobias Rehberger is currently in construction. Delivery of the City's Eora Journey Recognition in the Public domain program continues with Lucy Simpson's artwork for 'Sitelines and Conversations' in development with ongoing community consultation and the imminent appointment of the Redfern terrace artist team following an Open Expression of Interest and Stage Two Select Tender process. The City's conservation program is ongoing with a major restoration of the Chinatown Gates in Dixon Street now complete, celebrated with community in mid June. A project to conserve the Annette Kellerman Murals in Cook and Philip Park Pool has commenced and restoration of 'Waterfalls' in Sydney Park is now complete as are conservation works to Sirius Cannon in Macquarie Place Park.	On Track
Investment in local creation and production		
Provide opportunities through our cultural funding and programs to increase creative participation, enhance creativity in the public domain and strengthen the local cultural and creative economy	This financial year 127 Cultural projects were approved by Council contributing to a total of \$3,742,755 in cash and value-in-kind. Projects were awarded through the City's Creative Grants, Festivals and Events Sponsorship, Innovation and Ideas, Quick Response Grants, Aboriginal and Torres Strait Islander Collaboration Fund, Street Banner Sponsorships and Venue Hire Support programs. This includes support for Moogahlin Performing Arts to deliver the Yellamundie Festival in 2025, a national gathering showcasing new First Peoples stories for the stage. It also includes the production of a short film inspired by true events in Chinatown; and various projects that support skills development for a range of artists. Additionally, a total of \$2,438,271 in rent foregone was provided to cultural organisations in our Accommodation Grant Program for long term use of the City's spaces, which includes Digital Storytellers Limited, Milk Crate Theatre at Alexandria and Kil.n.it Experimental Ceramics Studio in Glebe.	On Track
Sydney is an innovative, creative and global city		
Produce an annual program of events and festivals that showcase local stories internationally, champions local cultural production, and actively engages with local communities	The City has continued to create opportunities for local creatives, suppliers, artists, performers and organisations through programs including Sydney Streets, Art & About, Sydney Lunar Festival, Sydney New Year's Eve and Sydney Christmas. Sydney New Year's Eve included consultation with landholders, stakeholders and resident and community groups to produce a safe and enjoyable event, as well as showcasing local creatives and performers throughout the program. Two community and stakeholder roundtable meetings were held to develop the 2025 Sydney Lunar Festival, ensuring celebrations were culturally appropriate and reflected local communities.	On Track
Prioritise local culture		
Implement the City's history and curatorial programs	The City continues to deliver advice and engagement programs to share Sydney's history, heritage and culture with the community. The City has showcased items from the Civic Collection via the More Than Meets the Eye display at Town Hall House. Additionally, the Model Makers exhibition was installed at Customs House. Work is ongoing to present the oral histories and make them accessible to the public. The Barani website continues to be a major access point for Sydney's Aboriginal history, plus four walks on the Sydney Culture Walks app include an Aboriginal history focus. A suite of 12 self-guided historical walking tours have recently been converted to accessible PDFs.	On Track

Connect with and engage the community

Deliver an inclusive, welcoming cultural program within City operated cultural venues

A total of 244 cultural programs were delivered across both online and face-to-face formats, engaging 2,872 participants across ten City venues.

Programming was aligned with 14 key dates of significance, fostering cultural awareness.

Community feedback is strong with 85% of survey respondents saying they learnt something new, 91% said the programs inspired creativity and 84% felt welcome and included.

Highlights included programming at Glebe Library 'Words on Art' where artists, poets, and writers share their stories. An LGBTIQA+ discussion group at Kings Cross Library and a comedy performance at Green Square Library with comedians sharing insights into living with disability.

Major Programs Progress To Date Status

Commune to work with Aboriginal and Torres Strait Islander people to improve local cultural representation

Commission a series of public artworks to deliver the Eora Journey: Recognition in the Public Domain program, as part of the City Art Public Art program The City has completed 4 of the 7 public art projects in the Eora Journey; Recognition in the Public Domain program, originally curated by Hetti Perkins, and now by Eora Journey Curator Emily McDaniel. The most recent project being 'bara', Monument for the Eora by artist Judy Watson.

Following a Select Tender for Stage two of the Redfern Terrace project, a report will go to the Tender Review Group for endorsement in July. The successful artist/team will proceed to reimagine the corner terrace of Hugo and Caroline Streets as a living museum to celebrate Aboriginal stories, culture and activism adjacent to 'The Block' with community.

