## **Major Legal Issues – Quarter 4 2024/25**

### **Discount Compound Pharmacy Pty Limited v Council of the City of Sydney**

This is a dispute between the City and a tenant in relation to the lease for the basement, ground floor and Level 1, 295-301 Pitt Street, Sydney. The tenant is significantly in arrears. The parties attended mediation, but no settlement was reached. The tenant lodged an application with NSW Civil & Administrative Tribunal (NCAT), and the City filed a cross claim. The City terminated the lease on and from 21 September 2023, but there is currently a stay in place allowing the tenant to trade from the premises. The City sought and has been successful in transferring the proceedings from NCAT to the Supreme Court for determination given the amounts involved. The matter is listed for directions on 17 October 2025.

### **Byrne Civil Engineering Constructions Pty Limited v Council of the City of Sydney**

This claim was issued in the District Court by Byrne Civil against the City for an unpaid payment claim made in November 2021 in relation to a project at Joynton Avenue and Zetland Avenue, East Zetland for the construction of stormwater drainage. The City has filed a defence and a cross claim relating to the City's costs of rectifying defective works and a payment made on account. The parties have attended an informal settlement conference and a mediation but no settlement has been reached. The matter proceeded to hearing on 7 July 2025 and cross-examination of the lay witnesses concluded on 9 July 2025. The parties subsequently reached an in-principle settlement agreement on 9 July 2025 and the matter is listed for directions on 17 July 2025.

### **Waterhouse and Greiner v City of Sydney Council and TfNSW – Federal Court proceedings – Oxford St Cycleway**

These proceedings have been commenced following the termination of a complaint to the Australian Human Rights Commission against the City and Transport for NSW alleging disability discrimination and a contravention of the disability standards under the Disability Discrimination Act (Cth) and age discrimination under the Age Discrimination Act (Cth) in relation to the island bus stops being constructed as part of the Oxford St cycleway. The conciliation in the Australian Human Rights Commission was terminated in February 2025. The proceedings are listed for case management on 12 September 2025.

### **Administrative Review Tribunal – review of FOI decision to access Telstra Universal Service Obligation Performance Agreement**

This is an application to the Administrative Review Tribunal (formerly the Administrative Appeals Tribunal) by the City for review of an FOI decision by the Department of Infrastructure, Transport, Regional Development, Communications in relation to the Telstra Universal Service Obligation Performance Agreement (TUSOPA).

In March 2021, the City sought a copy of TUSOPA from the Department under the Freedom of Information Act 1982 (Cth) which the Department declined. TUSOPA includes details of Telstra's obligations to provide payphones and is often used as a basis for installing/relocating payphones on City land. The City has applied to the ART for review of the Department's FOI decision. Telstra (who has opposed the release of TUSOPA) has joined the ART proceedings.

The City, the Department and Telstra participated in a conciliation conference on 26 June 2025; however, the parties were unable to reach an agreement. A timetable for the matter to proceed to a hearing at the Tribunal is currently being agreed by the parties (any hearing is not likely to occur until early 2026).
