Post Exhibition – Naming Proposal – Wiriyagan Place, Alexandria

File No: X116933.031

Summary

As part of the development of the Alexandra Canal Depot, a new private road was built and requires naming.

This report recommends that Council provide approval to name a private road on this site "Wiriyagan Place," enabling an application to be made to the Geographical Names Board for the naming of the private road.

Wiriyagan (pronounced wirr-ie-yay-gan) is a Gadigal word, documented in Jakelin Troy's book *The Sydney Language*, describing a low-growing fruit-bearing tree, either a prostrate banksia or a melaleuca.

The use of Gadigal language and the choice of a resilient local endemic plant shows respect to the men and women including Aboriginal staff who work at the depot and who care for the trees throughout our city.

This naming proposal complies with the City of Sydney naming policy.

Recommendation

It is resolved that:

- (A) Council approve the adoption of the name "Wiriyagan Place" for the space identified in Attachment A to the subject report; and
- (B) an application be made to the Geographical Names Board for the naming of the place as approved in (A), in accordance with the Geographical Names Act 1996.

Background

1. As part of the development of the Alexandra Canal Depot, a new private road was built to connect the depot with Bourke Road, Alexandria.
2. This is a private road that Council is responsible for maintaining and naming.
3. Staff at the depot strongly supported recognition of Aboriginal and Torres Strait Islander culture at the facility through the naming of rooms and artworks.
4. "Wiriagan" is a Gadigal word, documented in Jakelin Troy's book *The Sydney Language*. It describes a low-growing fruit-bearing tree, a prostrate banksia or a melaleuca.
5. The use of Gadigal language, and the choice of a resilient local endemic plant species, shows respect to the men and women, including Aboriginal staff, who work at Alexandra Canal Depot. These staff members are directly involved in Caring for Country, including maintaining the trees and streets throughout our city.
6. The proposed name complies with the City of Sydney naming policy. Specifically:
 - Principle 2: Uniqueness - duplication is avoided with other existing names in a 10-kilometre radius.
 - Principle 3: This name acknowledges the multicultural nature of our society. Inclusiveness and addressing the imbalance of previous approaches are significant priorities for new names.
 - Principle 4: New names using local Aboriginal language are encouraged, especially for parks and open spaces, and shall be in the local Gadigal language.
 - Principle 6: Local or Cultural Relevance - the name has local relevance, reflecting the heritage and history of the local landscape and its plants.
 - Principle 13: This name conforms to the Geographical Names Board policies on addressing and place names as evidenced by the fact that "Wiriagan Place" has received in-principle approval from the Geographical Names Board.
7. On 13 November 2024, the name was presented to the City's Aboriginal and Torres Strait Islander Advisory Panel and they were supportive of the name.
8. On 15 November 2024, the name was approved by the Metropolitan Local Aboriginal Land Council.
9. "Wiriagan Place" has received pre-approval status with the Geographical Names Board. This means that the proposed name complies with the Geographical Names Board's requirements for language use for road names and that there are no duplication issues with this name. It has been thereby reserved for City of Sydney use as a road name for a period of 2 years.
10. Naming this private road is important for wayfinding and access for emergency vehicles.
11. Community consultation was held between 14 July and 11 August 2025.
12. We received a total of 7 submissions during the consultation. Six submissions were in favour of the name and 1 opposed the name.

13. The Sydney Your Say page was visited 121 times during the public exhibition period.
14. The road we are proposing to name provides access to the City of Sydney Alexandra Canal Depot and depots operated by Woollahra Council and Waverley Council. Both Woollahra and Waverley councils were informed about the consultation and both responded, raising no objections to the proposed name.
15. The road is classed as a private road and is managed by the strata group BCS Strata. This naming proposal was approved at their Annual General Meeting held on 25 August 2025.