Yananurala, is in development with artist Lucy Simpson carrying out design development of her concept in response to the brief for the first project 'Sitelines and Conversations' and community consultation. The project is being developed in partnership with Place Management NSW and project partners including cultural institutions. Community consultation is underway for the project proposed to celebrate language at Tara/Dawes Point, the site where Patyegarang gifted Aboriginal language to William Dawes to record in his notebooks. A video about the project is in production.

Diversity in creative workforce and leadership

Provide support to a range of cultural groups that reflect the diversity of our communities

The City provided over \$3.4 million cash support to over 110 creative and cultural projects across various grants programs. Many of these grants reflect engagement with diverse communities in their project outcomes. Projects include: Yabun 2025, 4A Centre for Contemporary Asian Art's Lunar New Year public art activations, Accessible Arts' Frame Shift, a selection of video artworks by artists with disability about intersectional identity, creative expression and social connectedness. Similarly, Claud Bailey produced Stories from the Heart, a workshop and performance piece with Queer teens which was presented in a theatre setting.

Stable and affordable creative space

Support and monitor the delivery of cultural space incentivised by the Oxford Street planning controls

The City continues to assess development applications that seek to utilise incentives under the Oxford Street planning controls through the delivery of cultural spaces. No development applications proposing cultural and creative floor space are currently under assessment within the Oxford Street Precinct. There was one application approved in February that included cultural and creative floor space.

Street Creative Hub.

This includes revenue forgone through the Accommodation grants program for long term use of the City's spaces, which includes Pride History Group at Benledi House in Glebe; We Are Warriors at Ultimo Community Centre; and Digital Storytellers Limited at William	Indicator Only

SD09 A transformed and innovative economy

The city maintains its position locally, nationally, and internationally as a destination for business, investment, and talent. Innovation is central to the economy and transformation has occurred across all industries. Wealth and benefits are shared equitably

Major Programs	Progress To Date	Status
Develop and promote the Tech Central Innovation precinct		
Work collaboratively with the Tech Central Alliance and other agencies and organisations to position Tech Central as the driver of place-based innovation	We are working with stakeholders to position the Tech Central area as the driver of place-based innovation and meet monthly with Investment NSW. Our Economic Development Strategy 2025-2035 provides a place-based approach to economic development that supports the Tech Central innovation district. The strategy also includes a Momentum Building Project, "Unlocking Tech Central via Broadway" which specifically targets improving the performance of Tech Central. We continue to meet with the lead of the new Tech Central strategy at Investment NSW, to coordinate complementary efforts before its release in September 2025. Additionally, the City has given input as a stakeholder into the consultation for the new strategy. This strategy will build on the NSW Government's Industry Policy and Innovation Blueprint which were released during the year.	On Trac
A safe and desirable destination		
Work collaboratively with relevant organisations to help promote Sydney to potential investors, global companies, entrepreneurs, researchers and talent	The City continues to work closely with Business Events (BE) Sydney to support the attraction of domestic and international business events for Sydney for the period 2024-2028. This year 21 letters of support were provided to assist BE Sydney with their bids for international business.	On Track
Support local businesses – technology and innovation		
Deliver and support free capacity building programs for businesses and tech startups that encourage innovation, diversification, and adoption of new technologies across emerging and priority sectors	During the year, Council approved a total of \$655,058 in cash funding to 18 projects through the Business sector support and Innovation and ideas grant programs. This included \$48,200 in cash funding for Business Council Cooperatives and Mutuals Ltd to support the self-determination and economic development of First Nations community-controlled organisations and \$40,000 in cash funding for Taxis NSW Ltd to develop an online visitor ambassador accreditation program for taxi drivers. The City's Reboot Webinar Series kicked off with 5 sessions delivered during May and June with over 1,200 registrations. The series explores the essential business fundamentals local businesses need to master to run their business successfully. Small business experts take participants through key topics such as finance, strategy, marketing, connecting with customers and managing teams.	On Track
Support creative industries		
Deliver and facilitate opportunities for skills development, collaboration and capacity building to ensure cultural sector resilience and sustainability	The City collated and distributed a regular digest email of support information, funding and collaboration opportunities relating to the cultural sector, to cultural tenants and cultural grant recipients. Sector support programs provided by City grantees included Creative Plus Business' program THRIVE, a networking and professional development program, for Sydney's arts practitioners, Accessible Arts hosted Access Ideas and Insights, a series of quarterly hybrid panel discussions exploring access and inclusion and showcasing best-practice digital access for the creative sector. Diversity Arts Australia delivered Shifting the Balance, a leadership and capacity-building program to address gaps in the representation, development, and career longevity of culturally and linguistically diverse and racially marginalised arts leaders. Making Space for Culture Incubator built knowledge, capabilities and connections between the cultural and property sectors to address Sydney's creative space shortage and hosted a series of quarterly hybrid panel discussions exploring access and inclusion and showcasing best-practice digital access. Continue to develop the business concierge service offering across a multi-channel envir	and tl Sydn Deve	The Business Concierge team continued to support the City's Grants program, by assisting applicants with enquiries, and the Sydney Streets program by speaking with businesses in Glebe, Pyrmont, Surry Hills, Haymarket, East Sydney, Redfern and Potts Point, and surveying attendees of the event days. Developing a plan to expand the service providing small business and creatives a direct point of contact for their service needs.									

Support the visitor economy		
Invest in, support and promote festivals and events that attract local and global audiences which contribute to Sydney's vibrancy	Events supported by the City included Moogahlin's Yellamundie Development Festival of First People's storytelling, Red Room Poetry month including readings on the BBC, Sydney Craft Week by Australian Design Centre, Sydney Contemporary, SXSW Sydney, and FBI Radio SMAC Awards at City Recital Hall. Vivid, Sydney Festival and Yabun Festival celebrations took place in and around Sydney Harbour. During the Sydney Gay and Lesbian Mardi Gras Festival audiences participated in events including Fair Day, Ultraviolet, Sissy Ball and the Mardi Gras Parade attracting more than 180 floats and 10,000 participants. Sydney Film Festival, Antenna Documentary Film Festival, the French Film Festival and other cultural film festivals attracted an international following with the programs including films from over 60 countries. These events delivered an array of workshops, film and visual arts and attracted thousands of audiences to venues across Sydney CBD and local precincts.	On Track
Collaborate with relevant visitor economy peak bodies and agencies to rebuild and promote the visitor economy, with particular focus on Sydney experiences, tourism and international education	The City continues to work closely with strategic partners including Destination NSW (DNSW), Placemaking NSW, Office of the 24-Hour Economy Commissioner (O24HEC), Study NSW, and the wider Sydney visitor economy sector to support a quality destination experience. The City continues to support sector innovation through grants and sponsorships. This year's highlights included funding Business Events Sydney's acquisition of global business events, sponsorship of Vivid Sydney, and support of the Taxis NSW's taxi driver ambassador program. Work is underway to lead a more coordinated approach to our internal resourcing through external partnerships, knowledge sharing and data insights, particularly with DNSW and O24HEC. Latest figures for the year ending December 2024 show there were 36.7 million visitor arrivals year to Sydney, representing an increase of 4.3% for domestic travellers and 11.2% for international tourists compared with 2023. The number of nights spent in Sydney also increased 10.6% and expenditure was up 7.4%. Visitor numbers are still slightly lower than pre-pandemic levels, yet expenditure and number of nights have increased beyond the pre-pandemic level. China remains the top source country making up 13% of our international visitors, followed by the USA 12%, while New Zealand has now overtaken the United Kingdom to be the third highest market, now making up 10% of all visitors. Visitors from Korea are now on-par with those from the United Kingdom at 8%. The City continues to support the International Student Welcome Desk and volunteering programs at Sydney Airport, coordinated by Study NSW. In the year ending December 2024, there were around 231,000 international students enrolled in Sydney (City & inner south) at tertiary education institutions, compared with around 223,000 in the year prior. The top 5 source countries for students remain China, Nepal, India, Philippines, and Vietnam.	On Track
Develop and deliver tourist information programs to meet visitor requirements	The Customs House visitor information centre was refurbished in early 2025. A refreshed internal design has improved the visitor experience with clearer wayfinding. A new digital content screen and self-serve iPad provides more ways for the visitor to access information about what to see and do in Sydney. The newly designed service desk is framed by a new artistic work, Jagan (Country) by Indigenous artist Kim Healey. The City continues to deliver face-to-face visitor services including the Destination Ambassador volunteer program and the Roaming Ambassador program at Circular Quay, Overseas Passenger Terminal and White Bay Cruise Terminal. More familiarisation tours of new experiences and facilities along with more information sharing across the ecosystem are helping to enrich ambassador knowledge and value. For the 2024/2025 financial year, our ambassadors have had around 224,000 visitor interactions – of which around 184,000 were roaming interactions, and 17,000 cruise ship passenger meet and greets. The City entered into an agreement with Big Plash Media for the Sydney Travel Guide. The agreement includes quarterly briefing sessions with the City's Ambassadors and Visitor Service team and some city focused editorial.	On Track
Implement projects and programs to support the international education sector	The Lord Mayor's Welcome for international students took place on Tuesday 1 April 2025 in Sydney Town Hall. Over 800 attendees from 67 different nations enjoyed the welcoming and inclusive atmosphere. The event involved a Welcome to Country and smoking ceremony. Attendees were also able to find out about activities and local support services at over 28 stalls including NSW Health, Transport for NSW and The Centre for Volunteering. A graduation ceremony also took place at the event for the City's International Student Leadership Ambassadors (ISLA) who took part in the 2024-2025 program.	On Track

Facilitate the assessment, approval and installation of infrastructure for eligible businesses for on-street alfresco dining	Since November 2020, 199 businesses have been approved for on-street dining, with an estimated 2,221 sqm of road space reallocated. Of these, 25 have become permanent footpath dining through public domain upgrades and 40 have ceased for various reasons. There are currently 157 businesses operating with on-street dining. Council will investigate those locations where footpath can be permanently extended into road space for outdoor dining, consider the criteria for the extension of the footpath. Council has endorsed a revision of the City's Outdoor Dining Guideline.	On Track
Economic diversity		
Implement the Eora Journey Economic Development Plan by facilitating access to appropriate space, skills development programs and employment opportunities for Aboriginal and Torres Strait Islander businesses	The City meets regularly with the Aboriginal and Torres Strait Islander Advisory Panel to seek insights and guidance. The City continues to deliver the Eora Journey Economic Development Plan 2016- 2026 and implement the associated Aboriginal and Torres Strait Islander Workforce Strategy. Our new Economic Development Strategy was adopted in December 2024, and it prioritises Aboriginal and Torres Strait Islander economic development including through a featured momentum building project called 'Supporting Indigenous Enterprise'.	On Track
Support development of diverse, inclusive, and sustainable 24-hour precincts in collaboration with local stakeholders and the NSW Government	The City approved a total of \$809,340 in cash and value-in-kind for projects that promote vibrant, safe and sustainable precincts through the Business sector support, Festival & events sponsorship, Innovation and Ideas and Quick response grant programs. The City also provided \$200,000 in cash funding through the Haymarket Activation grant program to support the Neon Playground 2.0 Festival held from March to April. Sydney Street events were delivered in Haymarket, Potts Point, Darlinghurst, Surry Hills, Pyrmont, Glebe and Redfern and included 203 activations and 711 artist performances. The City has permanently waived outdoor dining fees for footway and onroad dining and continues to support on-road dining for 157 businesses. The City has worked with the NSW Office of the 24-Hour Commissioner on a range of initiatives designed to promote and support a diverse, vibrant and inclusive nightlife, including the Uptown District Accelerator Program, Purple Flag Accreditation Scheme and 24-hour Economy Strategy. 10.5 There is an increased supply of culturally appropriate social and affordable housing for Aboriginal and Torres Strait Islander peoples

Major Programs Progress To Date Status

Partner with the Aboriginal and Torres Strait Islander community to deliver improved housing outcomes

Work with Aboriginal and Torres Strait Islander communities, housing providers, the NSW government and others to provide culturally appropriate affordable and social housing for Aboriginal and Torres Strait Islander peoples

The City included a requirement for a minimum amount of social and affordable housing for Aboriginal and Torres Strait Islander households in the Design Guide for Waterloo Estate (South). The guide also requires this housing to be designed so that it is culturally appropriate. The guide came into effect in February 2023. The City has been working with the NSW Government on the state-led rezoning of the Explorer Street social housing site. The draft planning controls required a minimum amount of culturally appropriate affordable housing for Aboriginal and Torres Strait Islander households.

Glossary

BASIX – Building sustainability index, is a NSW government planning measure to reduce household electricity and water use by setting minimum sustainability targets for new and renovated homes.

B-Corp – B Corporation (also B Lab or B Corp) is a private certification of for-profit companies of their social and environmental performance. Companies are required to seek re-certification every three years to retain B Corporation status.

C40 Cities – A network of the world's megacities committed to addressing climate change.

Canopy cover – The proportion of land area occupied by the tree's crown or canopy, or combined canopies, when visualised from directly above. It is often expressed as a percentage or the total area covered.

CALD – Culturally and linguistically diverse peoples referencing the many Australian communities that originally came from different countries and therefore have cultures and languages that are different to those of Australians born here generation after generation.

CBD – Central Business District. The Sydney Central Business District is the historical and main commercial centre of Sydney. Geographically, its north-south axis runs from Circular Quay in the north to Central railway station in the south. Its east-west axis runs from a chain of parkland that includes Hyde Park, The Domain, Royal Botanic Gardens and Farm Cove on Sydney Harbour in the east, to Darling Harbour and the Western Distributor in the west.

CCAP – Climate Change Action Plan – City is a web-based software application owned by Kinesis designed to aggregate, analyse and report disparate urban data to measure, track, report and manage energy use and sustainability performance.

CDP – CDP is a not-for-profit charity that runs the global disclosure system for investors, companies, cities, states and regions to manage their environmental impacts.

CWI – Community Wellbeing Indicators developed in partnership with the Institute for Sustainable Futures at the University of Technology, Sydney and the McCaughey Research Centre from the University of Melbourne which provide a critical evidence-base on changing trends and issues affecting the community over time that can inform policy development and service provision investment planning.

DA – Development application for land use.

DCJ – Department of Communities and Justice supports vulnerable people and families to participate in social and economic life and build stronger communities.

DCP – Development control plan, providing detailed planning and design guidelines to support the planning controls in the local environmental plans.

DPE – Department of Planning and Environment provide services in urban and regional planning, natural resources, industry, environment, Aboriginal and social housing, and regional New South Wales. Previously known as **DPIE** – Department of Planning, Industry and Environment.

Environmental Management System (EMS) – Is a structured system designed to help manage environmental impacts and improve the environmental performance of the City's operations.

EPA – NSW Environment Protection Authority is the primary environmental regulator for New South Wales. Its purpose is to improve environmental performance and waste management for NSW.

ERP – The estimated residential population is the official measure of Australia's population based on the concept of usual residence, developed by the Australian Bureau of Statistics for use in between each Census.

EEO – Equal employment opportunity.

Greenhouse gas emissions – Gases that trap heat in the atmosphere. Greenhouse gases from human activities are the most significant driver of observed climate change since the mid-20th century.

HART – Homelessness Assertive Outreach Response Team is a partnership between NSW Department of Communities and Justice and City of Sydney who collaborate with specialist health, homelessness, and other non-government services to provide services for people sleeping rough.

ICAC – The Independent Commission Against Corruption in an independent organisation to protect the public interest, prevent breaches of public trust and guide the conduct of public officials in the NSW public sector.

IPART – Independent Pricing and Regulatory Tribunal. Is the independent regulator that determines the maximum prices that can be charged for certain retail energy, water and transport services in New South Wales and also reviews certain matters relating to local government, including the annual rate peg.

LED – Light-emitting diode, a type of lightbulb.

LEP – Local environment plans which are planning instruments that apply to the local area.

LGA –Local government area. The Sydney LGA is made up of 33 suburbs wholly or partly contained within our Local Government Area boundary. They are Alexandria, Annandale, Barangaroo, Beaconsfield, Camperdown, Centennial Park, Chippendale, Darlinghurst, Darlington, Dawes Point, Elizabeth Bay, Erskineville, Eveleigh, Forest Lodge, Glebe, Haymarket, Millers Point, Moore Park, Newtown, Paddington, Potts Point, Pyrmont, Redfern, Rosebery, Rushcutters Bay, St Peters, Surry Hills, Sydney, The Rocks, Ultimo, Waterloo, Woolloomooloo and Zetland.

LGN – Liveable green network. The liveable green network aims to create a pedestrian and cycling network that connects people with the city and village centres as well as major transport and entertainment hubs, cultural precincts, parks and open spaces.

LGBTIQA+ – Evolving acronym to signify lesbian, gay, bisexual, transgender, intersex, queer/questioning and asexual people collectively.

Local area – Refers to the City of Sydney local government area (LGA). May also be referred to as the 'City of Sydney local area', 'our local area' or 'the local area'.

NABERS – National Australian Built Environment Rating System is a national rating system that measures the environmental performance (energy efficiency, water usage, waste management and indoor environment quality) of Australian buildings and tenancies and their impact on the environment.

Net zero emissions – Balancing the amount of carbon released with an equivalent amount offset by purchasing carbon credits to make up the difference.

Non-potable water – Water that is not of a quality for drinking and cooking purposes, used for purposes such as laundry, gardening, car washing and cooling towers.

Potable water – Treated water that is safe enough for consumption, use in kitchens and bathrooms. Water that is of drinking water quality for use in bathrooms, kitchens and for consumption.

PPE – Personal protective equipment or clothing used and/or worn to provide personal health and safety.

Recycled water – Former wastewater (sewage) is treated to remove solids and impurities and used for non-potable water needs, rather than discharged into waterways.

RMS – Roads and Maritime Services is an operating agency within TfNSW responsible for setting the strategic direction and guiding an extended network of public and private service delivery agencies to provide improved transport outcomes.

Renewable energy – Energy from resources which are naturally replenished on a human timescale, such as sunlight, wind, rain, tides, waves, and geothermal heat.

Resilience – The capacity to survive, adapt and grow no matter what kinds of chronic stresses and acute shocks are experienced.

RMS – Roads and Maritime Services is an operating agency within TfNSW responsible for setting the strategic direction and guiding an extended network of public and private service delivery agencies to provide improved transport outcomes.

SEPP – State Environmental Planning Policies which apply across the state.

Sustainability Management and Reporting Tool (SMART) – The utilities tool used to record and report the Council's utility consumption for its buildings, parks, civic-spaces and street lighting.

SRAP – Stretch Reconciliation Action Plan. First adopted by the City in 2020 and refreshed in 2025, this reconciliation action plan outlines our vision and action we will take for reconciliation that values the living cultures of Aboriginal and Torres Strait Islander people, embraces the truthful reflection of the history and experiences of First Nations peoples, and is dedicated to equity, opportunity and respect for Aboriginal and Torres Strait Islander communities.

SSROC – South Sydney Regional Organisation of Councils is an association of 11 councils spanning Sydney's southern, eastern, central and inner west suburbs which provides a forum through which member councils can interact, exchange ideas and work collaboratively to solve regional issues and contribute to the future sustainability of the region.

TfNSW – Transport for NSW is responsible for improving the customer experience, planning, program administration, policy, regulation, procuring transport services, infrastructure and freight.

Water sensitive urban design (WSUD) – A design approach which integrates the urban water cycle into urban design to reduce environmental degradation and improve aesthetic appeal.

Appendix 1: Status definitions for progress reports

The City uses status types to summarise the overall status or progress of the deliverable.

Programs and projects:

	On track	Watch	Attention required
Program	Activities to deliver this program are progressing as expected.	Activities to deliver this program are progressing but minor issues or risks have been identified that may impact achieving all of the goals of this work.	A significant obstacle to delivering this program and achieving all the goals of this work has been identified and action is required.
Project	Work on this project is progressing as planned.	Work on this project is progressing but there is some risk to the project schedule, budget or outcomes and monitoring is required.	There is significant risk to the project schedule, budget or outcomes and corrective action is required.

Measures:

There are three different types of measures which have different status reporting parameters:

Within tolerance – these measures have a target with a tolerance and the status varies based on how large the variance is from that target as detailed in the table below.

On target – these measures have a target with no tolerance parameters. The status for these measures is either on track or attention required.

Trend – these measures do not have a target or have a target that is beyond the current financial year. This measure type is used to display a trend for demand or activity. When reported the status column for these measures says "Indicator Only" and the target column displays a "-".

	On track	Watch	Attention required
Within tolerance	The measure result is on target or better than the target.	The measure has an unfavourable variance from target of up to 10%.	The measure has an unfavourable variance of more than 10% from target and action may be required.
On target	The measure result is on target or better than the target.	N/A - these measures do not use the "watch" status.	Any unfavourable variance from target.

Other status types:

Not yet due to report - Where a program, project or measure is not due to report in a particular report period, the status column will read "Not yet due to report".
